# C. AMENDMENTS TO THE FUND INFORMATION

1. Section 1.1.3 General Information of Classes Available for Investment in the Fund on page 5 of the Prospectus is hereby updated by inserting the following additional information after the last bullet point:

#### 1.1.3 General Information of Classes Available for Investment in the Fund

- US Person is not eligible to subscribe to the Units of the Fund. If a Unit Holder is a US Person or subsequently becomes a US Person, the Manager will issue a notice to that US Person requiring him/her to either redeem all the Units of the Fund or transfer all the Units of the Fund to a non-US Person, within thirty (30) days from the date of the notice. The Manager shall have the right to compulsorily redeem all the Units held by the said US Person after thirty (30) days from the date of the notice if the US Person fails to redeem or transfer his/her Units within the stipulated period.
- 2. Section 1.2.2 Investment Strategy on pages 6 to 7 of the Prospectus is hereby deleted in its entirety and replace with the following:

#### 1.2.2 Investment Strategy

In managing the Fund, the Manager will actively seek out global Shariah-compliant fixed income instruments such as sukuk, Islamic commercial papers, Islamic bankers' acceptances and Islamic notes that are able to offer attractive yields (i.e. yields, net of the Fund's expenses that are greater than the Fund's benchmark) and/or capital appreciation. These are Shariah compliant fixed income instruments issued by corporations, financial institutions, supra-nationals, governments and their agencies globally. The Fund's investments may also include Islamic money market instruments and Placements of Cash in Islamic accounts.

The Manager will invest in a portfolio of global Shariah-compliant fixed income instruments, with at least 80% of the Fund's NAV in sukuk to lock-in the yield. The Manager may trade the Shariah compliant fixed income instruments as and when opportunities arise and/or to risk manage the credit/default risk of the Shariah-compliant fixed income instruments' issuers or in response to external adverse events affecting any of the Shariah-compliant fixed income instruments in the Fund's portfolio.

This Fund's portfolio will be structured as follows:

90% to 100% of its NAV

 Investments in global Shariah-compliant fixed income instruments of which at least 80% of its NAV in sukuk.

Up to 10% of its NAV

- Investments in Islamic liquid assets including Islamic money market instruments and Placements of Cash in Islamic accounts.

Although the Fund is actively managed, how active or the frequency of its trading strategy will very much depend on market opportunities.

The Fund will be managed with a focus on providing a yield at an acceptable risk level. The Manager aims to create a portfolio comprising Shariah-compliant fixed income instruments denominated in any currency. These can be Shariah-compliant fixed income instruments issued by corporations, financial institutions, supra-nationals, governments and their agencies globally. Shariah-compliant fixed income instruments that are issued by Malaysian corporations or financial institutions shall carry a rating of at least A3 at the point of purchase by RAM or its equivalent rating by a reputable rating establishment. Foreign Shariah compliant fixed income instruments shall carry a rating of Ba3 or higher at the point of purchase by Moody's or its equivalent rating by a reputable rating agency. Shariah-compliant fixed income instruments issued by supra-nationals, governments and their

agencies need not be rated. However, the Fund will only invest in unrated Shariah-compliant fixed income instruments issued by supra-nationals, governments and their agencies if these instruments are determined by the Manager to be of comparable quality to Shariah-compliant fixed income instruments with a minimum rating of A3 by RAM or Ba3 by Moody's or its equivalent rating by a reputable rating agency.

In managing the portfolio, should a Shariah-compliant fixed income instrument be downgraded to below the above stated ratings by the respective rating agencies, the Manager will as soon as reasonably practicable dispose this Shariah-compliant fixed income instrument. When the Manager disposes a Shariah-compliant fixed income instrument (whether in the ordinary course of managing this Fund or as a result of downgrading of a Shariah-compliant fixed income instrument), the proceeds will be used to invest in other Shariah-compliant fixed income instruments in accordance with the stated objective, strategy, restrictions and limits.

The Manager may take temporary defensive positions that may be inconsistent with the Fund's investment strategy in response to adverse economic, political or any market conditions. In such circumstances, the Fund may hold up to 100% of its assets in Islamic liquid assets as a defensive strategy.

Other risk management strategies and techniques employed by the Manager include diversification of the Fund's investments in terms of its exposure to various industries, sectors and countries. The Fund also complies with the permitted investments and restrictions imposed by the Securities Commission. Adherence to these permitted investments and restrictions helps the Manager to risk-manage the Fund's portfolio in terms of its diversification. Moreover, the Manager in making its investment decisions shall at all times comply with the investment restrictions of the Fund and requirements as set out in the Deed.

The performance of the Fund is benchmarked against the Maybank Islamic Berhad's 12months Islamic Fixed Deposit-i. For ease of reference, investors may refer to www.maybank2u.com.my for this benchmark or investors may request for this benchmark by calling us at 03-9205 8000 at any time during our office hours: Mondays through Fridays from 9.00 a.m. -5.00 p.m. or e-mail us at rhbiiam.enquiry@rhbgroup.com. This benchmark will be published in the Fund's financial reports. As the Fund invests across various Shariah compliant fixed income instruments of different ratings, investors of this Fund will assume a higher risk as compared to a depositor of the Maybank Islamic Berhad's 12-months Islamic Fixed Deposit-i. Therefore, Unit Holders should expect the Fund to outperform the benchmark.

Section 10 Tax Adviser's letter on the Taxation of the Fund and Unit Holders on pages 42 to 45 of the Prospectus is hereby deleted in its entirety and replaced with the following:

(Prepared for inclusion in this Supplementary Prospectus)

#### **Private and Confidential**

RHB Islamic International Asset Management Berhad Level 8, Tower 2 & 3 RHB Centre, Jalan Tun Razak 50400 Kuala Lumpur

15 September 2020

Dear Sirs

Re: Taxation of the Funds and Unit Holders

This letter has been prepared for inclusion in this Supplementary Prospectus to prospectus dated 8 September 2017 relating to RHB Global Sukuk Fund ("the Fund"):-

#### Taxation of the Fund

#### Income Tax

The Fund is a unit trust for Malaysian tax purposes. The taxation of the Fund is therefore governed principally by Sections 61 and 63B of the Income Tax Act, 1967 ("the Act").

Any reference to interest in the Act shall apply, mutatis mutandis, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

Subject to certain exemptions, the income of the Fund in respect of investment income derived from or accruing in Malaysia is liable to income tax at the rate of 24% effective Year of Assessment ("YA") 2016.

Gains from the realisation of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to tax in the country from which it is derived.

Interest income earned by the Fund from the following are exempt from tax:-

- any savings certificates issued by the Government; or
- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia; or

- a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013<sup>N1</sup>; or
- any development financial institution regulated under the Development Financial Institutions Act 2002<sup>N1</sup>; or
- sukuk originating from Malaysia, other than convertible loan stocks, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission, or approved by the Labuan Financial Services Authority<sup>N2</sup>.

The Fund may receive dividends, interest and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia by a resident unit trust is exempt from Malaysian income tax. However, such income may be subject to tax in the country from which it is derived.

Discounts earned by the Fund from the following are also exempt from tax: -

- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia.

Tax deductions in respect of the Fund's expenses such as manager's remuneration, expenses on maintenance of register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage ("permitted expenses") are allowed based on a prescribed formula subject to a minimum of 10% and a maximum of 25% of the total permitted expenses.

Single tier Malaysian dividends received by the Fund are exempt from tax and expenses in relation to such dividend income are disregarded.

## Real Property Gains Tax ("RPGT")

Gains on disposal of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to RPGT in Malaysia, if the gains are derived from sale of Malaysian real properties and shares in Malaysian real property companies (as defined). Such gains would be subject to RPGT at the applicable rate depending on the holding period of the chargeable assets.

## Sales Tax and Service Tax

The Goods and Services Tax ("GST") has been replaced by Sales Tax and Service Tax effective from 1 September 2018.

Under the Sales Tax Act 2018, Service Tax Act 2018 and subsidiary legislation, the sales tax rate for taxable goods is 5% or 10% while the service tax rate for taxable services is generally 6%. There are certain goods which are exempted from sales tax.

The issue, holding or redemption of any unit under a trust fund does not fall within the list of taxable services under the First Schedule of the Service Tax Regulations 2018 and hence, is not subject to service tax. The investment activities of the Fund such as buying and selling of securities and deposits

<sup>&</sup>lt;sup>NI</sup> Effective from 1 January 2019, the exemption shall not apply to the interest paid or credited to a unit trust that is a wholesale fund which is a money market fund.

<sup>&</sup>lt;sup>N2</sup> Effective from YA 2017, income tax exemption shall not apply to interest paid or credited to a company in the same group, licensed banks and prescribed development financial institutions.

INVESTORS ARE ADVISED TO READ AND UNDERSTAND THE CONTENTS OF THIS SUPPLEMENTARY PROSPECTUS DATED 1 JANUARY 2021 WHICH IS TO BE READ TOGETHER WITH THE PROSPECTUS DATED 8 SEPTEMBER 2017.

in financial institutions are also not subject to service tax. As such, if the Fund is only deriving income from such activities, the Fund is not liable to be registered for service tax.

However, certain expenses incurred by the Fund such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007. The service tax incurred by the Fund is a cost to the Fund and is not recoverable, unlike the GST input tax which is claimable under the GST regime.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

#### **Taxation of Unit Holders**

#### Income Tax

Unit holders are taxed on an amount equivalent to their share of the total taxable income of the Fund, to the extent that this is distributed to them. The income distribution from the Fund may carry with it applicable tax credits proportionate to each unit holder's share of the total taxable income in respect of the tax paid by the Fund. Unit holders will be entitled to utilise the tax credit as a set off against the tax payable by them. Any excess over their tax liability will be refunded to the unit holders. No other withholding tax will be imposed on the income distribution of the Fund.

Corporate unit holders, resident or non-resident in Malaysia, would be taxed at the corporate tax rate of 24% (effective from YA 2016), on distributions of income from the Fund to the extent of an amount equivalent to their share of the total taxable income of the Fund. Corporate unit holders in Malaysia with paid-up capital in the form of ordinary shares of RM2.5 million and below will be subject to a tax rate of 17% on chargeable income of up to RM600,000, effective from YA 2020. This concessionary income tax rate is given only to corporate unit holders having gross business income for the relevant year of assessment of not more than RM50 million, in addition to the share capital requirement. For chargeable income in excess of RM600,000, the tax rate of 24% is still applicable.

However, the said tax rate of 17% on chargeable income of up to RM600,000 would not apply if more than 50% of the paid up capital in respect of ordinary shares of that corporate unit holder is directly or indirectly owned by a related company which has a paid up capital exceeding RM2.5 million in respect of ordinary shares, or vice versa, or more than 50% of the paid up capital in respect of ordinary shares of both companies are directly or indirectly owned by another company.

Individuals and other non-corporate unit holders who are resident in Malaysia will be subject to income tax at scale rates. The scale tax rates range from 0% to 30% with effect from YA 2020.

Individuals and other non-corporate unit holders who are not resident in Malaysia, for tax purposes, are subject to Malaysian income tax at the rate of 30% with effect from YA 2020. Non-resident unit holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdiction.

The distribution of single-tier Malaysian dividends and tax exempt income by the Fund will not be subject to tax in the hands of the unit holders in Malaysia. Distribution of foreign income will also be exempt in the hands of the unit holders.

Units split by the Fund will be exempt from tax in Malaysia in the hands of the unit holders.

Any gains realised by the unit holders (other than financial institutions, insurance companies and those dealing in securities) from the transfer or redemption of the units are generally treated as capital gains which are not subject to income tax in Malaysia. However, certain unit holders may be subject to income tax in Malaysia on such gains, due to specific circumstances of the unit holders.

#### Sales Tax and Service Tax

Only taxable services listed in the First Schedule of the Service Tax Regulations 2018 are subject to service tax, which exclude investment income or gains.

However, legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

The tax position is based on our understanding and interpretation of the Malaysian tax legislations and proposals as they stand at present. All prospective investors should not treat the contents of this letter as advice relating to taxation matters and are advised to consult their own professional advisers concerning their respective investments.

Yours faithfully

-t-

- RHBAM are not allowed to give tax advice. Please consult your tax adviser if you require assistance in determining your tax residence(s).
- Controlling Person" (applicable to non-individual only) are the natural person(s) who exercise control over an entity Where that entity is treated as a Passive Non-Financial Entity ("Passive NFE") then a Financial Institution is required to determine whether or not these Controlling Persons are Reportable Persons. This definition corresponds to the term "beneficial owner" described in Recommendation 10 and the Interpretative Note on Recommendation 10 of the Financial Action Task Force Recommendations (as adopted in February 2012). Where the settlor(s) of a trust is an Entity then the CRS requires Financial Institutions to also identify the Controlling Persons of the settlor(s) and when required report them as Controlling Persons of the trust. In the case of a legal arrangement other than a trust, Controlling Person(s) means persons in equivalent or similar positions.
- "Participating Jurisdiction" means a jurisdiction with which an agreement is in place pursuant to which it will provide the information required on the automatic exchange of financial account information set out in the CRS.
- "Reportable Jurisdiction" is a jurisdiction with which an obligation to provide financial account information is in place.
- "Tax Resident" refers to the definition of tax residence by each participating jurisdiction as provided on [https://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/taxresidency/id.en.347760). In general, you will find that tax residence is the country/jurisdiction in which you live. Special circumstances may cause you to be resident elsewhere or resident in more than one
- country/jurisdiction at the same time (dual residency). For more information on tax residence, please consult your tax adviser or the information at the OECD automatic exchange of information portal mentioned above
- "TIN" (including "functional equivalent") means Taxpayer Identification Number or a functional equivalent in the absence of a TIN. A TIN is a unique combination of letters or numbers assigned by a jurisdiction to an individual or an Entity and used to identify the individual or Entity for the purposes of administering the tax laws of such jurisdiction. Further details of acceptable TINs can be found at the following link [https://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/tax-identification-numbers]. Some jurisdictions do not issue a TIN. However, these jurisdictions often utilize some other high integrity number with an equivalent level of identification (a "functional equivalent"). Examples of that type of number include, for Entities, a Business/company registration code/number.
- "US Person" refers to a US Person as defined in Section 7701 (a) (30) of the Internal Revenue Code and includes an individual who is a citizen or resident of the US.

#### 11.0 UT LOAN FINANCING RISK DISCLOSURE STATEMENT

Investing in a unit trust fund with borrowed money is more risky than investing with your own savings. You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financing circumstances. You should be aware of the risk, which would include the following:-

a. The higher the margin of financing (that is, the amount of money you borrow for every Ringgit of your own money that you put in as deposit or down payment) the greater the loss or gain on your investment. b. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased. c. If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the prescribed time, your units may be sold towards the settlement of your loan.

d. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are incurred instead. Whether you eventually realise a gain or incur loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

# C. AMENDMENTS TO THE FUND INFORMATION

1. A new Section 1.1.2A Fund Type is hereby inserted immediately after Section 1.1.2 Fund Category on page 6 of the Prospectus:

#### 1.1.2A Fund Type

Income and growth.

 The information on "Investment Strategy" in Section 1.2.2 on pages 6 to 7 of the Prospectus and Section C (2) on pages 3 to 4 of the Supplementary Prospectus is hereby deleted in its entirety and replaced with the following:

#### 1.2.2 Investment Strategy

In managing the Fund, the Manager will actively seek out global Shariah-compliant fixed income instruments such as sukuk, Islamic commercial papers, Islamic bankers' acceptances and Islamic notes that are able to offer attractive yields (i.e. yields, net of the Fund's expenses that are greater than the Fund's benchmark) and/or capital appreciation. These are Shariah compliant fixed income instruments issued by corporations, financial institutions, supra-nationals, governments and their agencies globally. The Fund's investments may also include Islamic money market instruments and Placements of Cash in Islamic accounts.

The Manager will invest in a portfolio of global Shariah-compliant fixed income instruments, with at least 80% of the Fund's Net Asset Value in sukuk to lock-in the yield. The Manager may trade the Shariah-compliant fixed income instruments as and when opportunities arise and/or to risk manage the credit/default risk of the Shariah-compliant fixed income instruments' issuers or in response to external adverse events affecting any of the Shariah-compliant fixed income instruments in the Fund's portfolio.

The Fund's portfolio will be structured as follows:

90% to 100% of the Fund's Net Asset Value

- Investments in global Shariah-compliant fixed income instruments of which at least 80% of the Fund's Net Asset Value in sukuk.

Up to 10% of the Fund's Net Asset Value

- Investments in Islamic liquid assets including Islamic money market instruments and Placements of Cash in Islamic accounts.

Although the Fund is actively managed, how active or the frequency of its trading strategy will very much depend on market opportunities.

The Fund will be managed with a focus on providing a yield at an acceptable risk level. The Manager aims to create a portfolio comprising Shariah-compliant fixed income instruments denominated in any currency. These can be Shariah-compliant fixed income instruments issued by corporations, financial institutions, supra-nationals, governments and their agencies globally. Shariah-compliant fixed income instruments that are issued by Malaysian corporations or financial institutions shall carry a rating of at least top three credit rating (including gradation and subcategories) at the point of purchase by any Domestic Rating Agencies. Foreign Shariah-compliant fixed income instruments shall carry a rating of at least one credit rating (including gradation and subcategories) below investment grade at the point of purchase by any Global Rating Agencies. Shariah-compliant fixed income instruments issued by supra-nationals, governments and their agencies need not be rated. However, the Fund will only invest in unrated Shariah-compliant fixed income instruments issued by supra-nationals, governments and their agencies if these instruments are determined by the Manager to be of comparable quality to Shariah-compliant fixed income instruments with a minimum rating of at least top three credit rating (including gradation and subcategories) as assigned by any Domestic Rating Agencies or at least one credit

rating (including gradation and subcategories) below investment grade as assigned by any Global Rating Agencies or its equivalent rating by a reputable rating establishment.

In managing the portfolio, should a Shariah-compliant fixed income instrument be downgraded to below the above stated ratings by the respective rating agencies, the Manager will as soon as reasonably practicable dispose this Shariah-compliant fixed income instrument. When the Manager disposes a Shariah-compliant fixed income instrument (whether in the ordinary course of managing this Fund or as a result of downgrading of a Shariah-compliant fixed income instrument), the proceeds will be used to invest in other Shariah-compliant fixed income instruments in accordance with the stated objective, strategy, restrictions and limits.

The Manager may take temporary defensive positions that may be inconsistent with the Fund's investment strategy in response to adverse economic, political or any market conditions. In such circumstances, the Fund may hold up to 100% of its assets in Islamic liquid assets as a defensive strategy.

Other risk management strategies and techniques employed by the Manager include diversification of the Fund's investments in terms of its exposure to various industries, sectors and countries. The Fund also complies with the permitted investments and restrictions imposed by the Securities Commission. Adherence to these permitted investments and restrictions helps the Manager to risk-manage the Fund's portfolio in terms of its diversification. Moreover, the Manager in making its investment decisions shall at all times comply with the investment restrictions of the Fund and requirements as set out in the Deed.

The performance of the Fund is benchmarked against the RHB Islamic Bank Berhad's 12-month Commodity Murabahah Deposit-i^^. For ease of reference, investors may refer to www.rhbgroup.com for this benchmark or investors may request for this benchmark by calling us at 03-9205 8000 at any time during our office hours: Mondays Fridays from 9.00 a.m. 5.00 p.m. or through \_ e-mail us at rhbiiam.enquiry@rhbgroup.com. This benchmark will be published in the Fund's financial reports. As the Fund invests across various Shariah-compliant fixed income instruments of different ratings, investors of this Fund will assume a higher risk as compared to a depositor of the RHB Islamic Bank Berhad's 12-month Commodity Murabahah Deposit-i. Therefore, Unit Holders should expect the Fund to outperform the benchmark

\*\* the performance benchmark of the Fund has been replaced from Maybank Islamic Berhad's 12-months Islamic Fixed Deposit-i to RHB Islamic Bank Berhad's 12-month Commodity Murabahah Deposit-i with effect from the date of this Second Supplementary Prospectus due to the Manager's intention to standardize the source of the fixed deposit rate from Maybank Islamic Berhad's to RHB Islamic Bank Berhad's.

3. The information on "Investment in Unlisted Shariah-compliant Securities" in Section 1.2.5 on page 7 of the Prospectus is hereby deleted in its entirety and replaced with the following:

#### 1.2.5 Investment in Unlisted Shariah-compliant Securities

The Manager will only make such investments that are consistent with the objective and enhance the performance of this Fund. The Fund's investments in unlisted Shariahcompliant securities (if any) shall always be subject to the restriction stipulated in section 1.3(a). However, the exposure to investments in unlisted Shariah-compliant securities shall not include sukuk traded on an organised over-the-counter ("OTC") market.

4. The information on "Islamic Collective Investment Schemes" in Section 1.2.6 on page 8 of the Prospectus is hereby deleted in its entirety and replaced with the following:

#### 1.2.6 Islamic Collective Investment Schemes

The Manager will only make such investments that are consistent with the objective and enhance the performance of this Fund. In addition, the Manager will only make such investments if the Islamic collective investment scheme is authorised or recognised by the Securities Commission, or is registered or authorised or approved by the relevant regulatory authority in its home jurisdiction as the case may be and which operates within the general investment principles of the Guidelines. The Fund's investments in Islamic collective investment schemes (if any) shall always be made subject to the restrictions stipulated in section 1.3 (i), (j), (k) and (q).

5. The information on "Islamic Financial Derivatives" in Section 1.2.7 on page 8 of the Prospectus is hereby deleted in its entirety and replaced with the following:

#### **1.2.7 Islamic Financial Derivatives**

The Manager may participate in Islamic financial derivatives such as Islamic options, Islamic currency forwards, Islamic swaps or any other categories of financial derivatives which are structured in Shariah-compliant manner, permitted by the relevant authorities from time to time, when appropriate. The Fund's participation in Islamic financial derivatives is to hedge the portfolio from any unexpected movement in the underlying Shariah-compliant fixed income market and also the portfolio's exposure to foreign currency. As hedging activities are meant to protect the Fund from currency and profit rates volatility, the benefit of any upside of currency or profit rate movements is limited. The purpose is to protect the value of the portfolio. When participating in such Islamic financial derivatives, the Manager will monitor the Islamic financial derivatives' valuation and credit ratings of the issuers, where applicable and take appropriate actions to mitigate any risk associated with such Islamic financial derivatives. This may extend to unwinding of the Islamic financial derivatives in the event where there is a need to terminate current position due to reversal in market movement, redemption in Units or upon downgrade of the credit ratings of the issuers as counterparty to the Islamic financial derivatives. Commitment approach is used to calculate the Fund's net market exposure. It is calculated as the sum of the (a) absolute value of the exposure of each individual Islamic financial derivative not involved in netting or hedging arrangements; (b) absolute value of the net exposure of each individual Islamic financial derivative after netting or hedging arrangements; and (c) the values of cash collateral received pursuant to the reduction of exposure to counterparties of OTC Islamic financial derivatives. The Fund's investments in Islamic financial derivatives (if any) shall always be subject to the restrictions stipulated in section 1.3 (d), (n), (o) and (p).

6. The information on "Shariah-compliant Liquid Assets" in Section 1.2.9 on page 8 of the Prospectus is hereby deleted in its entirety and replaced with the following:

#### 1.2.9 Islamic Liquid Assets

This Fund shall not source for financing in connection with its activities or provide financing on any of its cash or investments unless permitted by the Guidelines and any practice notes issued by the Securities Commission from time to time or other relevant laws or regulations pertaining to unit trust funds.

Nonetheless, the Fund may obtain Islamic financing facility on a temporary basis (i.e. not more than one month) from financial institutions to meet redemption requests. Such financing facility shall not exceed ten (10) per cent of the Net Asset Value at the time the financing facility is incurred. As such, the Manager in structuring the Fund's portfolio will not maintain a minimum Islamic liquid assets level for the purpose of meeting redemptions but will manage its cash requirements accordingly.

7. The information on "Permitted Investments and Restrictions" in Section 1.3 on pages 9 to 10 of the Prospectus is hereby deleted in its entirety and replaced with the following:

#### 1.3 Permitted Investments and Restrictions

This Fund will invest in Shariah-compliant fixed income instruments listed on Bursa Malaysia or traded in or listed on any other market considered as an Eligible Market (including foreign markets), Islamic collective investment schemes, Islamic money market instruments and Placements of Cash, or the Fund may invest in any other Shariah-compliant investments permitted by the Securities Commission from time to time. The Fund will also participate in Islamic financial derivatives for hedging purposes only.

The acquisition of such permitted Shariah-compliant investments is subject to the following restrictions:

- a) The aggregate value of the Fund's investments in Shariah-compliant transferable securities that are not traded or dealt in or under the rules of an Eligible Market (i.e., unlisted Shariah-compliant securities) must not exceed fifteen (15) per cent of the Fund's Net Asset Value, subject to a maximum limit of ten (10) per cent of the Fund's Net Asset Value in a single issuer, or any other limit as may be prescribed by the Securities Commission from time to time.
- b) The value of the Fund's investments in Shariah-compliant transferable securities and Islamic money market instruments issued by any single issuer must not exceed twenty (20) per cent of the Fund's Net Asset Value ("single issuer limit"), or any other limit as may be prescribed by the Securities Commission from time to time. In determining the single issuer limit, the value of the Fund's investments in instruments in paragraph (a) issued by the same issuer must be included in the calculation.
- c) The value of the Fund's investments in Shariah-compliant transferable securities and Islamic money market instruments issued by any group of companies must not exceed thirty (30) per cent of the Fund's Net Asset Value ("group limit"), or any other limit as may be prescribed by the Securities Commission from time to time. In determining the group limit, the value of the Fund's investment in instruments

in paragraph (a) issued by the issuers within the same group of companies must be included in the calculation.

- d) The aggregate value of the Fund's investments in, or exposure to, a single issuer through Shariah-compliant transferable securities, Islamic money market instruments, Islamic deposits, underlying assets of Islamic financial derivatives and counterparty exposure arising from the use of OTC Islamic financial derivatives must not exceed twenty-five (25) per cent of the Fund's Net Asset Value ("single issuer aggregate limit"), or any other limit as may be prescribed by the Securities Commission from time to time. In determining the single issuer aggregate limit, the value of the Fund's investments in instruments in paragraph (a) issued by the same issuer must be included in the calculation.
- e) The single issuer limit in paragraph (b) may be increased to thirty (30) per cent of the Fund's Net Asset Value if the sukuk is rated by any Malaysian or global rating agency to have the highest long-term credit rating. Where the single issuer limit is increased to thirty (30) per cent of the Fund's Net Asset Value, the single issuer aggregate limit of twenty-five (25) per cent of the Fund's Net Asset Value in paragraph (d) may be raised to thirty (30) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- f) The single issuer limit in paragraph (b) may be raised to thirty-five (35) per cent of the Fund's Net Asset Value if the issuing entity is, or the issue is guaranteed by, either a foreign government, foreign government agency, foreign central bank or supranational, that has a minimum long term credit rating of investment grade (including gradation and subcategories) by an international rating agency. Where the single issuer limit is increased to thirty-five (35) per cent of the Fund's Net Asset Value, the single issuer aggregate limit in paragraph (d) may be raised, subject to the group limit in paragraph (c) not exceeding thirty-five (35) per cent of the Fund's Net Asset Value.
- g) The Fund's investments in sukuk must not exceed twenty (20) per cent of the sukuk issued by a single issuer, or any other limit as may be prescribed by the Securities Commission from time to time. This limit may be disregarded at the time of acquisition if at that time of acquisition the gross amount of the sukuk in issue cannot be determined.
- h) The value of the Fund's placement in Islamic deposits with any single financial institution must not exceed twenty (20) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- i) The value of the Fund's investments in units or shares of an Islamic collective investment scheme must not exceed twenty (20) per cent of the Fund's Net Asset Value, provided that the Islamic collective investment scheme complies with paragraph (q)(i), (ii) or (iii), excluding an Islamic collective investment scheme that invests in real estate, or any other limit as may be prescribed by the Securities Commission from time to time.

- j) The value of the Fund's investments in units or shares of an Islamic collective investment scheme that invests in real estate pursuant to paragraph (q)(iii) must not exceed fifteen (15) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- k) The Fund's investments in Islamic collective investment scheme must not exceed twenty-five (25) per cent of the units or shares in the Islamic collective investment scheme, or any other limit as may be prescribed by the Securities Commission from time to time.
- The Fund's investments in Islamic money market instruments must not exceed ten (10) per cent of the instruments issued by any single issuer, or any other limit as may be prescribed by the Securities Commission from time to time. This limit does not apply to Islamic money market instruments that do not have a pre-determined issue size.
- m) The single financial institution limit in paragraph (h) does not apply to placements of Islamic deposits arising from:
  - subscription monies received prior to the commencement of investment by the Fund;
  - ii. liquidation of investments prior to the termination of the Fund, where the placement of Islamic deposits with various financial institutions would not be in the best interests of Unit Holders; or
  - iii. monies held for the settlement of redemption or other payment obligations, where the placement of Islamic deposits with various financial institutions would not be in the best interest of Unit Holders.
- n) The counterparty of an OTC Islamic financial derivative must be a financial institution with a minimum long-term credit rating of investment grade (including gradation and subcategories). Subject to the aggregate limit as stipulated in the Guidelines, the maximum exposure of the Fund to the counterparty must not exceed ten (10) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time based on the maximum potential loss that may be incurred by the Fund if the counterparty defaults and not on the basis of the notional value of the OTC Islamic financial derivative. The total exposure to a single counterparty is calculated by summing the exposure arising from all OTC Islamic financial derivative transactions entered into with the same counterparty.
- o) The Fund's exposure to the underlying assets (vide the Islamic financial derivatives) must not exceed the investment limits and restrictions applicable to such underlying assets as stipulated in the Guidelines, or any other limit as may be prescribed by the Securities Commission from time to time.
- p) The Fund's global exposure from its Islamic financial derivatives positions must not exceed the Fund's Net Asset Value at all times, or any other limit as may be prescribed by the Securities Commission from time to time.

- q) The Fund may invest in other Islamic collective investment scheme that fall within the following categories:
  - i. an Islamic collective investment scheme authorised or recognised by the Securities Commission; or
  - ii. an Islamic collective investment scheme that meets the following criteria:
    - the Islamic collective investment scheme is constituted and regulated in a jurisdiction where the laws and practices provide the level of investor protection that is at least equivalent to that offered in Malaysia;
    - the rules on investments and financing are substantially similar to the requirements in the Guidelines. This would exclude hedge funds;
    - the assets of the Islamic collective investment scheme are managed by an entity which is approved, authorised or licensed by a securities regulator to conduct fund management activities; and
    - the business of the Islamic collective investment scheme is reported in semiannual and annual reports to enable an assessment to be made of the assets and liabilities, income and operations over the reporting period; or
  - iii. an Islamic collective investment scheme that meets the following criteria:
    - the Islamic collective investment scheme invests in permissible investments under the Guidelines, physically-backed metal exchange traded funds that comply with the Guidelines, or real estate;
    - the Islamic collective investment scheme meets the criteria imposed on transferable securities as prescribed under the Guidelines;
    - the units or shares in the Islamic collective investment scheme are listed for quotation and traded on a stock exchange that is an Eligible Market; and
    - the Islamic collective investment scheme is not an inverse or leveraged product.

The limits and restrictions mentioned herein must be complied with at all times based on the most up-to-date value of the Fund's Shariah-compliant investments. The Manager must notify the Securities Commission within seven (7) Business Days of any breach of investment limits and restrictions with the steps taken to rectify and prevent such breach from recurring. However, any breach as a result of (a) appreciation or depreciation in value of the Fund's Shariah-compliant investments; (b) repurchase of Units or payment made out of the Fund; (c) change in capital of a corporation in which the Fund has invested in; or (d) downgrade in or cessation of a credit rating, need not be reported to the Securities Commission but must be rectified as soon as practicable within three (3) months from the date of the breach unless otherwise specified in the Guidelines. The three (3)-month period may be extended if it is in the best interest of Unit Holders and the Trustee's consent is obtained. Such extension must be subject to at least a monthly review by the Trustee. The limits and restrictions in this Section 1.3, however, do not apply to Shariah-compliant securities or Shariah-c

ompliant instruments that are issued or guaranteed by the Malaysian government or Bank Negara Malaysia.

Note: If the Fund is eligible to be invested via the EPF-MIS and you transfer your moneys from your EPF account to invest in the Fund, the investments made by the Fund as well as your investment in the Fund from your EPF account will be subject to the EPF's requirements. Please refer to the website at http://www.kwsp.gov.my for updated information.

# D. AMENDMENTS TO THE RISK FACTORS

1. A new section 2.3 Risk Management Strategies is hereby inserted immediately after the end of Section 2.2 Specific Risks of Investing in the Fund on page 14 of the Prospectus:

#### 2.3 Risk Management Strategies

As part of our risk management strategies, we will:

- ensure the Fund adheres to the Fund's investment objective, investment strategy and investment limit and restrictions;
- (2) conduct fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors which are likely to impact the Fund;
- (3) ensure portfolio diversification for the Fund;
- (4) constant review and monitoring of the Fund's performance; and
- (5) employ hedging strategies, if applicable. Please refer to Section 1.2.7 for further details.

#### Liquidity Risk Management

We have put in place the following liquidity risk management policies to identify, monitor and manage the liquidity of the Fund in order to meet the redemption requests from Unit Holders while safeguarding the interests of the remaining Unit Holders:

- The Fund may hold a reasonable level of Islamic liquid assets to meet the Unit Holders' redemption requests.
- There will be regular review by the designated fund manager on the Fund's investment portfolio.
- The Manager will monitor on a daily basis the Fund's net flows against repurchase
  requests during normal and adverse market conditions as a pre-emptive measure to
  track the Fund's liquidity position.
- The Fund may obtain Islamic financing facility on a temporary basis from financial institutions as permitted under the Guidelines to meet the Unit Holders' redemption requests.

# E. AMENDMENTS TO THE VALUATION OF ASSETS

The information on "Valuation of Assets" in Section 3 on pages 14 to 15 of the Prospectus is hereby deleted in its entirety and replaced with the following:

#### 3. VALUATION OF ASSETS

The Fund must be valued at least once every Business Day. As the Fund invests in foreign markets, which may have different time zones from that of Malaysia, the valuation of the Fund for a Business Day will be conducted by 5.00 p.m. (or such other time as may be determined by the Manager from time to time) on the following day on which the Manager is open for business.

Accordingly, the price of the Fund for a particular Business Day will not be published online on the Manager's website on the next day but will instead be published the next following day (i.e. price will be two (2) days old). This will be specifically indicated on the Manager's website.

#### Illustration

When markets are closed for trading on 18 April 2023 (Tuesday), the valuation date will be the next day on which the Manager is open for business, i.e. 19 April 2023 (Wednesday). Thus, the publication date for the price as at 18 April 2023 (Tuesday) will be on 20 April 2023 (Thursday) on the Manager's website.

Investors may obtain the most current computed prices by contacting the Manager directly or visiting the Manager's website, **www.rhbgroup.com** [please refer to section 5.6 (g) (Availability of Information on Investment)].

In undertaking any of the Fund's investments, the Manager will ensure that all the assets of the Fund will be valued at fair value and at all times in compliance with the relevant laws (including approved accounting standards).

Accordingly, where applicable:

 Listed Shariah-compliant fixed income instruments will be valued daily based on the last done market price on each Business Day.

However, if: -

- (a) a valuation based on the market price does not represent the fair value of the listed Shariah-compliant fixed income instruments, for example during abnormal market conditions; or
- (b) no market price is available, including in the event of a suspension in the quotation of listed Shariah-compliant fixed income instruments for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,

then the listed Shariah-compliant fixed income instruments would be valued at fair value, as determined in good faith by the Manager based on the methods or bases approved by the Trustee after appropriate technical consultation.

(ii) Investments in unlisted sukuk denominated in Ringgit Malaysia will be valued on a daily basis by reference to the fair value prices quoted by a bond pricing agency ("BPA") registered with the Securities Commission. However, where quotations are not available, such unlisted sukuk will be valued at fair value by reference to the average indicative yield quoted by three independent and reputable financial institutions in OTC markets at the close of trading. These institutions include investment banks and commercial banks dealing in sukuk.

Investments in unlisted sukuk denominated in foreign currencies are valued daily using the Bloomberg Generic Price ("BGN price") provided by Bloomberg. Where BGN prices are not available on any Business Day, these unlisted sukuk will be valued by reference to the average indicative yield quoted by three independent and reputable financial institutions.

In a case where the Manager is of the view that the price quoted by BPA or the BGN price for a specific unlisted sukuk differs from the market price (i.e. the Manager's view of the market yield) by more than 20 basis points, the Manager may use the market price, provided that the Manager records its basis for using a non BPA price or non BGN price, obtains necessary internal approvals to use the non BPA price or non BGN price and keeps an audit trail of all decisions and basis for adopting the market price.

However, when the Manager, after taking all reasonable efforts, is unable to obtain quotations from BPA or any BGN price or quotations from three independent and reputable financial institutions due to circumstances such as extreme market conditions, such unlisted sukuk (denominated in Ringgit Malaysia and denominated in foreign currencies) will be valued at fair value as determined in good faith by the Manager based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

- (iii) Islamic collective investment schemes which are quoted on an approved exchange shall be valued daily based on the last done market price. Dear Sirs

#### Re: Taxation of the Funds and Unit Holders

This letter has been prepared for inclusion in this Second Supplementary Prospectus in respect of RHB Global Sukuk Fund ("the Fund").

#### Taxation of the Fund

#### Income Tax

The Fund is a unit trust for Malaysian tax purposes. The taxation of the Fund is therefore governed principally by Sections 61 and 63B of the Income Tax Act, 1967 ("the Act").

Any reference to interest in the Act shall apply, mutatis mutandis, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

Subject to certain exemptions, the income of the Fund in respect of investment income derived from or accruing in Malaysia is liable to income tax at the rate of 24% effective Year of Assessment ("YA") 2016.

The Fund may receive dividends, interest and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia was

previously exempt from Malaysian income tax. However, such income may be subject to tax in the country from which it is derived.

Based on the Finance Act 2021, income derived by a resident unit trust from foreign sources and received in Malaysia from 1 January 2022 onwards will be subject to Malaysian income tax. A transitional tax rate of 3% is accorded on the gross amount of the foreign income received in Malaysia from 1 January 2022 to 30 June 2022. From 1 July 2022, the prevailing tax rate of 24% will apply to the chargeable income computed in respect of the foreign source income remitted into Malaysia by the Fund.

Where the same foreign income has been taxed in both Malaysia and the foreign country, a tax credit in the form of bilateral relief under a Double Tax Agreement ("DTA") or unilateral relief under the domestic law (if there is no available DTA or a limited DTA which does not provide such relief) may be given in respect of such income, subject to conditions.

Gains from the realisation of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to tax in the country from which it is derived.

Interest income or profits earned by the Fund from the following are exempt from tax:-

- any savings certificates issued by the Government; or
- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia; or
- a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013<sup>N1</sup>; or
- any development financial institution regulated under the Development Financial Institutions Act 2002<sup>N1</sup>; or
- sukuk originating from Malaysia, other than convertible loan stocks, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission, or approved by the Labuan Financial Services Authority<sup>N2</sup>.

Discounts earned by the Fund from the following are also exempt from tax: -

- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia.

Tax deductions in respect of the Fund's expenses such as manager's remuneration, expenses on maintenance of register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage ("permitted

<sup>&</sup>lt;sup>N1</sup> Effective from 1 January 2019, the exemption shall not apply to the interest paid or credited to a unit trust that is a wholesale fund which is a money market fund.

<sup>&</sup>lt;sup>N2</sup> Effective from YA 2017, income tax exemption shall not apply to interest paid or credited to a company in the same group, licensed banks and prescribed development financial institutions. Based on the Finance Act 2021, income tax exemption shall also not apply to interest paid or credited by a special purpose vehicle to a company pursuant to the issuance of asset-backed securities lodged with the Securities Commission or approved by the Labuan Financial Services Authority from 1 January 2022 where the company and the person who established the special purpose vehicle solely for the issuance of the asset-backed securities are in the same group.

INVESTORS ARE ADVISED TO READ AND UNDERSTAND THE CONTENTS OF THIS SECOND SUPPLEMENTARY PROSPECTUS DATED 28 AUGUST 2023 WHICH IS TO BE READ TOGETHER WITH THE PROSPECTUS DATED 8 SEPTEMBER 2017 AND THE SUPPLEMENTARY PROSPECTUS DATED 1 JANUARY 2021.

expenses") are allowed based on a prescribed formula subject to a minimum of 10% and a maximum of 25% of the total permitted expenses.

Single tier Malaysian dividends received by the Fund are exempt from tax and expenses in relation to such dividend income are disregarded.

#### Real Property Gains Tax ("RPGT")

Gains on disposal of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to RPGT in Malaysia, if the gains are derived from sale of Malaysian real properties and shares in Malaysian real property companies (as defined). Such gains would be subject to RPGT at the applicable rate depending on the holding period of the chargeable assets.

#### Sales Tax and Service Tax

The Goods and Services Tax ("GST") has been replaced by Sales Tax and Service Tax effective from 1 September 2018.

Under the Sales Tax Act 2018, Service Tax Act 2018 and subsidiary legislation, the sales tax rate for taxable goods is 5% or 10% while the service tax rate for taxable services is generally 6%. There are certain goods which are exempted from sales tax.

The issue, holding or redemption of any unit under a trust fund does not fall within the list of taxable services under the First Schedule of the Service Tax Regulations 2018 and hence, is not subject to service tax. The investment activities of the Fund such as buying and selling of securities and deposits in financial institutions are also not subject to service tax. As such, if the Fund is only deriving income from such activities, the Fund is not liable to be registered for service tax.

However, certain expenses incurred by the Fund such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007. The service tax incurred by the Fund is a cost to the Fund and is not recoverable, unlike the GST input tax which was claimable under the GST regime.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

#### **Taxation of Unit Holders**

#### Income Tax

Unit holders are taxed on an amount equivalent to their share of the total taxable income of the Fund, to the extent that this is distributed to them. The income distribution from the Fund may carry with it applicable tax credits proportionate to each unit holder's share of the total taxable income in respect of the tax paid by the Fund. Unit holders will be entitled to utilise the tax credit as a set off against the tax payable by them. Any excess over their tax liability will be refunded to the unit holders.

Corporate unit holders, resident or non-resident in Malaysia, would be taxed at the corporate tax rate of 24% (effective from YA 2016), on distributions of income from the Fund to the extent of an amount equivalent to their share of the total taxable income of the Fund. Corporate unit holders in Malaysia with paid-up capital in the form of ordinary shares of RM2.5 million and below will be subject to a tax rate of 17% on chargeable income of up to RM600,000, effective from YA 2020. This concessionary income tax rate is given only to corporate unit holders having gross business income for the relevant year of assessment of not more than RM50 million, in addition to the share capital requirement. For chargeable income in excess of RM600,000, the tax rate of 24% is still applicable.

However, the said tax rate of 17% on chargeable income of up to RM600,000 would not apply if more than 50% of the paid up capital in respect of ordinary shares of that corporate unit holder is directly or indirectly owned by a related company which has a paid up capital exceeding RM2.5 million in respect of ordinary shares, or vice versa, or more than 50% of the paid up capital in respect of ordinary shares of both companies are directly or indirectly owned by another company.

Based on the Finance Bill 2023, it is proposed that the tax rate of 17% will be reduced to 15% for chargeable income of up to RM150,000, while the tax rate for chargeable income from RM150,001 up to RM600,000, will remain unchanged at 17%. For chargeable income in excess of RM600,000, the tax rate of 24% will apply. The proposed changes will come into effect from YA 2023.

In addition to the current conditions as mentioned above, it is proposed that the preferential tax rate would not apply if more than 20% of the paid-up capital in respect of ordinary shares of the company at the beginning of the basis period for a YA is directly or indirectly owned by a company or companies incorporated outside Malaysia or an individual or individuals who are not Malaysian citizens. The proposed condition is effective from YA 2024.

Based on the Finance Act 2021, a corporate tax rate of 33% ("Cukai Makmur") will be levied on corporate unit holders with chargeable income exceeding RM100 million. Corporate unit holders with chargeable income below RM100 million will still be taxed at tax rate of 24%. However, the chargeable income in respect of foreign source income received in Malaysia from 1 July 2022 is exempted from the application of Cukai Makmur, computed based on a prescribed formula. The Cukai Makmur is effective for YA 2022 only.

The tax rate of 33% on chargeable income exceeding RM100 million would not apply to corporate unit holders in Malaysia that qualify for the preferential tax rate of 17% on chargeable income of up to RM600,000.

Individuals and other non-corporate unit holders who are resident in Malaysia will be subject to income tax at scale rates. The scale tax rates range from 0% to 30% with effect from YA 2020.

Individuals and other non-corporate unit holders who are not resident in Malaysia, for tax purposes, are subject to Malaysian income tax at the rate of 30% with effect from YA 2020. Non-resident unit holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdiction.

The distribution of single-tier Malaysian dividends and tax exempt income by the Fund will not be subject to tax in the hands of the unit holders in Malaysia. Units split by the Fund will also be exempt from tax in Malaysia in the hands of the unit holders.

However, based on the Finance Act 2021, the income distributed to a unit holder other than an individual, out of the interest income exempt from tax of a unit trust that is a retail money market fund which is paid or credited by a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013, or any development financial institution regulated under the Development Financial Institutions Act 2002 will be subjected to tax. This is effective from 1 January 2022. Further, a new withholding tax mechanism is applicable on the above distribution. The income distributed to the unit holder other than an individual will be subject to withholding tax at the rate of 24% and the tax deducted can be utilised to set off against the tax payable by a tax resident unit holder who is not a tax resident in Malaysia will be regarded as a final tax. This is also effective from 1 January 2022.

Any gains realised by the unit holders (other than financial institutions, insurance companies and those dealing in securities) from the transfer or redemption of the units are generally treated as capital gains which are not subject to income tax in Malaysia. However, certain unit holders may be subject to income tax in Malaysia on such gains, due to specific circumstances of the unit holders.

#### Service Tax

Only taxable services listed in the First Schedule of the Service Tax Regulations 2018 are subject to service tax, which exclude investment income or gains.

However, certain expenses such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

The tax position is based on our understanding and interpretation of the Malaysian tax legislations and proposals as they stand at present. All prospective investors should not treat the contents of this letter as advice relating to taxation matters and are advised to consult their own professional advisers concerning their respective investments.

Yours faithfully

  than one country/jurisdiction at the same time (dual residency).
- For more information on tax residence, please consult your tax adviser or the information at the OECD automatic exchange of information portal mentioned above.

  the following link [https://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/tax-identification-numbers]. Some jurisdictions do not issue a TIN. However, these jurisdictions

#### 11.0 UT LOAN FINANCING RISK DISCLOSURE STATEMENT

Investing in a unit trust fund with borrowed money is more risky than investing with your own savings. You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financing circumstances. You should be aware of the risk, which would include the following:-a. The higher the margin of financing (that is, the amount of money you borrow for every Ringgit of your own money that you put in as deposit or down payment) the greater the loss or gain on your investment.

b. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.

c. If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the prescribed time, your units may be sold towards the settlement of your loan.

d. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are incurred instead. Whether you eventually realise a gain or incur loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past

e. This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the T&C before you decide to take the loan. If you have doubts in respect of any aspect of this UT Loan Financing Risk Disclosure Statement or the terms of the loan financing, you should consult the institution offering the loan.

#### 11.0 UT LOAN FINANCING RISK DISCLOSURE STATEMENT

Investing in a unit trust fund with borrowed money is more risky than investing with your own savings. You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financing circumstances. You should be aware of the risk, which would include the following:-

a. The higher the margin of financing (that is, the amount of money you borrow for every Ringgit of your own money that you put in as deposit or down payment) the greater the loss or gain on your investment.

b. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased. c. If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the prescribed time, your units may be sold towards the settlement of your loan.

d. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are incurred instead. Whether you eventually realise a gain or incur loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

e. This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the T&C before you decide to take the loan. If you have doubts in respect of any aspect of this UT Loan Financing Risk Disclosure Statement or the terms of the loan financing, you should consult the institution offering the loan.
