PRODUCT SUITABILITY

This Fund is suitable for investors who:

- (i) have a moderate risk appetite;
- (ii) seek returns from the income distributed and/or capital appreciation from a global Shariah-compliant fixed income instruments portfolio; and
- (iii) have a medium to long term* investment horizon.

*Note: * "medium to long term" in this context refers to a period between 3 – 7 years.*

KEY PRODUCT FEATURES

INVESTMENT OBJECTIVE

The aim of the Fund is to provide income[^] and medium to long-term* capital growth by investing into global sukuk.

Note: ^ The income is in the form of units.

** "medium to long term" in this context refers to a period between 3 – 7 years.*

INVESTMENT STRATEGY

In managing the Fund, the Manager will actively seek out global Shariah-compliant fixed income instruments such as sukuk, Islamic commercial papers, Islamic bankers' acceptances and Islamic notes that are able to offer attractive yields (i.e. yields, net of the Fund's expenses that are greater than the Fund's benchmark) and/or capital appreciation. These are Shariah-compliant fixed income instruments issued by corporations, financial institutions, supra-nationals, governments and their agencies globally. The Fund's investments may also include Islamic money market instruments and placements of cash in Islamic accounts.

The Manager will invest in a portfolio of global Shariah-compliant fixed income instruments, with at least 80% of the Fund's net asset value ("NAV") in sukuk to lock-in the yield. The Manager may trade the Shariah-compliant fixed income instruments as and when opportunities arise and/or to risk manage the credit/default risk of the Shariah-compliant fixed income instruments' issuers or in response to external adverse events affecting any of the Shariah-compliant fixed income instruments in the Fund's portfolio.

The Fund's portfolio will be structured as follows:

90% to 100% of the Fund's NAV - Investments in global Shariah-compliant fixed income instruments of which at least 80% of the Fund's NAV in sukuk.
Up to 10% of the Fund's NAV - Investments in Islamic liquid assets including Islamic money market instruments and placements of cash in Islamic accounts.

Although the Fund is actively managed, how active or the frequency of its trading strategy will very much depend on market opportunities.

The Fund will be managed with a focus on providing a yield at an acceptable risk level. The Manager aims to create a portfolio comprising Shariah-compliant fixed income instruments denominated in any currency. These can be Shariah-compliant fixed income instruments issued by corporations, financial institutions, supra-nationals, governments and their agencies globally. Shariah-compliant fixed income instruments that are issued by Malaysian corporations or financial institutions shall carry a rating of **at least top three credit rating (including gradation and subcategories)** at the point of purchase by any domestic rating agencies. Foreign Shariah-compliant fixed income instruments shall carry a rating of **at least one credit rating (including gradation and subcategories) below investment grade** at the point of purchase by any global rating agencies. Shariah-compliant fixed income instruments issued by supra-nationals, governments and their agencies need not be rated. However, the Fund will only invest in unrated Shariah-compliant fixed income instruments issued by supra-nationals, governments and their agencies if these instruments are determined by the Manager to be of comparable quality to Shariah-compliant fixed income instruments with a minimum rating of **at least top three credit rating (including gradation**

KEY PRODUCT FEATURES

and subcategories) as assigned by any domestic rating agencies or **at least one credit rating (including gradation and subcategories) below investment grade** as assigned by any global rating agencies or its equivalent rating by a reputable rating establishment.

In managing the portfolio, should a Shariah-compliant fixed income instrument be downgraded to below the above stated ratings by the respective rating agencies, the Manager will as soon as reasonably practicable dispose this Shariah-compliant fixed income instrument. When the Manager disposes a Shariah-compliant fixed income instrument (whether in the ordinary course of managing this Fund or as a result of downgrading of a Shariah-compliant fixed income instrument), the proceeds will be used to invest in other Shariah-compliant fixed income instruments in accordance with the stated objective, strategy, restrictions and limits.

The Manager may take temporary defensive positions that may be inconsistent with the Fund's investment strategy in response to adverse economic, political or any market conditions. In such circumstances, the Fund may hold up to 100% of its assets in Islamic liquid assets as a defensive strategy.

Other risk management strategies and techniques employed by the Manager include diversification of the Fund's investments in terms of its exposure to various industries, sectors and countries. The Fund also complies with the permitted investments and restrictions imposed by the Securities Commission Malaysia. Adherence to these permitted investments and restrictions helps the Manager to risk-manage the Fund's portfolio in terms of its diversification. Moreover, the Manager in making its investment decisions shall at all times comply with the investment restrictions of the Fund and requirements as set out in the deed of the Fund.

BENCHMARK

RHB Islamic Bank Berhad's 12-month Commodity Murabahah Deposit-i.

DISTRIBUTION

DISTRIBUTION POLICY - The Fund will declare distributions, if any, to unit holders of the Fund ("Unit Holder(s)") depending on the level of income generated at each relevant period. Distribution, if any, after deduction of taxation and expenses (i.e. net distribution) is declared annually.

DISTRIBUTION MODE - Distributions, if any, after deduction of taxation and expenses (i.e. net distribution), will be reinvested to purchase additional units of the Fund based on the NAV per unit as at the first Business Day after units of the Fund are quoted ex-entitlement. Allotment of such units shall be within two (2) weeks thereafter. No sales charge will be imposed for any reinvestment of distribution into the Fund.

KEY RISKS

CREDIT/DEFAULT RISK - This risk refers to the creditworthiness of the issuers of Shariah-compliant fixed income instruments and the expected ability of the issuers to make timely payment of profit and/or principal. Shariah-compliant fixed income instruments are subject to both actual and perceived measures of creditworthiness. The downgrading of a rated Shariah-compliant fixed income instrument or adverse publicity and investor perception (whether in relation to the Shariah-compliant fixed income instrument itself or the issuer of the Shariah-compliant fixed income instrument) could decrease the value and liquidity of the Shariah-compliant fixed income instrument, particularly in a thinly traded market. An economic recession may adversely affect an issuer's financial condition and the market value of Shariah-compliant fixed income instruments issued by such an entity. The issuer's ability to service its payment obligations may be adversely affected by specific issuer developments, or the issuer's inability to meet specific projected business forecasts. All these factors may impact the value of the Fund or result in the Fund experiencing losses.

CURRENCY RISK - As the Fund may invest 90% to 100% of its NAV in global Shariah-compliant fixed income instruments denominated in any currency, the Fund is therefore subject to currency risk. Fluctuation in foreign exchange rates will affect the value of the Fund's foreign investments when converted into local currency and subsequently the value of Unit Holders' investments. The Fund may participate in Shariah-compliant currency hedging instruments to mitigate the currency risk, whenever necessary.

INTEREST RATE RISK - Interest rate is a general indicator that will have an impact on the management of a fund regardless whether it is a Shariah-compliant fund or otherwise. It does not in any way suggest that the Fund will invest in fixed income instruments which are Shariah non-compliant. Thus, interest rate changes would affect the performance of the Fund's portfolio of Shariah-compliant fixed income instruments. In the event of rising interest rates, prices of such affected Shariah-compliant fixed income instruments will generally decrease and vice versa. Meanwhile Shariah-compliant fixed income instruments with longer tenures and lower profit rates are more sensitive to interest rate changes. This risk will be mitigated via the management of the duration structure of the portfolio of Shariah-compliant fixed income instruments for the Fund.

COUNTRY RISK - In addition to currency risk, the Fund is also subject to country risk, for example the value of the assets of the Fund may be affected by the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund may invest in. Further, when investing in foreign markets, there are countries which may require prior approvals before investments can take place. For example, if and when the Fund invests in countries that require the application of an investment licence or registration of an investor code before any investment can be made in these countries. As such, if investments in such countries are undertaken, there may be a risk that such registration or licence may be revoked or not renewed by the relevant authority and the Fund's investment in these countries may be affected. The effect on the Fund's investments will depend on the regulatory requirements of the respective countries. For example, if a foreign market requires the Fund to obtain an investment licence which is subject to renewal and if such investment licence is not renewed in a timely manner, this may result in the Fund's investment account in that country to be frozen by the regulator resulting in investment activities for the Fund in that country to be suspended. To mitigate this risk, the Manager will monitor closely the adherence of investment regulatory requirements in such countries.

INFLATION RISK - Inflation is defined as increase of price level of goods and services and is commonly reported using the consumer price index as a measure. Inflation is one of the major risks to investors and results in uncertainty over the future value of the investments. Inflation reduces the purchasing power of money. In an inflationary environment, Shariah-compliant fixed income instruments are exposed to higher inflation risks than equities due to its fixed returns nature as compared to equities where returns are variable. As the Fund primarily invests in Shariah-compliant fixed income instruments where the returns are fixed, inflation will have an impact of reducing the fixed income real return (return of fixed income instrument less inflation rate) and correspondingly the Fund's real return.

RECLASSIFICATION OF SHARIAH STATUS RISK - This risk refers to the risk that the currently held Shariah-compliant fixed income instruments invested by the Fund may be declared as Shariah non-compliant by the relevant authority. In the event the sukuk and Islamic money market instruments held by the Fund are declared as Shariah non-compliant by Shariah Adviser of the Fund, the instruments will be disposed in accordance with rules and decision by the Shariah Adviser.

Note: If your investments are made through an institutional unit trust scheme adviser ("IUTA") which adopts the nominee system of ownership, you would not be deemed to be a Unit Holder under the deed of the Fund and as a result, you may not exercise all the rights ordinarily conferred to a Unit Holder (e.g. the right to call for Unit Holders' meetings and the right to vote at a Unit Holders' meeting). Accordingly, the Manager will only recognise the IUTA as a Unit Holder and the IUTA shall be entitled to all the rights conferred to it under the deed of the Fund.

Minimum Investment Initial	RM500,000.00	RM100.00	USD500,000.00	USD100.00	SGD500,000.00	SGD100.00
Minimum Investment Additional	RM250,000.00	RM100.00	USD250,000.00	USD100.00	SGD250,000.00	SGD100.00
Minimum Investment Balance	100 units or such other lower quantity as the Manager may from time to time decide.					
Minimum Redemption of Units	Any number of units.					
Frequency of Redemption of Units	No restriction.					
Switching Facility and Frequency of Switching	Available. Unit Holders may switch to units of any unit trust fund under the management of the Manager that are of the same currency units and that allow switching. The minimum amount for a switch into another fund is one hundred (100) units or such other quantity as the Manager may from time to time decide. There is no restriction as to the number of switches a Unit Holder may perform or the frequency of switching. The minimum investment balance must be at least one hundred (100) units or such other lower quantity as the Manager may from time to time decide after the switch. Following a switching transaction, if the quantity of units held by a Unit Holder in the Fund falls below its minimum investment balance, the Manager can switch the entire investment and forward the proceeds to the fund that the Unit Holder intends to switch into. The Manager however, reserves the right to vary these terms.					
Transfer Facility	Available. Unit Holders may transfer their holdings of units to another investor by forwarding the completed form of transfer to the Manager's registered/principal office or any of its branches, or to any of its participating IUTAs and any other authorized distributors before their respective cut-off times. However, the Manager may decline to register any partial transfer of units if the registration would result in the transferor or the transferee holding less than one hundred (100) units or such other lower quantity as the Manager may from time to time decide. The Manager may also refuse an entry of transfer during the fourteen (14) days preceding an income distribution date.					

An investor may request for a lower minimum initial investment, lower minimum additional investment, lower minimum investment balance or lower minimum amount for a switch which the Manager may accept at its absolute discretion from time to time.

Note: If the Fund is an EPF-MIS approved fund and you invest via EPF-MIS, the minimum initial investment shall be RM1,000.00 (or any other amount as may be determined by EPF).

TRANSACTION INFORMATION

Subscription Settlement	Payment must be made in the currency of the class subscribed on subscription date.
Redemption Settlement	Units of the Fund can be redeemed by forwarding the completed form of request to repurchase to the Manager's registered/principal office or any of its branches, or to any of its participating IUTAs and any other authorised distributors before their respective cut-off times on any Business Day. All redemption requests will be processed in accordance with the redemption conditions for the Fund. The redemption monies will be paid within seven (7) Business Days after receipt by the Manager of the request to repurchase. <i>Note: If you have invested via the EPF-MIS, the redemption monies will be credited back into your EPF accounts.</i>
Cooling-off Period	Unit Holders have the right to request for a refund of their investment within six (6) Business Days which shall be effective from the date of receipt of the application by the Manager, subject to eligibility. <i>Note: If you have invested via the EPF-MIS, the cooling-off period shall be subject to EPF's terms and conditions.</i>
Business Day	A day (other than Saturdays, Sundays and public holidays) in which the stock exchange managed or operated by Bursa Malaysia Securities Berhad is open for trading; and the markets in which at least 50% of the NAV (in aggregate) invested therein, are also open for trading.
Dealing Hours	9:00 a.m. to 4:00 p.m. (Malaysia time) on any Business Day or such later time as the Manager may determine provided always the complete applications for the Fund are received before the next valuation point. The Manager may also vary the dealing hours as it may deem appropriate. Investors will be notified on the change of dealing hours via email or notification published on the Manager's website.
Other Information	<ul style="list-style-type: none">• The assets of the Fund are pooled and invested as a single fund and are not segregated in respect of each class.• The classes may differ in terms of currency denomination, rate of fees and charges and transaction details. Save for these differences, Unit Holders of each class have the same rights and liabilities under the deed of the Fund.• A separate NAV per unit will be calculated for each class.• The NAV per unit will be denominated in the currency of the respective class and may differ between classes as a consequence of the various features of each class.• US Person is not eligible to subscribe to the units of the Fund. If a Unit Holder is a US Person or subsequently becomes a US Person, the Manager will issue a notice to that US Person requiring him/her to either redeem all the units of the Fund or transfer all the units of the Fund to a non-US Person, within thirty (30) days from the date of the notice. The Manager shall have the right to compulsorily redeem all the units held by the said US Person after thirty (30) days from the date of the notice if the US Person fails to redeem or transfer his/her units within the stipulated period.• If the Fund is eligible to be invested via the EPF-MIS and you transfer your moneys from your EPF account to invest in the Fund, the investments made by the Fund as well as your investment in the Fund from your EPF account will be subject to the EPF's requirements. YOU SHOULD NOT MAKE PAYMENT IN CASH TO A UNIT TRUST CONSULTANT OR ISSUE A CHEQUE IN THE NAME OF A UNIT TRUST CONSULTANT.

VALUATIONS AND EXITING FROM INVESTMENT

VALUATION OF ASSETS

The Fund must be valued at least once every Business Day. As the Fund invests in foreign market, which may have different time zones from that of Malaysia, the valuation of the Fund for a Business Day will be conducted by 5.00 p.m. (or such other time as may be determined by the Manager from time to time) on the following day on which the Manager is open for business. Accordingly, the price of the Fund for a particular Business Day will not be published online on the Manager's website on the next day but will instead be published the next following day (i.e. price will be two (2) days old). This will be specifically indicated on the Manager's website. Investors may obtain the most current computed prices by contacting the Manager directly or visiting the Manager's website, www.rhbgroup.com.

EXITING FROM THIS INVESTMENT

The repurchase price shall be the NAV per unit of the respective class as at the next valuation point of the Fund's relevant Business Day after the redemption request for units is received by the Manager ("forward pricing"). The Manager does not charge any repurchase charge for this Fund. Units of the Fund can be redeemed by forwarding the completed form of request to repurchase to the Manager's registered/principal office or any of its branches, or to any of its participating IUTAs and any other authorised distributors before their respective cut-off times on any Business Day. All redemption requests will be processed in accordance with the redemption conditions for the Fund. The redemption monies will be paid within seven (7) Business Days after receipt by the Manager of the request to repurchase. Where applicable, if you have invested via the EPF-MIS, the redemption monies will be credited back into your EPF accounts. For partial redemption, the balance of units after the redemption must be at least one hundred (100) units or such other lower quantity as the Manager may from time to time decide (the "minimum investment balance"). There is no restriction on the number of units a Unit Holder can redeem out of the Unit Holder's investments or the frequency of redemptions in a year. If the balance of units held after the redemption is less than the minimum investment balance, the Manager can withdraw the entire investment and forward the proceeds to the Unit Holder.
