**MARKET REVIEW (1 SEPTEMBER 2022 TO 31 AUGUST 2023)**

The FBMS Index increased by 107 points or 0.99% to 10,920.64 points (“pts”) over the financial year under review.

In the third quarter of 2022, the local market trended upwards on the back of optimism over China’s reopening. Although, this was briefly negated by renewed fears of a US recession with concerns of inflation staying higher for longer and as the pace of US Federal Reserve (the “Fed”) rate hikes starts taking a toll on the economy. Meanwhile, domestic political uncertainties have amplified the effects of global macroeconomic and geopolitical headwinds. Peering into the first two months of 2023, investors remained cautious leading up to Budget 2023 while renewed concerns over the Fed staying hawkish given persistent inflation coupled with encouraging consumption and employment data in the US recently further weighed on sentiment.

FBMS Index fell 81pts or –0.8%, ending the month of March 2023 at 10,716pts. Weakness was in line with the sell-off in regional markets as investors aggressively risked off following the collapse of several high-profile banks in the US and Europe, potentially triggering a global liquidity squeeze, and mounting worries that the Fed’s aggressive tightening may have finally taken a toll on the US economy. Market however rebounded towards the later part of the month following the Fed’s decision to go ahead with a 25 basis points (“bps”) hike, downplaying fears of a banking contagion and shifting attention back to inflation which has started to ease, albeit very gradually.

In April 2023, FBMS Index up marginally, up 20 pts or +0.19% at 10,737pts. Utilities, Commodities, Telcommunications did well during the month. Recent economic data out of the US were mixed. US consumer spending remains strong, up 3.7% over the same period (vs 1% in fourth quarter in 2022) on the back of low unemployment and solid wage gains.

**MARKET REVIEW (1 SEPTEMBER 2022 TO 31 AUGUST 2023) (CONTINUED)**

FBMS Index fell 191pts or –1.8%, ending the month of May 2023. The sell-off was relatively broad-based, with select stocks within defensive sectors showing green, it was largely triggered by the recent weakness of the Malaysian Ringgit on the back of poor Chinese data and consequently the depreciation of the Chinese Yuan. Further aggravating the situation was the stronger US Dollar due to concerns surrounding the US debt ceiling, and recent US data – encouraging payroll and wage, sticky inflation, and more recently a rebound in job openings - stoking bets on further rates hikes in the next Federal Open Market Committee (“FOMC”) meeting. FBMS Index fell 191pts to 10,414.87 or –1.8%, ending the month of June 2023. Investors remain weary of the sustained weakness of the Malaysian Ringgit, a rather uninspiring first quarter of 2023 corporate results although they were broadly in line, and domestic political uncertainties caused by the upcoming State elections. Expectations of a US recession have now been pushed back to 2024 given the still buoyant data points coming out of the US and consequently stoking bets of further rate hikes by the Fed in second half of 2023. In July 2023, FBMS Index gained 537.9 points to 10,952.72 or 5.16%, fully reversing the loss sustained for the entire year. Sentiment was sharply lifted by the slump in the US Dollar, benefiting the Malaysian Ringgit, and waning expectations of a US recession following recent favorable economic data points – cooling inflation and still resilient jobs market. Gainers were broad-based, with mainly large caps forging ahead.

FBMS Index lost 2.15 points to 10,920.54 or 0.29% in August 2023 dragged by Telcommunication despite huge interest in Property, Construction and Transport. Sentiment was dampened by rebound in the US dollar and rising US treasury yields on expectations of further interest rate hikes in the US as economic data points remain strong.

- Class X	1.93	(5.18)	(4.61)	(0.39)

For the financial year under review, all three classes namely Class A, Class C and Class X rose by 1.92%, 1.92%, and 1.93% respectively. All 3 classes outperformed their benchmark that increased by 0.99% during the same financial year under review. The outperformance of the Fund relative to its benchmark was driven mainly by the stock selection within the Target Fund.

\* Performance of Class A, Class C and Class X are almost the same. Slight variant was due to different timing of units created for each of the class.

For the financial year under review, the total NAV of Class A, Class C and Class X increased by 4.72%, 3.57%, and 9.04% respectively.

In addition, the Fund’s NAV per unit for all 3 classes increased by 1.94% during the same financial year under review. This was mainly due to the changes in value of the underlying asset.

Performance data represents the combined income and capital return as a result of holding units in the Fund for the specified length of time, based on NAV to NAV price. The performance data assumes that all earnings from the Fund are reinvested and are net of management and trustee fees. Past performance is not reflective of future performance and income distributions are not guaranteed. Unit prices and income distributions, if any, may fall and rise. ## **MARKET OUTLOOK\***

Market sentiment continued to improve on the back of reversal of foreign outflows and further inflows from the Local Institutions. We remain positive on the market. We remain constructive on sectors that stand to gain from the National Energy Transition Roadmap (“NETR”), including Utilities, Construction, Property, and selective Technology due to the ongoing structural growth trends in the sector. Key risks are the derailment of Malaysia’s macroeconomic recovery and corporate earnings growth due to the larger-than-expected impact of rising inflation, slower global economic growth, and heightened geopolitical risks.

\* This market outlook does not constitute an offer, invitation, commitment, advice or recommendation to make a purchase of any investment. The information given in this article represents the views of Principal Asset Management Berhad (“Principal Malaysia”) or based on data obtained from sources believed to be reliable by Principal Malaysia. Whilst every care has been taken in preparing this, Principal Malaysia makes no guarantee, representation or warranty and is under no circumstances liable for any loss or damage caused by reliance on, any opinion, advice or statement made in this market outlook.

## **INVESTMENT STRATEGY**

As this is a Feeder Fund category under the PRS, the Fund will continue to remain fully invested in the Target Fund with minimal cash kept for liquidity purposes.

## **SOFT COMMISSIONS AND REBATES**

Principal Asset Management Berhad (the “PRS Provider”), the Sub-Manager and the Trustee will not retain any form of rebate from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission will be directed to the account of the Principal Malaysia Funds (“Funds”).

The PRS Provider may retain goods and services (soft commission) provided by any broker or dealer if the following conditions are met:

- (a) the soft commission brings direct benefit or advantage to the management of the Fund and may include research and advisory related services;
- (b) any dealings with the broker or dealer is executed on terms which are the most favourable for the Fund; and
- (c) the availability of soft commission is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and The PRS Provider will not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commission.

During the financial year under review, the PRS Provider, the Sub-Manager and Trustee did not receive any rebates from the brokers or dealers, but the PRS Provider has retained soft commission in the form of goods and services such as financial wire services and stock quotations system incidental to investment management of the Funds. The PRS Provider confirms that the goods and services received were for the benefit of the Fund, the trades were made on a best execution basis and there was no churning of trades.

## **SECURITIES FINANCING TRANSACTIONS**

The Fund has not undertaken any securities lending or repurchase transactions during the financial year under review.

**STATE OF AFFAIR OF THE FUND**

In relation to this Fund, the Fund had issued the First Supplemental Disclosure Document dated 30 August 2023. We are of view that the changes above do not affect the existing members to stay invested in the Fund and it is not a significant change. Members may refer to Appendix 1 for the detailed list of changes.

There were no significant changes in the state of affairs of the Fund during the financial year and up to the date of PRS Provider's report, not otherwise disclosed in the financial statements.

**CIRCUMSTANCES THAT MATERIALLY AFFECT ANY INTEREST OF MEMBERS**

There were no circumstances that had materially affected the interest of the members during the financial year under review.

**CROSS TRADE**

No cross-trade transactions have been carried out during the financial year under review.

**UNIT SPLIT**

No unit split exercise has been carried out during the financial year under review.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF  
PRINCIPAL ISLAMIC PRS PLUS EQUITY**

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

*Opinion*

We have audited the financial statements of Principal Islamic PRS Plus Equity (the "Fund"), which comprise the statement of financial position of the Fund as at 31 August 2023, and statement of comprehensive income, statement of changes in net assets attributable to members and statement of cash flows of the Fund for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 8 to 28.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 August 2023, and of its financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

*Basis for opinion*

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Independence and other ethical responsibilities*

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF  
PRINCIPAL ISLAMIC PRS PLUS EQUITY (cont'd.)**

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (cont'd.)**

*Information other than the financial statements and auditors' report thereon*

The PRS Provider of the Fund (the "PRS Provider") is responsible for the other information. The other information comprises the information included in the annual report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

*Responsibilities of the PRS Provider and the Trustee for the financial statements*

The PRS Provider is responsible for the preparation of financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The PRS Provider is also responsible for such internal control as the PRS Provider determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the PRS Provider is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the PRS Provider either intends to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the PRS Provider maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF  
PRINCIPAL ISLAMIC PRS PLUS EQUITY (cont'd.)**

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (cont'd.)**

*Auditors' responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the PRS Provider.
- Conclude on the appropriateness of the PRS Provider's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the PRS Provider regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2023**

**1. THE FUND, THE PRS PROVIDER AND ITS PRINCIPAL ACTIVITIES**

Principal Islamic PRS Plus Equity (the “Fund”) is governed by a Deed dated 8 November 2012, a First Supplemental Deed dated 2 January 2014, a Second Supplemental Deed dated 25 November 2014 and Third Supplemental Deed dated 3 February 2020, a Fourth Supplemental Deed dated 17 December 2021, a Fifth Supplemental Deed dated 12 July 2022 and a Sixth Supplemental Deed dated 14 June 2023 (collectively referred to as the “Deeds”), made between Principal Asset Management Berhad (the “PRS Provider”) and Deutsche Trustees Malaysia Berhad (the “Trustee”).

The Fund offers three classes of units known respectively as Class A, Class C and Class X. In accordance with the Disclosure Document, subject to the PRS Provider’s absolute discretion, Class A and Class C are for an individual who has attained the age 18 years as of the date of opening a private pension account while Class X is for Member who participates via his/her employer. Class A and Class C have different Sales Charge and Management Fee while Class X has no Sales Charge.

The Fund will invest at least 85% of its NAV in the Target Fund, a Malaysian domiciled fund established on 7 May 1998, which invests in Malaysian Shariah-compliant equities. The Fund will also maintain up to a maximum of 15% of its NAV in liquid assets.

The asset allocation strategy for this Fund is as follows:

- At least 85% of the Fund’s NAV will be invested in the Target Fund; and
- Up to 15% of the Fund’s NAV may be invested in Islamic liquid assets for liquidity purpose.

Information on the Target Fund

Target Fund	: Principal DALI Equity Growth Fund

The Fund had issued the First Supplemental Disclosure Document dated 30 August 2023.

The PRS Provider, is a joint venture between Principal Financial Group®, a member of the FORTUNE 500® and a Nasdaq-listed global financial services and CIMB Group Holdings Berhad, one of Southeast Asia’s leading universal banking groups. The principal activities of the PRS Provider are the establishment and management of unit trust funds and fund management activities.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the financial statements:

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****(a) Basis of preparation**

The financial statements have been prepared in accordance with the provisions of the MFRS as issued by the Malaysian Accounting Standards Board (“MASB”) and IFRS as issued by the International Accounting Standards Board (“IASB”). The financial statements have been prepared under the historical cost convention, as modified by financial assets at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported year.

It also requires the PRS Provider to exercise their judgement in the process of applying the Fund’s accounting policies. Although these estimates and judgement are based on the PRS Provider’s best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2(j).

There are no other standards, amendments to standards or interpretations that are effective for financial year beginning on 1 September 2022 that have a material effect on the financial statements of the Fund.

None of the standards, amendments to standards or interpretations that are effective for financial year beginning on/after 1 September 2023 that are applicable to the financial statements of the Fund.

**(b) Financial assets and financial liabilities****Classification**

The Fund classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss, and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. Investment in Shariah-compliant collective investment scheme has contractual cash flows that do not represent solely payment of principal and interest<sup>1</sup> (“SPPI”), and therefore are classified as fair value through profit or loss.

The Fund classifies cash and cash equivalents and amount due from the PRS Provider – Creation of units as financial assets at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

All of the Fund’s financial liabilities are measured at amortised cost.

<sup>1</sup>For the purposes of this Fund, interest refers to profits earned from Shariah-compliant investments.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****(b) Financial assets and financial liabilities (continued)**Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date, the date on which the Fund commits to purchase or sell the asset. Shariah-compliant investments are initially recognised at fair value.

Financial instruments are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the Shariah-compliant investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Unrealised gains or losses arising from changes in the fair value of the financial assets at fair value through profit or loss are presented in the statement of comprehensive income within net gain or loss on financial assets at fair value through profit or loss in the financial year which they arise.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income when the Fund's right to receive payments is established.

Shariah-compliant collective investment scheme is valued based on the most recent published NAV per unit or share of such Shariah-compliant collective investment scheme or, if unavailable, on the last published price of such unit or share (excluding any sales charge included in such selling price).

Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective profit method.

Impairment for assets carried at amortised costs

The Fund measures credit risk and expected credit losses ("ECL") using probability of default, exposure at default and loss given default. The PRS Provider consider both historical analysis and forward looking information in determining any ECL. The PRS Provider consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12 month ECL as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by the PRS Provider as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****(b) Financial assets and financial liabilities (continued)**Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount. The Fund may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial year.

**(c) Income recognition**

Dividend income is recognised on the ex-dividend date when the right to receive payment is established.

Realised gain or loss on disposal of Shariah-compliant collective investment scheme is accounted for as the difference between net disposal proceeds and the carrying amount of Shariah-compliant investments, determined on a weighted average cost basis.

**(d) Functional and presentation currency**

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Malaysian Ringgit ("MYR" or "RM"), which is the Fund's functional and presentation currency.

**(e) Members' contributions**

The members' contributions to the Fund meet the definition of puttable instruments classified as financial liability under MFRS 132 "*Financial Instruments: Presentation*".

The Fund issues cancellable units, in three classes of units, known respectively as the Class A, Class C and Class X, which are cancelled at the member's option and do not have identical features subject to restrictions as stipulated in the Disclosure Document and SC Guidelines on PRS. The units are classified as financial liabilities. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's NAV of respective classes. The outstanding units are carried at the redemption amount that is payable at the date of statement of financial position if the member exercises the right to put back the unit to the Fund.

Units are created and cancelled at the member's option at prices based on the Fund's NAV per unit of respective classes at the close of business on the relevant dealing day. The Fund's NAV per unit of respective classes is calculated by dividing the net assets attributable to members of respective classes with the total number of outstanding units of respective classes.

**(f) Distribution**

Any distribution to the Fund's members is accounted for as distribution in the statement of comprehensive income as the members' contributions are classified as financial liabilities as per Note 2(e). Distribution is reinvested into the PRS on the ex-date. Reinvestment of units is based on the NAV per unit on the ex-date, which is also the time of creation. Proposed distributions are recognised as a liability in the financial year in which it is approved by the Trustee.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**(g) Cash and cash equivalents**

For the purpose of statement of cash flows, cash and cash equivalents comprise bank balances and Shariah-compliant deposits held in highly liquid investments with original maturities of three months or less that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

**(h) Taxation**

Current tax expense is determined according to Malaysian tax laws at the current rate based upon the taxable profit earned during the financial year.

**(i) Realised and unrealised portions of profit or loss after taxation**

The analysis of realised and unrealised portions of profit or loss after taxation as presented on the statement of comprehensive income is prepared in accordance with SC Guidelines on PRS.

**(j) Critical accounting estimates and judgements in applying accounting policies**

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information content of the estimates, certain key variables that are anticipated to have material impact to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgements are continually evaluated by the PRS Provider and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In undertaking any of the Fund's Shariah-compliant investment, the PRS Provider will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the SC Guidelines on PRS.

However, the PRS Provider is of the opinion that in applying these accounting policies, no significant judgement was required.

**3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES**

Financial instruments of the Fund were as follows:

	Financial assets at fair value through profit or loss RM	Financial assets at amortised cost RM	Total RM
<b>2023</b>			
Cash and cash equivalents (Note 9)	-	255,090	255,090

	<u>54,071,765</u>	<u>337,274</u>	<u>54,409,039</u>

**3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)**

Financial instruments of the Fund were as follows (continued):

	Financial assets at fair value through profit or loss RM	Financial assets at amortised cost RM	Total RM
<b>2022</b>			
Cash and cash equivalents (Note 9)	-	241,627	241,627

	<u>51,093,877</u>	<u>334,441</u>	<u>51,428,318</u>

All current liabilities are financial liabilities which are carried at amortised cost.

The investment objective of the Fund is to provide capital growth over the long-term by investing in a target fund with investment in Malaysian securities that comply with the Shariah principles.

The Fund is exposed to a variety of risks which include market risk (inclusive of price risk), credit risk and liquidity risk.

Financial risk management is carried out through internal control process adopted by the PRS Provider and adherence to the investment restrictions as stipulated in the Deeds and SC Guidelines on PRS.

**(a) Market risk**

**(i) Price risk**

This is the risk that the fair value of an investment in Shariah-compliant collective investment scheme will fluctuate because of changes in market prices. The value of investments in a Shariah-compliant collective investment scheme may fluctuate according to the activities of individual companies, sector and overall political and economic conditions. Such fluctuation may cause the Fund's NAV and prices of units to fall as well as rise, and income produced by the Fund may also fluctuate.

The price risk is managed through diversification and selection of Shariah-compliant collective investment scheme and other financial instruments within specified limits according to the Deeds.

The Fund's overall exposure to price risk was as follows:

	2023 RM	2022 RM
Financial assets at fair value through profit or loss:		
- Shariah-compliant collective investment scheme	<u>54,071,765</u>	<u>51,093,877</u>

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(a) Market risk (continued)

(i) Price risk (continued)

The table below summarises the sensitivity of the Fund's profit or loss and NAV to movements in prices of Shariah-compliant collective investment scheme at the end of each reporting year. The analysis is based on the assumptions that the price of the Shariah-compliant collective investment scheme fluctuated by 5% with all other variables held constant. This represents the PRS Provider's best estimate of a reasonable possible shift in the Shariah-compliant collective investment scheme, having regard to the historical volatility of the prices.

% Change in price of Shariah-compliant collective investment scheme	Market value RM	Impact on profit or loss/NAV RM
<b>2023</b>		
-5%	51,368,177	(2,703,588)
0%	54,071,765	-
+5%	56,775,353	2,703,588
<b>2022</b>		
-5%	48,539,183	(2,554,694)
0%	51,093,877	-
+5%	53,648,571	2,554,694

(b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligation resulting in financial loss to the Fund.

The credit risk arising from bank balance is managed by ensuring that the Fund will only place Shariah-compliant deposits in reputable licensed Islamic financial institutions

For amount due from the PRS Provider, the settlement terms of the proceeds from the creation of units receivables from the PRS Provider are governed by the SC Guidelines on PRS.

The following table sets out the credit risk concentration of the Fund at the end of each reporting year:

	Cash and cash equivalents RM	Amount due from the PRS Provider- Creation of units RM	Total RM
<b>2023</b>			
- AA1	255,090	-	255,090
- Not rated	-	82,184	82,184

- Not rated	-	92,814	92,814
	<u>241,627</u>	<u>92,814</u>	<u>334,441</u>

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(c) Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations.

The PRS Provider manages this risk by maintaining sufficient level of liquid assets to meet anticipated payments and cancellations of the units by members. Liquid assets comprise bank balance which are capable of being converted into cash within 7 business days.

The Fund's investments in Shariah-compliant collective investment scheme are realisable which are capable of being converted into cash within 10 business days. This is expected to reduce the risks for the entire portfolio without limiting the Fund's growth potentials. The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining period as at the statement of financial position date to the contractual maturity date. The amounts in the following table are the contractual undiscounted cash flows.

	Less than 1 month RM	Between 1 month to 1 year RM	Total RM
<b>2023</b>			
Amount due to the PRS Provider			
- Cancellation of units	7,088	-	7,088

<b>Contractual undiscounted cash flows</b>	<u><u>51,410,218</u></u>	<u><u>18,100</u></u>	<u><u>51,428,318</u></u>

\* Outstanding units are redeemed on demand at the member's option subject to requirements in the SC Guidelines on PRS. However, the PRS Provider does not envisage that the contractual maturity disclosed in the table above will be representative of the actual cash outflows, as holders of these instruments typically retain them for the medium to long term.

**3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)****(d) Capital risk management**

The capital of the Fund was represented by net assets attributable to members RM54,380,182 (2022: RM51,405,536). The amount of capital can change significantly on a daily basis as the Fund is subjected to daily subscriptions and redemptions at the discretion of members. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns to members and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

**(e) Fair value estimation**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair values of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the financial year end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the PRS Provider will determine the point within the bid-ask spread that is most representative of the fair value. An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

**(i) Fair value hierarchy**

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety.

If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(e) Fair value estimation (continued)

(i) Fair value hierarchy (continued)

The determination of what constitutes 'observable' requires significant judgement by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
<b>2023</b>				
Financial assets at fair value through profit or loss:				
- Shariah-compliant collective investment scheme	<u>54,071,765</u>	<u>-</u>	<u>-</u>	<u>54,071,765</u>

Financial assets at fair value through profit or loss:				
- Shariah-compliant collective investment scheme	<u>51,093,877</u>	<u>-</u>	<u>-</u>	<u>51,093,877</u>

Shariah-compliant investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include Shariah-compliant collective investment scheme. The Fund does not adjust the quoted prices for these instruments. The Fund's policies on valuation of these financial assets are stated in Note 2(b).

- (ii) The carrying values of cash and cash equivalents, amount due from the PRS Provider - Creation of units and all current liabilities are a reasonable approximation of their fair values due to their short-term nature.

4. MANAGEMENT FEE AND PRIVATE PENSION ADMINISTRATOR ADMINISTRATION FEE

In accordance with the Deeds, the PRS Provider is entitled to a maximum management fee of 3.00% per annum for each unit class, calculated daily based on the NAV of the Fund.

For the financial year ended 31 August 2023 and 31 August 2022, the management fee for the respective classes is recognised at the following rates:

Class A	Class C	Class X
1.40%	1.50%	1.40%

**4. MANAGEMENT FEE AND PRIVATE PENSION ADMINISTRATOR ADMINISTRATION FEE (CONTINUED)**

Nonetheless, no management fee is charged on the Fund for the financial year ended 31 August 2023 and 31 August 2022 as the management fee has been waived by the PRS Provider.

The Private Pension Administrator administration fee is recognised at a rate of 0.04% per annum (2022: 0.04% per annum) for each unit class, calculated daily based on the NAV of the Fund.

There was no further liability in respect of management fee and Private Pension Administrator administration fee other than the amount recognised above.

**5. TRUSTEE FEE**

In accordance with the Deeds, the Trustee is entitled to a maximum fee of 0.04% per annum for each unit class, calculated daily based on the NAV of the Fund. The Trustee fee includes local custodian fees and charges but excluding foreign custodian fees.

For the financial year ended 31 August 2023, the Trustee fee is recognised at a rate of 0.04% per annum (2022: 0.04% per annum) for each unit class.

There was no further liability to the Trustee in respect of Trustee fee other than the amount recognised above.

**6. DISTRIBUTION**

Distribution to members were derived from the following sources (assessed up to distribution declaration date):

Breakdown of distribution were as follows:

<b>Source of distribution</b>	<b>2023</b>		<b>2022</b>	
	<b>RM</b>	<b>%</b>	<b>RM</b>	<b>%</b>

**11. TOTAL EXPENSE RATIO (“TER”)**

	<b>2023</b>	<b>2022</b>
	%	%
TER	0.12	0.13

TER was derived from the following calculation:

$$\text{TER} = \frac{(A + B + C + D + E + F) \times 100}{G}$$

- A = Management fee
- B = Private Pension Administrator administration fee
- C = Trustee fee
- D = Tax agent’s fee
- E = Audit fee
- F = Other expenses
- G = Average NAV of the Fund calculated on a daily basis

The average NAV of the Fund for the financial year calculated on a daily basis was RM51,989,587 (2022: RM54,402,259).

**12. PORTFOLIO TURNOVER RATIO (“PTR”)**

	<b>2023</b>	<b>2022</b>
PTR (times)	0.04	0.04

PTR was derived based on the following calculation:

$$\frac{(\text{Total acquisition for the financial year} + \text{total disposal for the financial year}) \div 2}{\text{Average NAV of the Fund for the financial year calculated on a daily basis}}$$

where:

- total acquisition for the financial year = RM3,157,189 (2022: RM3,140,000)
- total disposal for the financial year = RM1,050,000 (2022: RM760,000)
