# RISK FACTORS

This section of the Prospectus provides you with information on the general risks involved when investing in a unit trust fund and the specific risks associated with the securities/instruments that the Fund will be investing in.

## GENERAL RISKS

### **Fund management risk**

This risk refers to the day-to-day management of the Fund by the Manager which will impact the performance of the Fund. For example, investment decisions undertaken by the Manager as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the Deed, relevant law or guidelines due to factors such as human error, fraud, dishonesty or weaknesses in operational process and systems, may adversely affect the performance of the Fund.

### **Inflation risk**

This is the risk that your investment in the Fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

### **Liquidity risk**

Liquidity risk refers to two scenarios. The first is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment to be sold below its fair value which would adversely affect the NAV of the Fund and subsequently the value of Unit Holders' investments in the Fund.

### **Loan / financing risk**

This risk occurs when you take a loan/financing to finance your investment. The inherent risk of investing with borrowed/financed money includes you being unable to service the loan/financing repayments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower NAV per Unit as compared to the NAV per Unit at the point of purchase towards settling the loan/financing.

### **Operational risk**

This risk refers to the possibility of a breakdown in the Manager's internal controls and policies. The breakdown may be a result of human error, system failure or fraud where employees of the Manager collude with one another. This risk may cause monetary loss and/or inconvenience to you. The Manager will regularly review its internal policies and system capability to mitigate instances of this risk. Additionally, the Manager maintains a strict segregation of duties to mitigate instances of fraudulent practices amongst employees of the Manager.

### **Suspension of repurchase request risk**

Having considered the best interests of Unit Holders, the repurchase requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the Fund's assets cannot be determined. In such case, Unit Holders will not be able to redeem their Units and will be compelled to remain invested in the Fund for a longer period of time. Hence, their investments will continue to be subject to the risks inherent to the Fund.

## SPECIFIC RISKS

The specific risks associated with the securities/instruments in which the Fund will invest are as tabulated below:-

### **Stock specific risk**

Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the Fund's NAV.

### **Warrants investment risk**

The value of the warrants will depend on the pricing of the underlying security whereby the growth and performance prospect of the underlying security would consequentially affect the value of the warrants. In addition, the value of the warrants may decrease exponentially as the warrants approach its maturity date and the potential gains from a favourable price movement of the underlying may be offset by aggressive time decay. We may consider unwinding these warrants if there are material adverse changes to its value with the aim to mitigate the risk.

### **Currency risk**

As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuation in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. You should be aware that if the currencies in which the investments are denominated depreciate against the Base Currency, this will have an adverse effect on the NAV of the Fund in the Base Currency and vice versa. You should also note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

#### *Currency risk at the Class level*

The impact of the exchange rate movement between the Base Currency and the currency of the Class (other than RM Class) may result in a depreciation of your holdings as expressed in the Base Currency.

#### *Currency risk at the Hedged-class level*

Currency hedging reduces the effect of exchange rate movements for the Hedged-class, but it does not entirely eliminate currency risk between the Hedged-class and the Base Currency (not a perfect hedge). Hence, the unhedged portion of the respective Hedged-class will still be affected by the exchange rate movements and it may cause fluctuations of NAV of the respective Hedged-class. You should note, however, that if the exchange rate moves favourably, the Hedged-class will not benefit from any upside in currency movement due to the hedging strategy. In addition, hedging is subject to a minimum investment size of entering into a forward contract and the cost of hedging which may affect returns of the respective Hedged-class.

### **Country risk**

Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund or prices of Units to fall.

### **Distribution out of capital risk**

The Fund may distribute income out of capital. Such capital distributions represent a return or withdrawal of part of the amount of your original investment and/or capital gains attributable to the original investment and will result in a reduction in the NAV per Unit of the Classes and reduce the capital available for future investment and capital growth. Future capital growth may therefore be constrained.

## **RISK MANAGEMENT**

In our day-to-day running of the business, we employ a proactive risk management approach to manage portfolio risks, operational risks and liquidity risks. The Board has established a board compliance & risk management committee to oversee AHAM's risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance & risk management committee comprises of at least three (3) Board members and is chaired by an independent director. At the operational level, we have established a compliance & risk oversight committee with the primary function of identifying, evaluating and monitoring risks as well as to formulate internal control measures to manage and mitigate the exposure to risks that may affect the performance of the Fund, returns to the investors or Unit Holders' interest within a clearly defined framework and is primarily responsible for ensuring that the policies and procedures that have been implemented are reviewed on an on-going basis with periodic assessments. The compliance & risk oversight committee reports to the board compliance & risk management committee on a quarterly basis.

In managing portfolio risks, we engage a stringent screening process by conducting fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors. Regular meetings are held to discuss investment themes and portfolio decisions taken at the meetings are then implemented according to the investment guidelines which also take into account requirements for minimum portfolio diversification across individual investment holdings, sectors, geographies and asset classes (based on the respective portfolio's objective and strategy). For investments in fixed income securities, credit risks are evaluated by a credit committee. We also practise prudent liquidity management with the objective to ensure that the Fund is able to meet its short-term expenses including repurchase requests by the Unit Holders. We also have in place a credit risk management process to reduce counterparty risk of derivatives whereby such risk arises when the counterparty is not able to meet its contractual obligations. Prior to entering into a contract with the counterparty, we will conduct an evaluation on the credit standing of the counterparty to ensure it is able to meet its contractual obligations. It is important to note that an event of downgrade does not constitute a default. If we are of the view that the downgrade in the rating of the counterparty may lead to high credit risk, we will not hesitate to take pre-emptive measures to unwind these positions.

To manage non-compliance risks, we use information technology system that is able to monitor the trading of investment to ensure compliance with the Fund's investment limits and restrictions. These limits are system-controlled and not manually tracked, thus reducing the probability of human error occurring in ensuring the Fund's limits and restrictions are adhered to. We also undertake stringent evaluation of movements in market prices and regularly monitor, review and report to the person(s) or members of a committee undertaking the oversight function of the Fund to ensure that the Fund's investment objective is met. Regular portfolio reviews by senior members of the investment team further reduce the risk of implementation inconsistencies and violations of the Guidelines.

We also employ a performance attribution system that enables us to review the performance of the Fund to determine the key factors that have contributed and detracted from the Fund's performance. This system complements our overall risk management process as the system also provides standard risk analytics on the portfolio such as the Fund's standard deviation, tracking error and measures of excess return. The data produced by the performance attribution system is reviewed regularly and at least on a monthly basis in meetings chaired by the managing director and participated by the portfolio managers and the performance evaluation team.

### **Liquidity Risk Management**

We have established liquidity risk management policies to enable us to identify, monitor and manage the liquidity risk of the Fund in order to meet the repurchase requests from the Unit Holders with minimal impact to the Fund as well as safeguarding the interests of the remaining Unit Holders. Such policies take into account, amongst others, the asset class of the Fund and the redemption policy of the Fund. To manage the liquidity risk, we have put in place the following procedures:

- a) The Fund may hold a maximum of 30% of its NAV in money market instruments and/or deposits. This will allow the Fund to have sufficient buffer to meet the Unit Holders' repurchase request;
- b) Regular review by the designated fund manager on the Fund's investment portfolio including its liquidity profile;
- c) Daily monitoring of the Fund's net flows and periodic liquidity stress testing of the Fund's assets against repurchase requests during normal and adverse market conditions are performed as pre-emptive measures in tracking the Fund's liquidity status. This will ensure that we are prepared and able to take the necessary action proactively to address any liquidity concerns, which would mitigate the potential risks in meeting Unit Holders' repurchase requests; and
- d) Suspension of repurchase requests from the Unit Holders under exceptional circumstances where the market value or fair value of a material portion of the Fund's assets cannot be determined. During the suspension period, the repurchase requests from the Unit Holders will be accepted but will not be processed. Such repurchase requests will only be processed on the next Business Day once the suspension is lifted. That said, the action to suspend repurchase requests from the Unit Holders shall be exercised only as a last resort by the Manager, having considered the best interests of Unit Holders.

**! It is important to note that events affecting the investments cannot always be foreseen. Therefore, it is not possible to protect investments against all risks. You are recommended to read the whole Prospectus to assess the risks associated with the Fund. If necessary, you should consult your professional adviser(s) for a better understanding of the risks.**

*Any material change to the Fund's investment objective would require Unit Holders' approval.*

## BENCHMARK

MSCI AC Asia Pacific ex Japan High Dividend Yield Index

The risk profile of the Fund is not the same as the risk profile of the performance benchmark.

Source: <http://www.msci.com>

*(Please note that you may obtain information on the benchmark from us upon request.)*

## ASSET ALLOCATION

Equities	70% to 100%
Fixed income instruments*	0% to 30%

\* As listed under bullet (3) to (6) of the permitted investments.

## INVESTMENT STRATEGY

To achieve its objective, the Fund will be investing a minimum of 70% of its NAV in equities, while the remaining balance may be invested in fixed income instruments. The Fund will invest primarily in Asia Pacific (ex Japan) companies. The Fund may also invest up to 30% of its NAV in other regions including Japan.

The Fund focuses on higher dividend-paying stocks and stocks with dividend-paying prospects. We adopt a bottom-up strategy where individual stock analysis forms the primary building blocks for portfolio construction.

The Fund holds the option to invest in fixed income instruments such as debentures, money market instruments and deposits. In the selection of fixed income instruments, the Fund emphasizes on issuers with high credit worthiness.

To achieve its objective, the Fund may invest in warrants as well as collective investment schemes that have similar investment objectives to the Fund.

### Temporary Defensive Position

We hold the option to take temporary defensive positions that may be inconsistent with the Fund's principal strategy and asset allocation to protect the Fund against adverse market conditions that may impact financial markets. To manage the risk of the Fund, we may shift the Fund's focus and exposure to lower risk investments such as deposits or money market instruments.

### Derivative Investments for Hedging Purposes Only

Derivatives trades may be carried out for hedging purposes through financial instruments including, but not limited to, forward contracts, futures contracts and swaps. Futures and forward contracts are generally contracts between two parties to trade an asset at an agreed price on a pre-determined future date whereas swaps is an agreement to swap or exchange two financial instruments between two parties.

The intention of hedging is to preserve the value of the asset from any adverse price movements. For example, to hedge against foreign currency exchange risk, the Fund may enter into a currency forward contract to offset any adverse foreign currency movements by determining an agreed rate for an agreed tenure with its counterparty. While the hedging transactions will assist with mitigating the potential foreign exchange losses by the Fund, any potential foreign exchange gains from the hedging strategy will be capped as well.

The Fund adopts commitment approach to measure the Fund's global exposure to derivatives. The commitment approach is a methodology that aggregates the underlying market values or notional values of derivatives after taking into account the possible effects of netting and/or hedging arrangements. The Fund's global exposure from the derivatives position must not exceed 100% of NAV of the Fund at all times.

### Cross Trades Policy

AHAM may conduct cross trades between funds which it is currently managing provided that all criteria imposed by the regulators are met. Notwithstanding the above, cross trades between the personal account of an employee of AHAM and the Fund's account(s) and between AHAM's proprietary trading accounts and the Fund's account(s) are strictly prohibited. Compliance with the criteria would be monitored by the compliance unit of AHAM, and reported to the AHAM's compliance and risk management committee, to avoid conflict of interests and manipulation that could have a negative impact on investors.

  - (n) The value of the Fund's investments in units/shares of any collective investment scheme must not exceed 20% of the Fund's NAV provided that the collective investment scheme complies with the requirements of the Guidelines;

- (o) The value of the Fund's investments in units/shares of a collective investment scheme that invests in real estate shall not exceed 15% of the Fund's NAV;
- (p) The Single Issuer Limit may be raised to 35% of the Fund's NAV if the issuing entity is, or the issue is guaranteed by, either a foreign government, foreign government agency, foreign central bank or supranational, that has a minimum long-term credit rating of investment grade (including gradation and subcategories) by an international rating agency;
- (q) Where the Single Issuer Limit is increased to 35% of the Fund's NAV, the Single Issuer Aggregate Limit may be raised, subject to the Group Limit not exceeding 35% of the Fund's NAV;
- (r) The Fund's global exposure from derivatives position shall not exceed the Fund's NAV at all times; and
- (s) Any other investment limits or restrictions imposed by the relevant regulatory authorities or pursuant to any laws and/ or regulations applicable to the Fund.

Please note that the above limits and restrictions, do not apply to securities or instruments issued or guaranteed by the Malaysian government or Bank Negara Malaysia.

In respect of the above investment restrictions and limits, any breach as a result of any (a) appreciation or depreciation in value of the Fund's investments; (b) repurchase of Units or payment made out of the Fund; (c) change in capital of a corporation in which the Fund has invested in; or (d) downgrade in or cessation of a credit rating, must be rectified as soon as practicable within three months from the date of the breach unless otherwise specified in the Guidelines. Nevertheless, the three-month period may be extended if it is in the best interests of Unit Holders and the Trustee's consent has been obtained. Such extension must be subject to at least a monthly review by the Trustee.

## VALUATION OF PERMITTED INVESTMENTS

We will ensure that the valuation of the Fund is carried out in a fair manner in accordance to the relevant laws and Guidelines. We will obtain the daily price or value of the assets for the purpose of valuing the Fund in accordance to the Malaysian Financial Reporting Standard 9 issued by the Malaysian Accounting Standards Board. In the absence of daily price or value of the assets, we will use the latest available price or value of the assets respectively.

The valuation bases for the permitted investments of the Fund are as below:

### Listed securities

Valuation of investments in listed securities shall be based on closing price or last known transacted price on the eligible market on which the investment is quoted. If the price is not representative of its fair value or is not available to the market, including in the event of suspension in the quotation of the securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, the investments will be valued at fair value as determined in good faith by the Manager or its delegate, based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

### Unlisted securities

For unlisted RM denominated fixed income instruments, valuation will be done using the price quoted by a bond pricing agency ("BPA") registered with the SC. For non-RM unlisted fixed income instruments, valuation will be based on average indicative price quoted by independent and reputable institutions. Where the Manager is of the view that the price quoted by BPA differs from the fair value or where reliable market quotations are not available, the fair value will be determined in good faith by the Manager using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

For other unlisted securities, valuation will be based on fair value as determined in good faith by the Manager using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

### Deposits

Valuation of deposits placed with Financial Institutions will be done by reference to the principal value of such investments and the interests accrued thereon for the relevant period.

### **Money market instruments**

Valuation of RM denominated money market instruments will be done using the price quoted by a BPA registered with the SC. For non-RM denominated money market instruments, valuation will be done using an average of quotations provided by reputable Financial Institutions. Where the Manager is of the view that the price quoted by BPA differs from the fair value or where reliable market quotations are not available, the fair value will be determined in good faith by the Manager. This may be determined by reference to the valuation of other money market instruments which are comparable in rating, yield, expected maturity date and/or other characteristics.

### **Derivatives**

Valuation of derivatives will be based on the prices provided by the respective issuers. The issuers generate the market valuation through the use of their own proprietary valuation models, which incorporate all the relevant and available market data with respect to the derivatives (e.g. interest rates, movement of the underlying assets, volatility of the underlying assets, the correlation of the underlying assets and such other factors). For foreign exchange forward contracts ("FX Forwards"), interpolation formula is applied to compute the value of the FX Forwards based on the rates provided by Bloomberg or Reuters. If the rates are not available on Bloomberg or Reuters, the FX Forwards will be valued based on fair value as determined in good faith by the Manager, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

### **Collective investment schemes**

Unlisted collective investment schemes will be valued based on the last published repurchase price.

For listed collective investment schemes, valuation will be done in a similar manner used in the valuation of the listed securities as described above.

## **VALUATION POINT FOR THE FUND**

The Fund will be valued at 6.00 p.m. on every Business Day (or "Trading Day" or "T day"). However, if the Fund has exposure to investments outside of Malaysia, the Fund shall be valued at 11.00 a.m. on the next Business Day (or "T+1 day"). All foreign assets are translated into the Base Currency based on the last available bid exchange rate quoted by Bloomberg or Reuters at 4.00 p.m. (United Kingdom time) which is equivalent to 11.00 p.m. or 12.00 midnight (Malaysian time) on the same day, or at such time as stipulated in the investment management standards issued by the FiMM.

## **FINANCING AND SECURITIES LENDING**

The Fund is not permitted to borrow or lend cash or other assets in connection with its activities. However, the Fund may borrow cash for the purpose of meeting repurchase requests for Units and for bridging requirements. Such borrowings are subjected to the following:-

- the Fund's borrowing is only on a temporary basis and that borrowings are not persistent;
- the borrowing period should not exceed one (1) month;
- the aggregate borrowings of the Fund should not exceed 10% of the Fund's NAV at the time the borrowing is incurred; and
- the Fund may only borrow from Financial Institutions.

The Fund may not assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person.

## **EPF INVESTMENT**

The Fund is approved under EMIS. However, the Fund is subject to the annual evaluation by the EPF. In the event the Fund is no longer offered under the EMIS after the annual evaluation process, the Unit Holders who have invested through the EMIS will remain invested in the Fund, but there will not be any sale of new Units to the Unit Holders/investors under the EMIS.

**The Fund may create new Classes without having to seek Unit Holders' prior approval. You will be notified of the issuance of the new Classes by way of a communiqué and the prospective investors will be notified of the same by way of a supplemental/replacement prospectus.**

## WHAT ARE THE MINIMUM INITIAL INVESTMENT, MINIMUM ADDITIONAL INVESTMENT, MINIMUM REPURCHASE AMOUNT AND MINIMUM HOLDING OF UNITS?

	RM Class	SGD Hedged-class	EUR Class	USD Class	AUD Class	RMB Class	SGD Class	GBP Class
Minimum Initial Investment*	RM 1,000	SGD 5,000	EUR 5,000	USD 5,000	AUD 5,000	RMB 5,000	SGD 5,000	GBP 5,000
Minimum Additional Investment*	RM 100	SGD 1,000	EUR 1,000	USD 1,000	AUD 1,000	RMB 1,000	SGD 1,000	GBP 1,000
Minimum Repurchase Amount*	2,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units
Minimum Holding of Units*	2,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units

\* At our discretion, we may reduce the transaction value and Units, including for transactions made via digital channels, subject to terms and conditions disclosed in the respective channels.

## WHAT IS THE DIFFERENCE BETWEEN PURCHASING RM CLASS AND OTHER CLASSES?

- You should note that there are differences when purchasing Units of a Class other than other than the RM Class.

For illustration purposes, please refer to the table below:-

Classes	RM Class	SGD Hedged-class
NAV per Unit	RM 0.7302	SGD 0.50
Currency exchange rate	RM 1 = RM 1	RM 1 = SGD 0.25
Invested amount	RM 50,000 x RM 1 = RM 50,000	RM 50,000 x SGD 0.25 = SGD 12,500
Units received	RM 50,000 ÷ RM 0.7302 = 68,474 Units	SGD12,500 ÷ SGD 0.50 = 25,000 Units

*Invested amount = RM 50,000 x currency exchange rate of the Class*

*Units received = Invested amount ÷ NAV per Unit of the Class*

By purchasing Units in the RM Class, you will receive more Units for every RM invested in the Fund (i.e. 68,474 Units) compared to purchasing Units in the SGD Hedged-class (i.e. 25,000 Units). Higher investment value in the Base Currency (regardless of unit holdings) may give you an advantage when voting at Unit Holders meetings as you have more voting rights due to the larger investment value in the Base Currency (except in situations where a show of hands is required to pass a resolution). However, you should also note that in a Unit Holders’ meeting to terminate the Fund, a Special Resolution may only be passed by a majority in number representing at least ¾ of the value of the Units held by Unit Holders voting at the meeting, and not based on number of Units owned.

## HOW TO REPURCHASE UNITS?

- It is important to note that, you must meet the above minimum holding of Units after a repurchase transaction. If the balance of your investment (i.e. total number of Units) is less than the minimum holding of Units for that particular Class, we may withdraw all your Units for that particular Class and we will pay the proceeds to you.

We may, with the consent of the Trustee, reserve the right to defer your repurchase request if such transaction would adversely affect the Fund or the interest of the Unit Holders.

- You may submit the repurchase request by completing a transaction form and returning it to us between 8.45 a.m. to 3.30 p.m. on a Business Day.
- Payment of the repurchase proceeds will be made via bank transfer where proceeds will be transferred to your bank account. Where Units are held jointly, payment will be made to the person whose name appears first in the register of Unit Holders.
- Bank charges and other bank fees, if any, will be borne by you.
- If you invest through the EMIS, we will remit the repurchase proceeds to EPF for onward crediting to your EPF account. If you are above the age of fifty five (55) and invest through the EMIS, we will remit the repurchase proceeds to you directly.

## WHAT IS THE PROCESS OF REPURCHASE APPLICATION?

- For a repurchase request received or deemed to have been received by us at or before 3.30 p.m. on a Business Day (or "T day"), Units will be repurchased based on the NAV per Unit of a Class for that Business Day. Any repurchase request received after 3.30 p.m. will be transacted on the next Business Day (or "T + 1 day").
- Processing is subject to receipt of a complete transaction form and such other documents as may be required by us.

## WHAT IS THE REPURCHASE PROCEEDS PAYOUT PERIOD?

- You will be paid within seven (7) Business Days from the day the repurchase request is received by us, provided that all documentations are completed and verifiable.

## WHERE TO PURCHASE AND REPURCHASE UNITS?

- Units can be purchased and repurchased at any of the location listed in "Directory of Sales Offices" section or with our authorised distributors.
- You may obtain a copy of the Prospectus, PHS and application forms from the abovementioned locations. Alternatively, you may also visit our website at [www.aham.com.my](http://www.aham.com.my).

## COOLING-OFF PERIOD

You have the right to apply for and receive a refund for every Unit that you have paid for within six (6) Business Days from the date we received your purchase application.

You will be refunded for every Unit held based on the prices mentioned below and the Sales Charge imposed on the day those Units were purchased.

- If the price of a Unit on the day the Units were first purchased ("original price") is higher than the price of a Unit at the point of exercise of the cooling-off right ("market price"), you will be refunded based on the market price at the point of cooling-off; or
- If the market price is higher than the original price, you will be refunded based on the original price at the point of cooling-off.

You will be refunded within seven (7) Business Days from our receipt of the cooling-off application.

Please note that the cooling-off right is applicable to you if you are an individual investor and are investing in any of our funds for the first time. However, if you are a staff of AHAM or a person registered with a body approved by the SC to deal in unit trusts, you are not entitled to this right.

We will process your cooling-off request if your request is received or deemed to have been received by us at or before 3.30 p.m. on a Business Day (or "T day"). Any cooling-off request received after 3.30 p.m. will be transacted on the next Business Day (or "T + 1 day").

Processing is subject to receipt of a complete transaction form and such other documents as may be required by us.

## SWITCHING FACILITY

Switching facility enables you to switch:

- between Classes of the Fund; or
- into any of our funds (or its classes), provided that the fund (or its class) is denominated in the same currency as the Class that you intend to switch out, and it is subject to the terms and conditions applicable for the respective funds.

However, you must meet the minimum holding of Units requirements of the Class that you switched out from and the minimum investment amount of the fund (or its class) that you intend to switch into. The minimum holding of Units for the respective Classes is as below:

SGD Hedged-class	RM Class	EUR Class	USD Class	AUD Class	RMB Class	SGD Class	GBP Class
10,000 Units	2,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units

At our discretion, we may reduce the transaction of Units, including for transactions made via digital channels, subject to terms and conditions disclosed in the respective channels.

You are also to note that we reserve the right to reject any switching requests that are regarded as disruptive to efficient portfolio management, or request that we deem to be contrary to the best interest of the Fund and/or the existing Unit Holders of a particular Class.

The process of the switching application is as below:

➤ **Switching between Classes of the Fund**

You must complete a switching transaction form and submit it to us together with relevant supporting documents, if any. If we receive your switching request at or before the cut-off time of 3.30 p.m. on a Business Day, we will process it using the NAV per Unit of a Class for that Business Day (or “T day”). If we receive your switching request after 3.30 p.m., we will process it using the NAV per Unit of a Class calculated at the end of the next Business Day (or “T + 1 day”).

➤ **Switching from the Classes of this Fund to other funds (or its classes) managed by us**

You must complete a switching transaction form and submit it to us at or before the cut-off time of 3.30 p.m. on a Business Day (or “T day”) together with relevant supporting documents, if any. If we receive your switching request after 3.30 p.m., we will process your request on the next Business Day (or “T + 1 day”).

You should note that the pricing day of a fund (or its class) may not be on the same day as when we receive your switching application. Please see below the pricing policy of switching for all our funds:

Switching Out Fund	Switching In Fund	Pricing Day	
		Switching Out Fund	Switching In Fund
Money market fund	Non-money market fund	T Day	T Day
Non-money market fund	Non-money market fund		
Money market fund	Money market fund	T Day	T + 1 Day
Non-money market fund	Money market fund	T Day	At the next valuation point, subject to clearance of payment and money received by the intended fund

If you invest through the EMIS, you are allowed to switch to any other EPF approved funds managed by us (subject to the availability of units and terms of the intended fund to be switched into).

## TRANSFER FACILITY

- You are allowed to transfer Units held by you, whether fully or partially, to another person(s). You may transfer your ownerships of investments by completing the transfer application form and returning it to us on any Business Day. The transfer must be made in terms of Units and not in value.
- There are no minimum Units to effect a transfer except that the person(s) who receives the Units and the Unit Holder who transfers a partial number of Units must continue to hold the minimum holdings of Units to remain as a Unit Holder of a Class.
- It is important to note that we are at liberty to disregard or refuse to process the transfer application if the processing of such instruction will be in contravention of any law or regulatory requirements, whether or not having the force of law and/or would expose us to any liability.
- The transfer facility is not applicable for EPF investors.

## SUSPENSION OF DEALING IN UNITS

The Manager may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the dealing in Units\* due to exceptional circumstances, where there is good and sufficient reason to do so. The Manager will cease the suspension as soon as practicable after the exceptional circumstances have ceased, and in any event, within twenty-one (21) days from the commencement of suspension.

The period of suspension may be extended if the Manager satisfies the Trustee that it is in the best interest of the Unit Holders for the dealing in Units to remain suspended, subject to a weekly review by the Trustee.

The Trustee may suspend the dealing in Units, if the Trustee, on its own accord, considers that exceptional circumstances have been triggered. In such a case, the Trustee shall immediately call for a Unit Holders' meeting to decide on the next course of action.

\*The action to impose suspension shall only be exercised as a last resort by the Manager, as disclosed in the section on "Liquidity Risk Management".

## DISTRIBUTION POLICY

The Fund will distribute income on a semi-annual basis (subject to income availability), after the end of its first financial year.

At our discretion, the Fund may distribute (1) realised income, (2) realised capital gains (3) unrealised income, (4) unrealised capital gains, (5) capital, or (6) a combination of any of the above. The rationale for distribution out of capital is to allow the Fund the ability to distribute optimal level of income on a regular basis in accordance with the income distribution policy of the Fund after taking into account the potential impact on future capital growth.

Having the option to tap into the additional sources of income from (3) unrealised income, (4) unrealised capital gains and/or (5) capital (collectively known as "distribution out of capital") would give the Manager the flexibility to increase the amount of income distributable to Unit Holders after taking the distribution out of capital risk into consideration.

Distribution out of capital has a risk of eroding the capital of the Fund. Payment of distribution out of capital amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. Any distribution involving any payment out of capital of the Fund will result in an immediate reduction of the NAV per Unit. As a result, the value of future returns would be diminished.

The Fund's income distributions are non-guaranteed.

Income distribution, if any, will be paid out in the currencies in which the Classes are denominated. You may elect the mode of distribution in cash payment or additional Units by way of reinvestment by ticking the appropriate column in the application form. You may also inform us, at any time before the income distribution date of your wish of receiving cash payment or additional Units via reinvestment. All distribution will be automatically reinvested into additional Units in the Fund if you do not elect the mode of distribution in the application form.

Any distribution payable which is less than or equal to the amount of RM/SGD/EUR/USD/AUD/RMB/GBP 300.00 will be automatically reinvested on your behalf.

Notwithstanding the above, we may also reinvest the distribution proceeds which remain unclaimed after twelve (12) months from the date of payment, provided that you still have an account with us.

For Unit Holders who invest through the EMIS, any income distributions paid will be considered as EPF savings and automatically reinvested in the form of additional Units for the Unit Holders.

#### Cash Payment Process

Income distribution by way of cash payment will be paid via telegraphic transfer. Income will be transferred to your bank account within seven (7) Business Days after the distribution date.

To enable the cash payment process, Unit Holders investing in Classes other than RM Class are required to have a foreign currency account with any Financial Institution denominated in the respective currency Classes.

#### Reinvestment Process

We will create Units based on the NAV per Unit of the Class at the income payment date which is within two (2) Business Days after the distribution date.

There will not be any cost for reinvestments of those additional Units i.e. no Sales Charge will be imposed on such reinvestment.

**Unit prices and distributions payable, if any, may go down as well as up.**

### **UNCLAIMED MONIES**

Any monies payable to you which remain unclaimed after twelve (12) months from the date of payment will be dealt as follows:-

- a) we may reinvest the unclaimed distribution proceeds provided that you still have an account with us; or
- b) we will pay to the Registrar of Unclaimed Monies in accordance with the requirements of the Unclaimed Monies Act 1965.

# FEES, CHARGES AND EXPENSES

**There are fees and charges involved and investors are advised to consider them before investing in the Fund.**

You should be aware that all fees, charges and expenses referred to or quoted in this Prospectus (including any supplemental prospectus) and the Deed (including any supplemental deed) are referred to or quoted as being exclusive of any applicable taxes. We (including the Trustee and other service providers of the Fund) will charge any other applicable taxes on the fees, charges and expenses in accordance with any other relevant or applicable laws.

## CHARGES

The following are the charges that you may **directly** incur when you buy or redeem Units of this Fund.

### SALES CHARGE

Up to 5.50%\* of the NAV per Unit of each Class.

*\* Investors may negotiate for a lower charge.*

Note: All Sales Charge will be rounded up to two (2) decimal places.

The Sales Charge for investors purchasing Units through the EMIS shall be limited to a maximum charge of 3% of the NAV per Unit or as determined by the EPF.

### REPURCHASE CHARGE

There will be no Repurchase Charge levied on any repurchase of Units of the Fund.

### TRANSFER FEE

There will be no transfer fee imposed on the transfer facility.

### SWITCHING FEE

The Manager does not impose any switching fee. However, if the amount of sales charge of the fund (or class) that the Unit Holder intends to switch into is higher than the sales charge imposed by the fund (or class) being switched from, then the difference in the sales charge between the two (2) funds (or classes) shall be borne by the Unit Holder.

## FEES AND EXPENSES

With the issuance of multiple Classes in this Fund, the fees and expenses for the Fund are apportioned based on the size of the Class relative to the whole Fund, which is also known as multi-class ratio. This apportionment is expressed as a ratio and calculated as a percentage.

As an illustration, assuming there is an indirect fee chargeable to the Fund of RM 100 and assuming further the size of the SGD Hedged-class over the size of the Fund is 60% whereas the size of the RM Class over the size of the Fund is 40%, the ratio of the apportionment based on the percentage will be 60:40, 60% being borne by the SGD Hedged-class and 40% being borne by the RM Class.

We may (in our sole and absolute discretion), waive or reduce the amount of any fees (except the trustee fee) and expenses of the Fund, either for all the investors or a particular investor.

The following are the fees that you may **indirectly** incur when you invest in the Fund.

## ANNUAL MANAGEMENT FEE

The annual management fee is up to 1.85% per annum of the NAV of the Fund and is calculated using the Base Currency (before deducting the management fee and trustee fee). This fee is calculated and accrued daily and payable monthly to the Manager.

*Please note that the example below is for illustration purposes only:*

Assuming that the total NAV of the Fund is RM 130 million, the accrued management fee for that day would be:-

$$\frac{\text{RM } 130,000,000 \times 1.85\%}{365 \text{ days}} = \text{RM } 6,589.04 \text{ per day}$$

The management fee is payable monthly to the Manager and is apportioned to each Class based on the multi-class ratio.

## ANNUAL TRUSTEE FEE

The annual trustee fee is up to 0.06% per annum of the NAV of the Fund and is calculated using Base Currency (excluding foreign custodian fees and charges, if any) (before deducting the management fee and trustee fee). In addition to the trustee fee, the Trustee may be reimbursed by the Fund for any expenses properly incurred by it in the performance of its duties and responsibilities.

The trustee fee is calculated and accrued daily and payable monthly to the Trustee.

*Please note that the example below is for illustration purposes only:*

Assuming the NAV of the Fund is RM 130 million for the day, the accrued trustee fee for the day would be:-

$$\frac{\text{RM } 130,000,000 \times 0.06\%}{365 \text{ days}} = \text{RM } 213.70 \text{ per day}$$

The trustee fee is payable monthly to the Trustee and is apportioned to each Class based on the multi-class ratio.

## ADMINISTRATIVE FEES

Only fees and expenses that are directly related and necessary to the business of the Fund may be charged to the Fund. These include the following:-

- Commissions/fees paid to brokers/dealers in effecting dealings in the investments of the Fund, shown on the contract notes or confirmation notes;
- (where the custodial function is delegated by the Trustee) costs, charges and fees paid to sub-custodians taking into custody any foreign investments of the Fund;
- Taxes and other duties charged on the Fund by the government and/or other authorities;
- Costs, fees and expenses properly incurred by the auditor appointed for the Fund;
- Costs, fees and expenses incurred for any modification of the Deed save where such modification is for the benefit of the Manager and/or the Trustee;
- Costs, fees and expenses incurred for any meeting of the Unit Holders save where such meeting is convened for the benefit of the Manager and/or the Trustee;

- All costs and/or expenses associated with the distributions declared pursuant to the Deed and the payment of such distribution including without limitation fees, costs and/or expenses for the revalidation or reissuance of any distribution cheque or warrant or telegraphic transfer;
- Costs, fees and expenses incurred for the fund valuation and accounting of the Fund performed by a fund valuation agent; and
- Other fees/expenses related to the Fund.

All Fund expenses are apportioned to each Class based on the multi-class ratio.

Expenses related to the issuance of this Prospectus will be borne by the Manager.

## REBATES AND SOFT COMMISSIONS

We or any of our delegates will not retain any rebate or soft commission from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission should be directed to the account of the Fund.

The soft commissions can be retained by us or our delegates provided that:-

- the soft commissions bring direct benefit or advantage to the management of the Fund and may include research and advisory related services;
- any dealing with the broker or dealer is executed on terms which are the most favourable for the Fund; and
- the availability of soft commissions is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and we or our delegates will not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commissions.

**All fees and charges payable by you are subject to all applicable taxes and/or duties as may be imposed by the government and/or the relevant authorities from time to time**

## COMPUTATION OF NAV AND NAV PER UNIT

In this section, you will be introduced to certain terms used to explain how the Fund arrives at its NAV and consequently, NAV per Unit for each Class of the Fund. Under this section, please note the following definitions:-

“Value of the Fund before Income & Expenses”	Refers to the current value of the Fund inclusive of purchases and/or repurchases before the next valuation point.
“Value of a Class before Income & Expenses”	Refers to the current value of a Class inclusive of purchases and/or repurchases before the next valuation point.

You should also note that the NAV of the Fund is determined by deducting the value of all the Fund’s liabilities from the value of all the Fund’s assets, at a particular valuation point. The NAV per Unit of a Class is the NAV of the Fund attributable to a Class divided by the number of Units in Circulation for that particular Class, at the same valuation point.

Please refer to “*Valuation Point For The Fund*” section of this Prospectus for an explanation of the valuation point.

For illustration purposes, the following is the computation of NAV per Unit for a particular day for the Classes. The multi-class ratio will vary and be apportioned accordingly when further Class(es) are introduced by us:

	<b>Fund (RM)</b>	<b>RM Class (RM)</b>	<b>SGD Hedged-class (RM)</b>

<b>NAV per Unit of a Class in Base Currency **</b>		<b>0.6116</b>	<b>1.7511</b>
<b>Currency exchange rate</b>		RM 1 = RM 1	RM 1 = SGD 0.32
<b>NAV per Unit in currency Class ***</b>		<b>0.6116</b>	<b>0.5603</b>

Notes:

^ Any realised/unrealised gain/loss on SGD Hedged currency forwards will have an impact on the Fund.

\* Multi-class ratio is apportioned based on the size of the Class relative to the whole Fund. This means the multi-class ratio is calculated by taking the *Value of a Class before Income & Expenses* for a particular day and dividing it with the *Value of the Fund before Income & Expenses* for that same day. This apportionment is expressed as a ratio and calculated as a percentage.

\*\* NAV per Unit of a Class is derived by dividing the NAV of a Class with Units in Circulation for the particular Class.

\*\*\* NAV per Unit in currency Class is derived from the NAV per Unit of a Class in Base Currency multiplied by currency exchange rate for the particular Class.

The rounding policy is four (4) decimal points for the purposes of publication of the NAV per Unit per Class. However, the rounding policy will not apply when calculating the Sales Charge and Repurchase Charge (where applicable).

## INCORRECT PRICING

We will take immediate action to rectify any incorrect valuation and/or pricing of the Fund and/or the Units and to notify the Trustee and the SC of the same unless the Trustee considers the incorrect valuation and/or pricing of the Fund and/or the Units is of minimal significance.

The Trustee will not consider an incorrect valuation and/or pricing of the Fund and/or the Units to be of minimal significance if the error involves a discrepancy of 0.5% or more of the NAV per Unit unless the total impact on your account is less than RM 10.00 or in the case of a foreign currency Class, less than 10.00 denominated in the foreign currency denomination of the Class. An incorrect valuation and/or pricing not considered to be of minimal significance by the Trustee will result in reimbursement of moneys in the following manner:

	Reimbursement by:	Receiving parties:
Over valuation and/or pricing in relation to the purchase and creation of Units	Fund	Unit Holder
Over valuation and/or pricing in relation to the repurchase of Units	AHAM	Fund
Under valuation and/or pricing in relation to the purchase and creation of Units	AHAM	Fund
Under valuation and/or pricing in relation to the repurchase of Units	Fund	Unit Holder or former Unit Holder

## COMPUTATION OF SELLING PRICE AND REPURCHASE PRICE

Under a single pricing regime, the Selling Price and the Repurchase Price are equivalent to the NAV per Unit. Any applicable Sales Charge and Repurchase Charge are payable separately from the Selling Price and Repurchase Price.

Forward Pricing will be used to determine the Selling Price and the Repurchase Price of the respective Class, i.e. the NAV per Unit of each Class as at the next valuation point after we receive the purchase request or repurchase request.

The Selling Price and Repurchase Price for Units of the Fund created under EMIS will be based on the NAV per Unit at the end of the Business Day on which the purchase request or repurchase request is received by us.

### Calculation of Selling Price

For illustration purposes, let's assume the following:

Class	SGD Hedged-class	RM Class
Investment Amount	SGD 10,000	RM 10,000
Selling Price per Unit	SGD 0.50	RM 0.50
Number Of Units Received*	SGD 10,000 ÷ SGD 0.50 = 20,000 Units	RM 10,000 ÷ RM 0.50 = 20,000 Units
Sales Charge	5.50%	5.50%
Sales Charge Paid By Investor**	5.50% x SGD 0.50 x 20,000 Units = SGD 550	5.50% x RM 0.50 x 20,000 Units = RM 550
Total Amount Paid By Investor***	SGD 10,000 + SGD 550 = SGD 10,550	RM 10,000 + RM 550 = RM 10,550

Formula for calculating:-

$$* \text{ Number of Units received} = \frac{\text{Investment amount}}{\text{Selling Price Per Unit}}$$

$$** \text{ Sales Charge paid by investor} = \text{Sales Charge} \times \text{Selling Price per Unit} \times \text{Number of Units received}$$

$$*** \text{ Total amount paid by investor} = \text{Investment Amount} + \text{Sales Charge paid by investor}$$

### Calculation of Repurchase Price

For illustration purposes, let's assume the following:

Class	SGD Class	RM Class
Units Repurchased	20,000 Units	20,000 Units
Repurchase Price per Unit	SGD 0.50	RM 0.50
Repurchase Amount <sup>^</sup>	20,000 Units x SGD 0.50 = SGD 10,000	20,000 Units x RM 0.50 = RM 10,000
Repurchase Charge	0.00%	0.00%
Repurchase Charge Paid By Investor <sup>^^</sup>	0.00% x SGD 10,000 = SGD 0.00	0.00% x RM 10,000 = RM 0.00
Total Amount Received By investor <sup>^^^</sup>	SGD 10,000 - SGD 0.00 = USD 10,000	RM 10,000 - RM 0.00 = RM 10,000

Formula for calculating:-

<sup>^</sup> Repurchase amount = Unit repurchased x Repurchase Price per Unit

<sup>^^</sup> Repurchase Charge paid by investor = Repurchase Charge x Repurchase amount

<sup>^^^</sup> Total amount received by investor = Repurchase amount - Repurchase Charge paid by investor

# SALIENT TERMS OF THE DEED

*Generally an investor would also be a registered Unit Holder unless the Units are purchased through an IUTA or using a nominee. In such an instance, the Units may not be registered in the name of the investor and thus not a registered Unit Holder. Please be advised that the Manager only recognises the rights attached to a registered Unit Holder.*

## Rights and Liabilities of Unit Holders

### Rights of Unit Holders

A Unit Holder has the right, among others, to the followings:

- (a) To receive the distribution of income, participate in any increase in the value of the Units and to enjoy such other rights and privileges as set out under the Deed;

- (c) To exercise the cooling-off right (if applicable); and

Neither would a Unit Holder have the right to interfere with or question the exercise by the Trustee or the Manager on its behalf, of the rights of the Trustee as the registered owner of the investments of the Fund. In amplification and not in derogation of the aforesaid, Units held shall not confer on any Unit Holder any interest in any particular part or asset of the Fund but only in such interest in the Fund as a whole as may be conferred on Unit Holders by the provisions of the Deed.

### Liabilities of Unit Holders

- (a) No Unit Holder is liable for any amount in excess of the purchase price paid for the Units as determined pursuant to the Deed at the time the Units were purchased and any charges payable in relation thereto; and
- (b) Unit Holders shall not be under any obligation to indemnify the Manager and/or the Trustee in the event that the liabilities incurred by the Manager and/or the Trustee in the name of or on behalf of the Fund pursuant to and/or in the performance of the provisions of the Deed exceed the value of the assets of the Fund, and any right of indemnity of the Manager and/or the Trustee shall be limited to recourse to the Fund.

DTMB is a member of Deutsche Bank Group (“Deutsche Bank”). Deutsche Bank provides commercial and investment banking, retail banking, transaction banking and asset and wealth management products and services to corporations, governments, institutional investors, small and medium-sized businesses and private individuals.

### **Experience in Trustee Business**

DTMB is part of Deutsche Bank’s Securities Services, which provides trust, custody and related services on a range of securities and financial structures. As at LPD, DTMB is the trustee for two hundred and twenty four (224) collective investment schemes including unit trust funds, wholesale funds, exchange-traded funds and private retirement schemes.

DTMB’s trustee services are supported by Deutsche Bank (Malaysia) Berhad (“DBMB”), a subsidiary of Deutsche Bank, financially and for various functions, including but not limited to financial control and internal audit.

### **Roles, Duties and Responsibilities of the Trustee**

DTMB’s main functions are to act as trustee and custodian of the assets of the Fund and to safeguard the interests of Unit Holders. In performing these functions, the Trustee has to exercise due care and vigilance and is required to act in accordance with the relevant provisions of the Deed, the Act and all relevant laws.

### **Trustee’s Disclosure of Material Litigation and Arbitration**

As at the LPD, neither the Trustee nor its delegate is (a) engaged in any material litigation and arbitration, including those pending or threatened, nor (b) aware of any facts likely to give rise to any proceedings which might materially affect the business/financial position of the Trustee.

### **Trustee’s Delegate**

The Trustee has appointed DBMB as the custodian of the assets of the Fund. DBMB is a wholly-owned subsidiary of Deutsche Bank AG. DBMB offers its clients access to a growing domestic custody network that covers over 30 markets globally and a unique combination of local expertise backed by the resources of a global bank. In its capacity as the appointed custodian, DBMB’s roles encompass safekeeping of assets of the Fund; trade settlement management; corporate actions notification and processing; securities holding and cash flow reporting; and income collection and processing.

All investments of the Fund are registered in the name of the Trustee for the Fund, or where the custodial function is delegated, in the name of the custodian to the order of the Trustee for the Fund. As custodian, DBMB shall act only in accordance with instructions from the Trustee.

**Disclosure on Related Party Transactions/ Conflict of Interest**

As the Trustee for the Fund and the Manager's delegate for the fund accounting and valuation services (where applicable), there may be related party transactions involving or in connection with the Fund in the following events:

DTMB will rely on the Manager to ensure that any related party transactions, dealings, investments and appointments are on terms which are the best that are reasonably available for or to the Fund and are on an arm's length basis as if between independent parties. While DTMB has internal policies intended to prevent or manage conflicts of interests, no assurance is given that their application will necessarily prevent or mitigate conflicts of interests. DTMB's commitment to act in the best interests of the Unit Holders does not preclude the possibility of related party transactions or conflicts.

# RELATED PARTIES TRANSACTION AND CONFLICT OF INTEREST

As at LPD the Manager is not aware of any existing and/or proposed related party transactions or potential conflict of interest situations or other subsisting contracts of arrangements involving the Fund.

The tax advisers and solicitors have confirmed that they do not have any existing or potential conflict of interest with AHAM and/or the Fund.

## **Policy on Dealing with Conflict of Interest**

Where the interests of the directors or person(s) or members of a committee undertaking the oversight function's interests may conflict with that of the Fund, they are to refrain from participating in the decision-making process relating to the matter. Staff of AHAM are required to seek prior approval from the executive director or the managing director of AHAM before dealing in any form of securities. All transactions with related parties are to be executed on terms which are best available to the Fund and which are no less favourable to the Fund than an arm's length transaction between independent parties.

# TAX ADVISER'S LETTER

Taxation adviser's letter in respect of the taxation  
of the unit trust and the unit holders  
(prepared for inclusion in this Prospectus)

Ernst & Young Tax Consultants Sdn Bhd  
Level 23A Menara Milenium  
Jalan Damanlela

17 November 2022

The Board of Directors  
AHAM Asset Management Berhad  
(FKA: Affin Hwang Asset Management Berhad)  
Ground Floor, Menara Boustead  
69, Jalan Raja Chulan  
50200 Kuala Lumpur

Dear Sirs

## **Taxation of the unit trust fund and unit holders**

This letter has been prepared for inclusion in this Replacement Prospectus in connection with the offer of units in the unit trust known as AHAM Select Asia Pacific (ex Japan) Dividend Fund (formerly known as Affin Hwang Select Asia Pacific (ex Japan) Dividend Fund) (hereinafter referred to as "the Fund").

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Fund and the unit holders.

## **Taxation of the Fund**

The taxation of the Fund is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Fund comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as 'permitted expenses') not directly related to the production of income, as explained below.

"Permitted expenses" refer to the following expenses incurred by the Fund which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

- where
- A is the total of the permitted expenses incurred for that basis period;
  - B is gross income consisting of dividend<sup>1</sup>, interest and rent chargeable to tax for that basis period; and
  - C is the aggregate of the gross income consisting of dividend<sup>1</sup> and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

### Exempt income

The following income of the Fund is exempt from income tax:

- **Malaysian sourced dividends**

All Malaysian-sourced dividends should be exempt from income tax.

- **Malaysian sourced interest**

- (i) interest from securities or bonds issued or guaranteed by the Government of Malaysia;
- (ii) interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
- (iii) interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
- (iv) interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013<sup>2</sup>;
- (v) interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002<sup>2</sup>;
- (vi) interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)<sup>3</sup>; and
- (vii) interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.

- **Discount**

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

---

<sup>1</sup> Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

<sup>2</sup> Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the MITA shall not apply to a wholesale fund which is a money market fund.

<sup>3</sup> Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

## Foreign-sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

The Guidelines issued by the Malaysian Inland Revenue Board on 29 September 2022 define the term “received in Malaysia” to mean transferred or brought into Malaysia, either by way of cash<sup>4</sup> or electronic funds transfer<sup>5</sup>.

Foreign-sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Income Tax (Exemption) (No. 6) Order 2022 has been issued to exempt a “qualifying person”<sup>6</sup> from the payment of income tax in respect of dividend income, which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will however not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of “qualifying person” does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto.

## Gains from the realisation of investments

Pursuant to Section 61(1) (b) of the MITA, gains from the realisation of investments will not be treated as income of the Fund and hence, are not subject to income tax. Such gains may be subject to real property gains tax (RPGT) under the Real Property Gains Tax Act 1976 (RPGT Act), if the gains are derived from the disposal of chargeable assets, as defined in the RPGT Act.

## Implementation of Sales and Service Tax (“SST”)

Sales and Service Tax (“SST”) was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax at the rate of 6% is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to 6% service tax provided they fall within the scope of service tax (i.e. are provided by a “taxable person”, who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as “taxable services”).

---

<sup>4</sup> “Cash” in this context is defined as banknotes, coins and cheques.

<sup>5</sup> “Electronic funds transfer” means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

<sup>6</sup> “Qualifying person” in this context means a person resident in Malaysia who is:

- (a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;
- (b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or
- (c) A company which is incorporated or registered under the Companies Act 2016.

## **Taxation of unit holders**

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Fund.

The income of unit holders from their investment in the Fund broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

The tax implications of each of the above categories are explained below:

### **1. Taxable distributions**

Distributions received from the Fund will have to be grossed up to take into account the underlying tax paid by the Fund and the unit holder will be taxed on the grossed up amount.

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

### **2. Non-taxable and exempt distributions**

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Fund will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

## Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

Unit holders	Malaysian income tax rates
<p>Malaysian tax resident:</p> <ul style="list-style-type: none"> <li>• Individual and non-corporate unit holders (such as associations and societies)</li> <li>• Co-operatives<sup>7</sup></li> <li>• Trust bodies</li> <li>• Corporate unit holders <ul style="list-style-type: none"> <li>(i) A company with paid up capital in respect of ordinary shares of not more than RM2.5 million (at the beginning of the basis period for the year of assessment) and gross income from a source or sources consisting of a business not exceeding RM50 million for the basis period for the year of assessment<sup>8 9</sup></li> <li>(ii) Companies other than (i) above</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• Progressive tax rates ranging from 0% to 30%</li> <li>• Progressive tax rates ranging from 0% to 24%</li> <li>• 24%</li> <li>• First RM600,000 of chargeable income @ 17%</li> <li>• Chargeable income in excess of RM600,000 @ 24%</li> <li>• 24%</li> </ul>
<p>Non-Malaysian tax resident (Note 1):</p> <ul style="list-style-type: none"> <li>• Individual and non-corporate unit holders</li> <li>• Corporate unit holders and trust bodies</li> </ul>	<ul style="list-style-type: none"> <li>• 30%</li> <li>• 24%</li> </ul>

### Note 1:

Non-resident unit holders may be subject to tax in their respective countries depending on the provisions of the tax legislation in the respective countries and any existing double taxation arrangements with Malaysia.

<sup>7</sup> Pursuant to Paragraph 12(1), Schedule 6 of the MITA, the income of any co-operative society—

- (a) in respect of a period of five years commencing from the date of registration of such co-operative society; and
  - (b) thereafter where the members' funds [as defined in Paragraph 12(2)] of such co-operative society as at the first day of the basis period for the year of assessment is less than seven hundred and fifty thousand ringgit,
- is exempt from tax.

<sup>8</sup> A company would not be eligible for the 17% tax rate on the first RM600,000 of chargeable income if:-

- (a) more than 50% of the paid up capital in respect of the ordinary shares of the company is directly or indirectly owned by a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
- (b) the company owns directly or indirectly more than 50% of the paid up capital in respect of the ordinary shares of a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
- (c) more than 50% of the paid up capital in respect of the ordinary shares of the company and a related company which has a paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment is directly or indirectly owned by another company.

<sup>9</sup> The above excludes a business trust and a company which is established for the issuance of asset-backed securities in a securitization transaction approved by the Securities Commission.

### **Gains from sale of units**

Gains arising from the realisation of investments will generally not be subject to income tax in the hands of unit holders unless they are insurance companies, financial institutions or traders / dealers in securities.

### **Unit splits and reinvestment of distributions**

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- Unit splits – new units issued by the Fund pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- Reinvestment of distributions – unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Fund.

We hereby confirm that, as at the date of this letter, the statements made in this letter correctly reflect our understanding of the tax position under current Malaysian tax legislation and the related interpretation and practice thereof, all of which are subject to change, possibly on a retrospective basis. We have not been retained (unless specifically instructed hereafter), nor are we obligated to monitor or update the statements for future conditions that may affect these statements.

The statements made in this letter are not intended to be a complete analysis of the tax consequences relating to an investor in the Fund.
