

RHB KLCI TRACKER FUND

SEMI-ANNUAL REPORT 2023

For the financial period ended 30 September 2023

GENERAL INFORMATION ABOUT THE FUND

Name, Category and Type

Fund Name : RHB KLCI Tracker Fund
Fund Category : Equity/Index tracking fund
Fund Type : Growth

Investment Objective, Policy and Strategy

Objective of the Fund

This Fund aims to provide investment results that closely correspond to the performance of the Kuala Lumpur Composite Index (“KLCI”) or such other index as may be replaced by Bursa Malaysia Securities Berhad.

Effective 6 July 2009, Bursa Malaysia Securities Berhad replaced the KLCI with the Financial Times Stock Exchange (“FTSE”) Bursa Malaysia Kuala Lumpur Composite Index (“FBM KLCI”).

Strategy

This Fund seeks to achieve its investment objective by investing all or substantially all of the Fund’s assets in the FBM KLCI component stocks in substantially the same weightings as they appear in the FBM KLCI.

The FBM KLCI is an index that provides a performance benchmark for the Malaysian equity market by reflecting the performance of listed companies that are representative of the major sectors in the Malaysian economy. The FBM KLCI is an index of the thirty (30) largest companies listed on the Main Market by full market capitalisation that meet the eligibility requirements of the FTSE Bursa Malaysia Ground Rules. The FBM KLCI index is calculated by FTSE based on its own specific calculation methodology and rules. Therefore, any error or non-adherence to these calculation methodology and rules may affect the accuracy and/or completeness of the FBM KLCI Index computation.

Generally, the Fund will invest in all of the thirty (30) component stocks of the FBM KLCI. To the extent consistent with achieving its investment objective, the Fund may also participate in FBM KLCI futures. Although this Fund is passively managed, the investments in the Fund will be rebalanced from time to time to reflect any changes to the composition of or the weightings of shares in the FBM KLCI. Accordingly, a daily analysis of the portfolio is conducted to ensure that:

- Tracking errors are within expectations;
- Stocks continue to be within the perimeters of the FBM KLCI component stocks;
- Investment weightings are within the tolerance limit, otherwise rebalancing of the portfolio is required; and
- Cash is properly hedged.

The asset allocations of the Fund will be as follows:-

90% - 99.5% of Net Asset Value - Investments in the FBM KLCI component stocks

0% - 10% of Net Asset Value - Participation in financial derivatives

0.5% - 10% of Net Asset Value - Investments in liquid assets including money market instruments and deposits with any financial institutions.

Tracking errors against the benchmark FBM KLCI may occur due to the necessity of the Fund to set aside some liquid funds which would otherwise be invested to achieve 100% weightage. Another contributing factor to the tracking errors are the fees and expenses payable by the Fund and transaction costs incurred in rebalancing the portfolio. As such, the risk management strategies and techniques employed by the Manager include the use of financial derivatives to replicate the benchmark FBM KLCI and the constant rebalancing of the portfolio. The Fund also complies with the permitted investments and restrictions imposed by the Securities Commission. Moreover, the Manager in making its investment decisions shall at all times comply with the investment restrictions of the Fund and requirements as set out in the Deed.

Performance Benchmark

The performance of the Fund is benchmarked against the FBM KLCI which the Fund seeks to track.

Permitted Investments

This Fund may invest in securities traded on Bursa Malaysia, money market instruments, cash and deposits with any financial institutions, collective investment schemes, financial derivatives and any other investments permitted by the Securities Commission Malaysia from time to time.

Distribution Policy

Consistent with the Fund's objective to achieve capital growth, distributions will therefore be of secondary importance. Distributions, if any, after deduction of taxation and expenses, are generally declared annually and will be reinvested.

Notification of Changes

In addition to the changes mentioned in the letter dated 27 April 2023, below are the remaining changes: -

General

The references to “interim report(s)”, “Shariah-compliant liquid assets” and “debenture” wherever they appear in the Prospectuses will be amended to “semi-annual report(s)”, “Islamic liquid assets” and “fixed income securities”.

The reference to “(structured deposit)” wherever they appear in the Prospectuses is hereby deleted in its entirety.

DEFINITIONS

Domestic Rating Agency/(ies)	Local credit assessment institutions that are recognised by the Securities Commission Malaysia.
Eligible Market	An exchange, government securities market or an over-the-counter market that is regulated by a regulatory authority of that jurisdiction; that is open to the public or to a substantial number of market participants; and on which financial instruments are regularly traded.
EPF-MIS	Employees Provident Fund – Members’ Investment Scheme.
FBM Second Board Index	Deleted
financial institution(s)	(a) If the institution is in Malaysia – (i) licensed bank or licensed investment bank as defined under the Financial Services Act 2013; or (ii) licensed Islamic bank as defined under the Islamic Financial Services Act 2013; or (b) If the institution is outside Malaysia, any institution that is licensed, registered, approved or authorised by the relevant banking regulator to provide financial services.
Global Rating Agency/(ies)	Global credit assessment institutions that are recognised in line with the relevant laws.
Guidelines	Guidelines on Unit Trust Funds issued by the Securities Commission including all amendments and/or revision thereto issued by the Securities Commission and any other relevant guidelines issued by the Securities Commission.
IUTA(s)	Institutional Unit Trust Scheme Adviser(s).
KLIBOR	Deleted
US Person	Institutional Unit Trust Scheme Adviser(s).

Chapter 1 – Fund Information, Section 1.4.6 – Collective Investment Schemes

The Manager will only make such investments where the Manager expects those investments to complement the objective and enhance the performance of this Fund. In addition, the Manager will only make such investments if the collective investment scheme is authorised or recognised by the Securities Commission, or is registered/authorised/approved by the relevant regulatory authority in its home jurisdiction as the case may be and which operates within the general investment principles of the Guidelines. The Fund’s investments in collective investment schemes (if any) shall always be subject to the restrictions stipulated in Section 1.4.12 (g), (h), (l) and (p).

Chapter 1 – Fund Information, Section 1.4.7 – Financial Derivatives

The Manager intends to participate in futures contracts and other financial derivatives, when appropriate. The category of financial derivatives to be participated in shall be stock index futures contracts, stock index options contracts, single stock futures contracts, or any other categories and/or types of futures contracts or financial derivatives that may be allowable by the relevant authorities from time to time. The Fund’s participation in financial derivatives will be used to replicate the benchmark FBM KLCI and also to minimise potential tracking error against the benchmark due to the necessity of the Fund to set aside some liquid funds which would otherwise be invested to achieve 100% weightage. The primary interest is to enhance correlation with the benchmark FBM KLCI. The Fund’s net market exposure owing to its financial derivatives position must not exceed the Fund’s Net Asset Value. When participating in such instruments, the Manager will monitor the financial derivatives’ valuation and credit ratings of the financial institutions as counterparty to the financial derivatives, where applicable and take appropriate actions to mitigate any risk associated with such financial derivatives. This may extend to unwinding of the financial derivatives in the event where there is a need to terminate current position due to reversal in market movement, redemptions in Units or upon downgrade of the credit ratings of the financial institutions. Commitment approach is used to calculate the Fund’s net market exposure. It is calculated as the sum of the (a) absolute value of the exposure of each individual financial derivative not involved in netting or hedging arrangements; (b) absolute value of the net exposure of each individual financial derivative after netting or hedging arrangements; and (c) the values of cash collateral received pursuant to the reduction of exposure to counterparties of OTC financial derivatives.

Chapter 1 – Fund Information, Section 1.4.12 – Permitted Investments and Restrictions

The Fund may invest in securities traded on Bursa Malaysia, money market instruments, cash and deposits with any financial institutions, collective investment schemes, financial derivatives and any other investments permitted by the Securities Commission from time to time.

The acquisition of such permitted investments is subject to the following restrictions:

- a) The value of the Fund's investments in the share capital of the component stocks of the FBM KLCI shall be limited to the prevailing weightage in the FBM KLCI, or any other limit as may be prescribed by the Securities Commission from time to time.
- b) The value of the Fund's investments in the share capital of the component stocks of the FBM KLCI issued by any group of companies may exceed twenty (20) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time provided that the investment in any component securities does not exceed its respective weightings in the underlying index.
- c) The value of the Fund's investments in the ordinary share capital of the component stocks of the FBM KLCI issued by any single issuer may exceed ten (10) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time provided that the investment in any component securities does not exceed its respective weightings in the underlying index.
- d) The value of the Fund's investments in transferable securities and money market instruments issued by any single issuer must not exceed fifteen (15) per cent of the Fund's Net Asset Value ("single issuer limit"), or any other limit as may be prescribed by the Securities Commission from time to time.
- e) The value of the Fund's placement in deposits with any single financial institution must not exceed twenty (20) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- f) The aggregate value of the Fund's investments in, or exposure to, a single issuer through transferable securities, money market instruments, deposits, underlying assets of financial derivatives and counterparty exposure arising from the use of OTC financial derivatives must not exceed twenty-five (25) per cent of the Fund's Net Asset Value ("single issuer aggregate limit"), or any other limit as may be prescribed by the Securities Commission from time to time.
- g) The value of the Fund's investments in units or shares of a collective investment scheme must not exceed twenty (20) per cent of the Fund's Net Asset Value, provided that the collective investment scheme complies with paragraphs (p)(i), (ii) or (iii), excluding collective investment scheme that invests in real estate, or any other limit as may be prescribed by the Securities Commission from time to time.
- h) The value of the Fund's investments in units or shares of a collective investment scheme that invests in real estate pursuant to paragraph (p)(iii) must not exceed fifteen (15) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- i) The value of the Fund's investments in transferable securities and money market instruments issued by any group of companies must not exceed twenty (20) per cent of the Fund's Net Asset Value ("group limit"), or any other limit as may be prescribed by the Securities Commission from time to time.
- j) The single financial institution limit in paragraph (e) does not apply to placements of deposits arising from:
 - (i) subscription monies received prior to the commencement of investment by the Fund;
 - (ii) liquidation of investments prior to the termination of the Fund, where the placement of deposits with various financial institutions would not be in the best interests of Unit Holders; or
 - (iii) monies held for the settlement of redemption or other payment obligations, where the placement of deposits with various financial institutions would not be in the best interest of Unit Holders.
- k) The Fund's investments in money market instruments must not exceed ten (10) per cent of the instruments issued by any single issuer, or any other limit as may be prescribed by the Securities Commission from time to time. This limit does not apply to money market instruments that do not have a pre-determined issue size.
- l) The Fund's investments in collective investment scheme must not exceed twenty-five (25) per cent of the units or shares in the collective investment scheme, or any other limit as may be prescribed by the Securities Commission from time to time.
- m) The counterparty of an OTC financial derivatives must be a financial institution with a minimum long-term credit rating of investment grade (including gradation and subcategories). Subject to the aggregate limit as stipulated in Schedule B of the Guidelines, the maximum exposure of the Fund to the counterparty must not exceed ten (10) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time based on the maximum potential loss that may be incurred by the Fund if the counterparty defaults and not on the basis of the notional value of the OTC financial derivatives. The total exposure to a single counterparty is calculated by summing the exposure arising from all OTC financial derivatives transactions entered into with the same counterparty.
- n) The Fund's exposure to the underlying assets (vide the financial derivatives) must not exceed the investment limits and restrictions applicable to such underlying assets as stipulated in Schedule B of the Guidelines, or any other limit as may be prescribed by the Securities Commission from time to time.
- o) The Fund's global exposure from its financial derivatives positions must not exceed the Fund's Net Asset Value at all times, or any other limit as may be prescribed by the Securities Commission from time to time.

- p) The Fund may invest in other collective investment scheme that fall within the following categories:
- (i) a collective investment scheme authorised or recognised by the Securities Commission; or
 - (ii) a collective investment scheme that meets the following criteria:
 - the collective investment scheme is constituted and regulated in a jurisdiction where the laws and practices provide the level of investor protection that is at least equivalent to that offered in Malaysia;
 - the rules on investments, borrowing and lending are substantially similar to the requirements in the Guidelines. This would exclude hedge funds;
 - the assets of the collective investment scheme are managed by an entity which is approved, authorised or licensed by a securities regulator to conduct fund management activities; and
 - the business of the collective investment scheme is reported in half-yearly and annual reports to enable an assessment to be made of the assets and liabilities, income and operations over the reporting period; or
 - (iii) a collective investment scheme that meets the following criteria:
 - the collective investment scheme invests in permissible investments under the Guidelines, physically-backed metal exchange traded funds that comply with the Guidelines, or real estate;
 - the collective investment scheme meets the criteria imposed on transferable securities as prescribed under the Guidelines;
 - the units or shares in the collective investment scheme are listed for quotation and traded on a stock exchange that is an Eligible Market; and
 - the collective investment scheme is not an inverse or leveraged product.

The limits and restrictions mentioned herein must be complied with at all times based on the most up-to-date value of the Fund's investments. The Manager must notify the Securities Commission within seven (7) Business Days of any breach of investment limits and restrictions with the steps taken to rectify and prevent such breach from recurring. However, any breach as a result of (a) appreciation or depreciation in value of the Fund's investments; (b) repurchase of Units or payment made from the Fund; (c) change in capital of a corporation in which the Fund has invested in; or (d) downgrade in or cessation of a credit rating, need not be reported to the Securities Commission but must be rectified as soon as practicable within three (3) months from the date of the breach unless otherwise specified in the Guidelines. The three (3) -month period may be extended if it is in the best interest of the Unit Holders and the Trustee's consent is obtained. Such extension must be subject to at least a monthly review by the Trustee. This limits and restrictions in Section 1.4.12, however, do not apply to securities or instruments that are issued or guaranteed by the Malaysian government or Bank Negara Malaysia.

Note: If the Fund is eligible to be invested via the EPF-MIS and you transfer your moneys from your EPF account to invest in the Fund, the investments made by the Fund as well as your investment in the Fund from your EPF account will be subject to the EPF's requirements. Please refer to the website at <http://www.kwsp.gov.my> for updated information.

Chapter 2 – Risk Factors, Section 2.1 – General Risks of Investing in Unit Trusts, item d) Loan/ Financing Risk

Investors should assess the inherent risk of investing with borrowed money or through financing facility which would include the following:

- i) the ability to service the loan repayments or financing instalments and the effect of increase in interest rates or profit rates on the loan repayments or financing instalments; and
- ii) (in a case where Units of the Fund are used as collateral to the loan or financing instalments) the ability to provide additional collateral should the Unit prices of the Fund fall beyond a certain level,

failing which, the investors' Units may be sold off to realise the proceeds towards settlement of the outstanding loan or financing instalments taken.

Islamic unit trust fund's investors are advised to seek Islamic financing to finance their acquisition.

[Please see Unit Trust Loan Financing Risk Disclosure Statement in the application form]

Chapter 3 – Valuation of Assets

Equity Trust*	SCOUT*	KidSave*	Tracker
Dana Islam*	Income Fund*	EOUT*	GIFT*
TGF	MDIV	CASH	Dana Hazeem*

*Funds with mandates investing in foreign markets

The Fund must be valued at least once every Business Day. However, certain foreign markets in which the Fund may invest in have different time zones from that of Malaysia.

Accordingly, for Funds investing solely in the local market, the valuation of the respective Funds for a Business Day will be conducted at the close of Bursa Malaysia for that Business Day. Thus, the daily price of the Fund for a particular Business Day will be published online on the Manager's website on the next day, with the exception of **CASH**, whose price shall be the Net Asset Value per Unit as at the valuation point of the Fund immediately preceding the Fund's relevant Business Day when the request for Units of the Fund is received by the Manager ("historical pricing"). [Please refer section 5.2 (Computation of Purchase of Units – **CASH**)].

For Funds which have investments in foreign markets, the valuation of the respective Funds for a Business Day will be conducted by 5.00 pm (or such other time as may be determined by the Manager from time to time) on the following day on which the Manager is open for business.

Accordingly, the price of the Fund for a particular Business Day will not be published online on the Manager's website on the next day but will instead be published the next following day (i.e. price will be two (2) days old). This will be specifically indicated on the Manager's website.

Illustration (for Funds investing in foreign markets)

When markets are closed for trading on 18 April 2023 (Tuesday), the valuation date will be the next day on which the Manager is open for business, i.e. 19 April 2023 (Wednesday). Thus, the publication date for the price as at 18 April 2023 (Tuesday) will be on 20 April 2023 (Thursday) on the Manager's website.

Investors may obtain the most current computed price by contacting the Manager directly or visiting the Manager's website, **www.rhbgroup.com** [please refer to section 5.5 (g) (Availability of Information on Investment)].

In undertaking any of the Fund's investments, the Manager will ensure that all the assets of the respective Funds will be valued at fair value and at all times in compliance with the relevant laws (including approved accounting standards).

Accordingly, where applicable:

- (i) Listed securities / Shariah-compliant securities
- (ii) Listed securities / Shariah-compliant securities will be valued daily based on the last done market price or such other basis as may be prescribed by the relevant laws from time to time including approved accounting standards.

However, if: -

- (a) a valuation based on the market price does not represent the fair value of the listed securities / Shariah-compliant securities, for example during abnormal market conditions; or
- (b) no market price is available, including in the event of a suspension in the quotation of the listed securities / Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,

then the listed securities / Shariah-compliant securities would be valued at fair value, as determined in good faith by the Manager based on the methods or bases approved by the Trustee after appropriate technical consultation.

- (iii) Unlisted fixed income securities / sukuk

Investments in unlisted fixed income securities / sukuk denominated in Ringgit Malaysia will be valued on a daily basis by reference to the prices quoted by a bond pricing agency (BPA) registered with the Securities Commission. However, where quotations are not available, such unlisted fixed income securities / sukuk will generally be valued on a weekly basis or as and when appropriate, by reference to the average indicative yield quoted by three independent and reputable financial institutions in OTC market at the close of trading. These institutions include investment banks and commercial banks dealing in fixed income securities / sukuk.

Investments in foreign unlisted fixed income securities / sukuk are valued daily using the Bloomberg Generic Price (BGN) provided by Bloomberg. Where BGN prices are not available on any Business Day, these fixed income securities / sukuk will be valued by reference to the average indicative yield quoted by three independent and reputable financial institutions.

In a case where the Manager is of the view that the price quoted by BPA or the BGN price for a specific unlisted fixed income security / sukuk differs from the market price (i.e., the Manager's view of the market yield) by more than 20 basis points, the Manager may use the market price, provided that the Manager records its basis for using a non BPA price or non BGN price, obtains necessary internal approvals to use the non BPA price or non BGN price and keeps an audit trail of all decisions and basis for adopting its own view of the market price.

However, when the Manager, after taking all reasonable efforts, is unable to obtain quotations from BPA or any BGN price or quotations from three independent and reputable financial institutions due to circumstances such as extreme market conditions, such unlisted fixed income securities / sukuk (denominated in Ringgit Malaysia and denominated in foreign currencies) will be valued according to an alternative method determined in good faith by the Manager, which has been verified by the auditor of the Fund and approved by the Trustee provided that the Manager records its basis for using the alternative method, obtains necessary internal approvals to use the alternative method and keeps an audit trail of all decisions and basis for adopting the alternative method. Any alternative method shall be consistently applied unless advised otherwise by the auditors of the Fund and the Trustee.

(iv) Unlisted securities / Shariah-compliant unlisted securities

Investments in unlisted securities / Shariah-compliant unlisted securities will be valued at the cost price of each investment until the securities / Shariah-compliant securities of the investee companies are successfully listed on a recognised stock exchange, upon which quoted prices will be available and valuation will be based on the last done market price or such other basis as may be prescribed by the relevant laws from time to time including approved accounting standards.

(v) Collective investment schemes / Islamic collective investment schemes

Collective investment schemes / Islamic collective investment schemes which are quoted on an approved exchange shall be valued in the same manner as listed securities as described above. When investing in unlisted collective investment schemes / Islamic collective investment schemes, the value shall be determined by reference to the last published repurchase price per unit for that unlisted collective investment scheme / Islamic collective investment schemes.

(vi) Financial derivatives / Islamic financial derivatives

Financial derivatives / Islamic financial derivatives positions will be 'marked-to-market' at the close of each trading day.

(vii) Deposits / Islamic deposits

Deposits / Islamic deposits placed with financial institutions will be valued each day by reference to the principal value of such investments and the interest / profits accrued thereon for the relevant period.

(viii) Money market instruments / Islamic money market instruments

Money market instruments / Islamic money market instruments that are held for collecting contractual cash flow purpose i.e. commercial papers / Islamic commercial papers and money market placements / Islamic money market placements which have a remaining term to maturity of not more than 90 days at the time of acquisition will be measured on an ongoing basis at amortised cost. The risk of using amortised cost is the mismatch between the fair value and book value of a money market instrument / an Islamic money market instrument. The Manager will monitor closely and consider prompt action to discontinue the use of amortised cost method and adopt the fair value as the valuation for money market instrument / Islamic money market instrument in the event the variance is above 3%.

Money market instruments / Islamic money market instruments other than the aforesaid will be valued on a daily basis by reference to the fair value prices quoted by a BPA registered with the Securities Commission.

(ix) Foreign exchange translation of foreign investments into Ringgit Malaysia for a particular Business Day is determined based on the bid rate quoted by Bloomberg or Reuters at 4.00 p.m. (United Kingdom time) or such other time as may be prescribed from time to time by the relevant laws.

(x) Any other investments / Shariah-compliant investments as may be held by the Fund will be valued based on fair value as determined in good faith by the Manager, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

Chapter 4 – Fees, Charges and Expenses, Section 4.1(c) – Other Charges

(i) Switching of units

Equity Trust	SCOUT	KidSave	Tracker
Dana Islam	Income Fund	EOUT	GIFT
TGF	MDIV	Dana Hazeem	

Units can only be switched to other unit trust funds under the management of the Manager that are of the same currency units and that allow switching. A switching fee¹ of RM25.00 will be imposed and deducted from the redemption amount of the Units to be switched for a switch between funds that impose a similar sales charge or a switch to a fund that impose a lower sales charge. Unit Holders switching to a fund that imposes a higher sales charge will pay the difference in sales charge which is deductible from the redemption amount of the Units to be switched.

The Manager however, reserves the right to vary this switching fee or to vary the terms of the switching facility. For switching into non-money market fund, units of the fund to be switched into shall be purchased at the net asset value per unit as at the next valuation point of the fund's relevant business day after the form of request to switch is received by the Manager ("forward pricing"). For switching into money market fund, units shall be purchased at the net asset value per unit as at the next valuation point of the fund's relevant business day after money is received by the switch in fund.

Illustration (based on **Equity Trust** and **KidSave**)

If a Unit Holder switches 5,000 Units in **Equity Trust** at the Repurchase Price of RM0.4277 and wishes to invest in **KidSave** at the Selling Price of RM0.5215 (where both Funds have the sales charge of 6.38%).

Proceeds from switch (Equity Trust) (5,000 Units x RM0.4277)	= RM	2,138.50
Less: Switching fee RM25.00	= RM	(25.00)
Net proceed from switch:	= RM	<u>2,113.50</u>
Proceeds from Equity Trust invested in KidSave :		<u>RM2,113.50</u> RM0.5215
	=	4,052.73 units**

** Units computed are rounded to the nearest 2 decimal places.

Switching from a Shariah-compliant fund to a conventional fund is discouraged especially for Muslim Unit Holders.

(ii) Transfer of units

Equity Trust	SCOUT	KidSave	Tracker
Dana Islam	Income Fund	EOUT	GIFT
TGF	MDIV	CASH	Dana Hazeem

The Manager charges a transfer fee¹ of RM5.00 for each transfer.

(iii) Any bank charges imposed by the relevant financial institutions will be borne by the Unit Holders.

Note: ¹All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the government from time to time

Chapter 4 – Fees, Charges and Expenses, Section 4.4 – Policy on Rebates and Soft Commissions

It is the Manager’s policy to credit all rebates to the account of the respective Funds.

However, goods and services (“soft commissions”) provided by any broker or dealer may be retained by the Manager or the External Investment Manager if:

- (a) the soft commissions bring direct benefit or advantage to the management of the Funds and may include research and advisory related services;
- (b) any dealing with broker or dealer is executed on terms which are the most favourable for the Funds; and
- (c) the availability of soft commissions is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and the Manager or External Investment Manager must not enter into unnecessary trades to achieve a sufficient volume of transactions to qualify for soft commissions.

Chapter 4 – Fees, Charges and Expenses, Section 4.5 – Tax

All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the Malaysian government from time to time.

Based on the Finance Act 2021, income derived by the Fund from foreign sources and received in Malaysia from 1 January 2022 onwards will be subject to Malaysian income tax. A transitional tax rate of 3% is accorded on the gross amount of the foreign income received in Malaysia from 1 January 2022 to 30 June 2022. From 1 July 2022 onwards, the prevailing tax rate of 24% will apply to the chargeable income computed in respect of the foreign source income remitted into Malaysia by the Fund.

Where the same foreign income has been taxed in both Malaysia and the foreign country, a tax credit in the form of bilateral relief under a Double Tax Agreement (“DTA”) or unilateral relief under the domestic law (if there is no available DTA or a limited DTA which does not provide such relief) may be given in respect of such income, subject to conditions.

There are fees and charges involved and investors are advised to consider them before investing in the Funds.

Chapter 5 – Transaction Information, Section 5.5(b) – Cooling-off Period

Equity Trust	SCOUT	KidSave	Tracker
Dana Islam	Income Fund	EOUT	GIFT
TGF	MDIV	CASH	Dana Hazeem

The cooling-off right refers to the right of an individual investor to obtain a refund of his investment if he so requests within the cooling-off period. The cooling-off right is only given to an individual investor, other than those listed below, who is investing in any unit trust funds managed by the Manager for the first time:

- (i) a staff of the Manager; and/or
- (ii) a person registered with a body approved by the Securities Commission to deal in unit trust funds.

The refund to the investor pursuant to the exercise of his cooling-off right must be as follows:

- a) the Net Asset Value per Unit at the point of exercise of the cooling-off right (“market price”), if the Net Asset Value per Unit on the day the Units were purchased (“original price”) is higher than the market price; or
- b) the original price, if the market price is higher than the original price.

If the market price is higher than the original price paid by the investor, the Manager may agree to pay the investor the excess amount, provided that such amount is not paid out of the Funds or the assets of the Funds.

The Manager must also refund the sales charge originally imposed on the day the Units were purchased.

The cooling-off period shall be within six (6) Business Days which shall be effective from the date of receipt of the application by the Manager. Where applicable, if you have invested via the EPF-MIS, the cooling-off period shall be subject to EPF’s terms and conditions.

The cooling-off right allows investors the opportunity to reverse an investment decision which could have been unduly influenced by certain external elements or factors.

Withdrawal proceeds will only be paid to the investors once the Manager has received cleared funds for the original investment. For investors who paid by cheque, the refund will be made upon clearance of the cheque. The Manager shall refund the investor in cash within seven (7) Business Days of receiving the cooling-off notice. Where applicable, if you have invested via the EPF-MIS, the refund will be credited back into your EPF accounts.

Chapter 5 – Transaction Information, Section 5.5(c) – Where Units can be Purchased or Redeemed

Equity Trust	SCOUT	KidSave	Tracker
Dana Islam	Income Fund	EOUT	GIFT
TGF	MDIV	Dana Hazeem	

Units can be purchased or redeemed at the Manager’s registered/principal office or any of its branches, or from any of its participating IUTAs and any other authorised distributors or any other channels as the Manager may decide from time to time. For further information, please call us at 03-9205 8000 at any time during our office hours: Mondays through Fridays from 9.00 a.m. – 5.00 p.m. Alternatively, investors may e-mail their enquiries to rhbam@rhbgroup.com.

Please refer to our Directory of Outlets for Purchase and Sale of Units at the end of this master prospectus. Application forms, redemption forms and this master prospectus are also available from these distributors.

Chapter 5 – Transaction Information, Section 5.5(d) – How to Switch between Funds

Equity Trust	SCOUT	KidSave	Tracker
Dana Islam	Income Fund	EOUT	GIFT
TGF	MDIV	Dana Hazeem	

Unit Holders may switch to units of any unit trust fund under the management of the Manager that are of the same currency and that allows for switching by forwarding the completed form of request to switch to the Manager’s registered/principal office or any of its branches, or to any of its participating IUTAs and any other authorised distributors before their respective cut-off times on any Business Day. The minimum amount for a switch into another fund is RM100.00 or such other amount as the Manager may from time to time decide. There is no restriction as to the number of switches a Unit Holder may perform or the frequency of switching. The minimum investment balance must be at least one hundred (100) Units or such other lower quantity as the Manager may from time to time decide after the switch. Following a switching transaction, if the quantity of Units held by a Unit Holder in the Fund falls below its minimum investment balance, the Manager can switch the entire investment and forward the proceeds to the fund that the Unit Holder intends to switch into. The Manager however, reserves the right to vary these terms.

Chapter 5 – Transaction Information, Section 5.5(e) – How to Transfer Ownership of Units

Unit Holders may transfer their holdings of Units to another investor by forwarding the completed form of transfer to the Manager’s registered/principal office or any of its branches or to any of its participating IUTAs and any other authorised distributors before their respective cut-off times on any Business Day.

If the transferee is a new investor, the transferee must also forward the following:

- 1) completed application form; and

- 2) relevant supporting documents such as a photocopy of the transferee’s identity card (for an individual applicant) or certified true copies of the certificate of incorporation or registration, memorandum and articles of association or constitution or by-laws, and relevant resolutions (for a corporate applicant).

However, the Manager may refuse to register any partial transfer of Units if the registration would result in the transferor or the transferee holding less than the minimum investment balance of one hundred (100) Units or such other lower quantity as the Manager may from time to time decide. The Manager may also refuse an entry of transfer during the fourteen (14) days preceding an income distribution date

Chapter 5 – Transaction Information, Section 5.5(f) – Unclaimed Monies

All money payable to a Unit Holder may be paid by electronic payments or cheques. However, after the lapse of one (1) year from the date of the cheque or any moneys payable to Unit Holders which remain unclaimed for such period of time, the Manager shall file and pay the unrepresented payments to the Registrar of Unclaimed Moneys in accordance with the requirements of the Unclaimed Moneys Act 1965. Thereafter, the Unit Holders are to claim such monies from the Registrar of Unclaimed Moneys.

Chapter 5 – Transaction Information, Section 5.5(g) – Availability of Information on Investment

After purchasing Units in any of the Funds, the value of the investment can be monitored easily as the Unit price of the respective Funds are published online daily on the Manager’s website, www.rhbgroup.com.

Unit Holders of the **Tracker** can also obtain the latest information and other important news on the FBM KLCI from any of the local newspapers or from the website, www.bursamalaysia.com.

Unit Holders will receive an unaudited semi-annual report and an audited annual report of the Fund from the Manager within two (2) months after the end of the financial period/financial year end that the report covers. The Manager may also issue updates on the performance of the Fund either quarterly or semi-annually, or as and when appropriate.

Customers or investors may call us at 03-9205 8000 at any time during our office hours: Mondays through Fridays from 9.00 a.m. – 5.00 p.m. or e-mail their enquiries to rham@rhbgroup.com.

Investors may also refer to FIMM for any queries and/or concerns regarding their investments in unit trust funds.

*Investors must not make payment in cash to any individual agent when purchasing Units of a Fund.
The Funds’ annual report is available upon request.*

Chapter 5 – Transaction Information, Section 5.5(h) – Dealing Hours

9:00 a.m. to 4:00 p.m. (Malaysia time) on any Business Day or such later time as the Manager may determine provided always that complete applications for the Fund are received before the next valuation point. The Manager may also vary the dealing hours as it may deem appropriate. Investors will be notified on the change of dealing hours via email or notification published on the Manager’s website.

Chapter 5 – Transaction Information, Section 5.6 – Mode of Distribution

Equity Trust	SCOUT	KidSave	Tracker
Dana Islam	Income Fund	EOUT	GIFT
TGF	MDIV	Dana Hazeem	

Distribution, if any, after deduction of taxation and expenses (i.e. net distribution), will be reinvested to purchase additional units of the Funds based on the Net Asset Value per Unit as at the first Business Day when units in the Funds are quoted ex-entitlement. Allotment of such units shall be within two (2) weeks thereafter.

No sales charge/transaction fee will be imposed for any reinvestment of distribution into the respective Funds.

Unit price and distributions payable, if any, may go down as well as up.

Chapter 6 – Salient Terms of the Deed, Section 6.1.2 - Rights of Unit Holders

Unit Holders shall have the right in respect of the Funds in which they hold Units, amongst others, to the following:

- (a) to receive distributions of the Funds, to participate in any increase in the value of the Units and to enjoy such other rights and privileges as set out in the Deeds;
- (b) to call for Unit Holders’ meetings, and to vote for the removal of the Trustee or the Manager through a special resolution as provided for in the Deeds;
- (c) to exercise the cooling-off right, if applicable; and
- (d) to receive annual reports, semi-annual reports or any other reports of the Funds.

No Unit Holder shall be entitled to require the transfer to him of any assets of the Funds or be entitled to interfere with or question the exercise by the Trustee, or the Manager on the Trustee's behalf, of the rights of the Trustee as the registered owner of such assets.

Note: If your investments are made through an IUTA which adopts the nominee system of ownership, you would not be deemed to be a Unit Holder under the Deeds and as a result, you may not exercise all the rights ordinarily conferred to a Unit Holder (e.g. the right to call for Unit Holders' meetings and the right to vote at a Unit Holders' meeting). Accordingly, the Manager will only recognise the IUTA as a Unit Holder and the IUTA shall be entitled to all the rights conferred to it under the Deeds.

Chapter 6 – Salient Terms of the Deed, Section 6.2.3 - Maximum Annual Trustee Fee, first paragraph

Fund	Maximum Allowable Rate
Equity Trust	0.10% per annum of the Net Asset Value
SCOUT	<ul style="list-style-type: none"> 0.15% per annum of the Net Asset Value (including local custodian fees and charges but excluding foreign custodian fees and charges) in the case of local investments; or 0.20% per annum of the Net Asset Value (including local custodian fees and charges but excluding foreign custodian fees and charges) in the case of local and foreign investments

Chapter 7 – The Management and Administration of the Funds, Section 7.2 Board of Directors

The board of directors of the Manager takes an active part in the affairs of the Manager and the unit trust funds under its management. The board of directors of the Manager meets at least once every three (3) months to receive recommendations and reports on investment activities from the committee undertaking the oversight function of the Funds, set policies and guidelines of the Manager and to review performance, financial and audit reports of the Manager. Additional meetings shall also be convened, should the need arise.

The list of board of directors are available on the Manager's website, www.rhbgroup.com.

Chapter 7 – The Management and Administration of the Funds, Section 7.4 The Investment Committee

The paragraph of the "functions of the investment committee" under above section is hereby deleted.

Chapter 7 – The Management and Administration of the Funds, Section 7.5 – The Investment Team

Equity Trust	SCOUT	KidSave	Tracker
Dana Islam	EOUT	GIFT	TGF
MDIV	Dana Hazeem		

The designated fund manager is Mohd Fauzi bin Mohd Tahir.

Mohd Fauzi bin Mohd Tahir ("Mohd Fauzi") joined RHBAM in February 2017 as the Chief Investment Officer ("CIO") for equity in Malaysia. As the CIO of equity, his primary role is to set the strategic direction for the equity investment team in Malaysia, covering fund managers and analyst for both conventional and Islamic funds at RHBAM. His other roles, amongst others, include integrating the Malaysian team with the rest of RHB Group Asset Management investment team as well as ensuring the investment team operates in a prudent and compliant manner.

He has total of 26 years' of working experience in managing life, private, government linked funds as well as portfolios for retail and high net worth individuals. In his last employment, he was the Executive Director and Head of Equities for AmFunds Management Berhad. He was responsible for the investment of all conventional and Islamic equity funds. His duties included managing insurance funds as well as research of companies listed on Bursa Malaysia and also unlisted companies.

Mohd Fauzi holds a Bachelor of Accounting & Finance from Leeds Metropolitan University, Leeds, England. He is a graduate of Chartered Association of Certified Accountants (ACCA, UK). He also holds a Capital Markets Services Representative's License for the regulated activity for fund management.

Chapter 7 – The Management and Administration of the Funds, Section 7.7 – Shariah Adviser, “Roles and Responsibilities of the Shariah Adviser” and “Members of RHB Islamic Bank’s Shariah Committee”

Roles and Responsibilities of the Shariah Adviser

The Shariah Adviser is backed by the respective Shariah Committee of RHB Islamic Bank, which comprises eminent Shariah scholars from various jurisdictions. The Shariah Adviser also conducts monthly review of the Fund to ensure compliance with Shariah principle.

In line with the Securities Commission’s guidelines, the roles and responsibilities of the Shariah Adviser are:

- 1) To ensure that the Fund is managed and administered in accordance with Shariah principles.
- 2) To provide expertise and advice in all matters relating to Shariah principles, including the Fund’s deed and prospectus, its structure and ensure that all aspects of the Fund are in accordance with Shariah requirement.
- 3) To consult Securities Commission where there is any ambiguity or uncertainty as to any Shariah matters.
- 4) To ensure that all applicable Shariah rulings, principles and concepts endorsed by the SACSC are complied with.
- 5) To act with due care, skill and diligence in carrying out its duties and responsibilities.
- 6) To review the report of compliance officer or any investment transaction reports provided by, or duly approved by, the Trustee to ensure that the Fund’s management business and investments activities are Shariah-compliant.
- 7) To prepare a report to be included in the Fund’s semi-annual and annual reports certifying whether the Fund have been managed and administered in accordance with Shariah principles for the respective periods concerned.
- 8) To apply ijihad (intellectual reasoning) to ensure all aspects relating to the Fund are in compliance with Shariah, in the absence of any rulings, principles and concepts endorsed by the Securities Commission.

Members of RHB Islamic Bank’s Shariah Committee

The members of RHB Islamic Bank’s Shariah committee are the designated persons responsible for the Shariah matters of the Fund. The list of members of RHB Islamic Bank’s Shariah Committee are available on the Manager’s website, www.rhbgroup.com.

Chapter 7 – The Management and Administration of the Funds, Section 7.9 – Other Information

Further information on the Manager, the External Investment Manager and the Shariah Adviser is provided on the Manager’s website, www.rhbgroup.com.

Chapter 8 – The Trustee of the Funds

The Trustee is HSBC (Malaysia) Trustee Berhad, a company incorporated in Malaysia since 1937 and registered as a trust company under the Trust Companies Act 1949, with its registered address at Level 19, Menara IQ, Lingkaran TRX, 55188 Tun Razak Exchange, Kuala Lumpur, Malaysia.

Chapter 8 – The Trustee of the Funds, Section 8.5 - Trustee’s Delegate

The Trustee has appointed The Hongkong And Shanghai Banking Corporation Limited as the custodian of both the local and foreign assets of the Fund. For quoted and unquoted local investments of the Fund, the assets are held through their nominee company, HSBC Nominees (Tempatan) Sdn Bhd and/or HSBC Bank Malaysia Berhad. The Hongkong And Shanghai Banking Corporation Limited is a wholly owned subsidiary of HSBC Holdings Plc, the holding company of the HSBC Group. The custodian’s comprehensive custody and clearing services cover traditional settlement processing and safekeeping as well as corporate related services including cash and security reporting, income collection and corporate events processing. All investments are registered in the name of the Trustee or to the order of the Trustee. The custodian acts only in accordance with instructions from the Trustee.

The Trustee shall be responsible for the acts and omissions of its delegate as though they were its own acts and omissions.

However, the Trustee is not liable for the acts, omissions or failure of third party depository including central securities depositories, or clearing and/or settlement systems and/or authorised depository institutions, where the law or regulations of the relevant jurisdiction requires the Trustee to deal or hold any asset of the Fund through such third parties.

Particulars of the Trustee’s Delegate

For foreign asset:

The Hongkong And Shanghai Banking Corporation Limited
6/F, Tower 1,
HSBC Centre,
1 Sham Mong Road, Hong Kong.
Telephone No: (852)2288 1111

For local asset:

The Hongkong And Shanghai Banking Corporation Limited (As Custodian) and assets held through HSBC Nominees (Tempatan) Sdn Bhd (Registration No: 199301004117 (258854-D))

Level 21, Menara IQ

Linkaran TRX

55188 Tun Razak Exchange

Kuala Lumpur, Malaysia

Telephone No: (603)2075 3000 Fax No: (603)8894 2588

The Hongkong and Shanghai Banking Corporation Limited (As Custodian) and assets held through HSBC Bank Malaysia Berhad (Registration No.: 198401015221(127776-V))

Level 21, Menara IQ

Lingkaran TRX

55188 Tun Razak Exchange

Kuala Lumpur, Malaysia

Telephone No: (603)2075 3000 Fax No: (603) 8894 2588

Chapter 9 – Related-Party Transaction and Conflict of Interest, first paragraph

The directors and officers of the Manager, and the person(s) or members of a committee undertaking the oversight function of the Funds should avoid any conflict of interest arising, and if any conflict arises, should ensure that the Funds are not disadvantaged by the transaction concerned. Any transaction carried out by or on behalf of the Funds should be executed on terms which are the best available for the Funds and which are no less favourable to the Funds than an arm's length transaction between independent parties. In the event the interest of any directors and employees of the Manager, and the person(s) or members of a committee undertaking the oversight function of the Funds is directly or indirectly involved, he or she would abstain from being involved with any decision making process of the said transaction.

Chapter 9 – Related- Party Transaction and Conflict of Interest, HSBC (Malaysia) Trustee Berhad, first paragraph

As the trustee for the Funds, there may be related party transaction involving or in connection with the Funds in the following events:-

- 1) where the Funds invest in instruments offered by the related party of the Trustee (e.g placement of monies, transferable securities, etc);
- 2) where the Funds are being distributed by the related party of the Trustee as IUTA;
- 3) where the assets of the Funds are being custodised by the related party of the Trustee both as sub-custodian and/or global custodian of the Funds (Trustee's delegate); and
- 4) where the Funds obtain financing as permitted under the Guidelines, from the related party of the Trustee.

Chapter 10 – Tax Adviser's Letter on the Taxation of the Fund and Unit Holders

The Tax adviser's letter has been updated.

Chapter 14 – Consent

The Trustee, Shariah Adviser, External Investment Manager and solicitors have given their consent for the inclusion of their names and statements in the form and context in which they appear in the Prospectuses and have not withdrawn such consent.

The tax adviser has given its consent for the inclusion of its name and tax adviser's letter in the form and context in which they appear in this Second Supplementary Master Prospectus and has not withdrawn such consent.

Or call us at 03-9205 8000 at any time during our office hours: Mondays through Fridays from 9.00 a.m. – 5.00 p.m. or e-mail your enquiries to rhbam@rhbgroup.com.

MANAGER'S REPORT

EQUITY MARKET REVIEW

Malaysia's real gross domestic product growth increased by 5.60% year-on-year ("YoY") in the first quarter of year 2023 ("1Q23") compared with 7.10% in fourth quarter of year 2022 ("4Q22"). On a seasonal quarter-on-quarter comparison, the economy grew marginally by 0.90% in 1Q23 after contracting by 1.70% in 4Q22. The resilient domestic demand is expected to keep the economy running offsetting a contraction in exports which has been a drag on the economy. Unemployment rate is at 3.50% and income growth though at a slower pace will continue to support growth in consumer spending. However, the near-term outlook for consumer spending would depend on how many households have more cash on hand now as there is no more cash stimulus. Furthermore, the revenge spending on travels and consumer services post pandemic has faded and higher interest rates (borrowing costs) would mean higher debt service payments for borrowers. Malaysia Ringgit ("MYR") is second worst performing currency. Despite better economic fundamentals, Financial Times Stock Exchange ("FTSE") Bursa Malaysia Kuala Lumpur Composite Index ("FBM KLCI") performed worse than other regional markets in the first half of year 2023. Foreign institutions were the major seller and net sold MYR4.192 billion of Malaysian equities. They have been persistently selling Malaysian equities in year 2023 primarily, in our opinion due to the weak MYR. The index is cheap from Price Earnings Valuation. The index has not been able to trade higher than mean valuation since September 2020. The Index is trading at 12.70 times price-earnings ratio ("PE") at 1,376 compared with average PE of 14 times past 3 years. It is worth to note that this is the same PE level when the index touched the low of 1,219 when the pandemic hit in March 2020. Corporate earnings have also been downgraded from February 2023.

ECONOMIC REVIEW AND OUTLOOK

In terms of inflation, Malaysia's rate of inflation in February 2023 remained at 3.70%, led by growing costs in food and hospitality. In the month of February 2023, the consumer price index saw a slower increase in the food away from home component of 8.90% as compared with 9.30% in January 2023. Among the initiatives that were introduced by the government to reduce the cost of living and ease the inflation of food away from home was Menu Rahmah that was announced on 31 January 2023. Also, a continuous heavy rain since the end of December 2022 to February 2023 in several states has led to increases in food prices, especially vegetables. As a result of the transition of the monsoon, the inflation for the vegetables subgroup has recorded a significant increase of 5.80% as compared to 1.00% in January 2023. For year 2023, Bank Negara Malaysia ("BNM") is expecting headline inflation to remain elevated despite moderating in the 4Q22. This is due to strength in domestic demand and improvement in the labour market will similarly keep the core inflation elevated in the near term. The elevated core inflation will trend above headline inflation for a few months in year 2023, but both headline and core inflation are projected to average between 2.80% and 3.80% this year. Overall, our expectation on domestic inflation is

to grind lower due to base effects of year 2022. In the month of March 2023, BNM has decided to maintain its overnight policy rate at 2.75%, as inflation is expected to moderate in year 2023 with upward pressures remaining partly contained by price controls and fuel subsidies. The decision is the second consecutive time the central bank maintained its benchmark interest rate after four straight hikes last year by a cumulative 100 basis points to tame inflation and respond to tightening fiscal policy by the United States (“US”) Federal Reserve (“Fed”). BNM has highlighted that although Malaysia’s economy has grown strongly by 8.70% last year, the downside risks continue to stem mainly from global developments, including from weaker than expected growth outturns or much tighter and more volatile global financial conditions. Malaysia’s inflation rose to 2.80% in June 2023, compared to 3.30% YoY in April 2023 and May 2023. There was a slower increase seen in some groups as compared with the previous months such as food and non-alcoholic beverages, transport and furnishings. Malaysia’s inflation has moderated after having peaked at 4.70% last August 2023, with the government having introduced measures such as price controls on certain items. Meanwhile, it said core inflation eased to 3.50% in May 2023 compared to 3.60% in April 2023. As BNM expects the economy to moderate in year 2023 amid a slower global economy, and the growth will remain driven by domestic demand, as household spending will be underpinned by sustained improvement in employment and income prospects.

REVIEW OF FUND PERFORMANCE AND STRATEGY DURING THE FINANCIAL PERIOD

For the financial period under review, the Fund registered a return of 0.89%* against its benchmark return of 0.11%* The Fund outperformed its benchmark by 0.78% during the financial period under review. The Net Asset Value per unit of the Fund was RM0.9303 (31 March 2023: RM0.9221) as at 30 September 2023.

The investment strategy and policy employed during the financial period under review were in line with the investment strategy and policy as stated in the prospectus. The Fund has achieved its objective of providing long term wealth accumulation through capital appreciation.

** Source: Lipper Investment Management (“Lipper IM”), 13 October 2023*

EQUITY MARKET OUTLOOK & STRATEGY

The Fund Manager is of the view that the local index might consolidate further in the short term as the market is concerned with sticky US core inflation, strong US macro data and weak Chinese economic data. The Fed might still need to continue hiking interest rates until the inflation numbers come down. The Jackson Hole Meeting reiterated that the interest rate hike might not be finished yet. However, the global interest rates hike cycle may be nearing an end. The Fed is expected to cut the interest rates when the employment rate starts to decline and the US economy goes into recession which would be positive for Malaysia and Asia equities. The expectations

that US Dollar is likely to weaken would push investors to lean towards Asia given its cheaper valuation. Fundamentally, there is still room for the FBM KLCI Index to go higher despite the strong rally since touching the low in June 2023. Market sentiments have improved for Malaysia due to the initiatives introduced by the government to spur the economy. In addition, with the removal of the political overhang and earnings downgrade bottoming, the Fund Manager is of the opinion that the Fund Manager have seen the bottom for FBM KLCI Index. However, the Fund Manager also think that corporate earnings upgrade might get delayed since the economy is expected to slow down in the 3Q23 and 4Q23. Hence, market liquidity is key for the index to sustain its positive momentum. The initiatives announced by the government are expected to benefit technology, energy, property and construction sectors whilst the oil sector could benefit from higher oil prices currently. In addition, the tourism sector is also expected to benefit due to the arrival of Chinese tourists. Plantations and Banking sectors would also benefit as the Fund Manager would expect better earnings going forward. Low foreign holdings coupled with bottoming earnings downward revision would provide the support to the index. The Fund Manager would take the opportunity to position the portfolio on market weakness for decent returns in longer run due to expectations of better corporate earnings in year 2024 and cheap market valuation. However, gradual pace of subsidy rationalisation will start soon. The government has started to implement the targeted subsidy for electricity tariff (medium voltage and high voltage users, including multinational companies) from July 2023 and next in line is targeted subsidies for fuel, including RON95 petrol and diesel. Subsidy rationalization will have an impact on discretionary consumption.

CHARACTERISTICS AND GENERAL COMPOSITION OF THE INDEX

	As at 30 September 2023
Sectors	%
Equities	
Financials	41.50
Consumer Staples	13.14
Communication Services	10.94
Utilities	10.13
Materials	7.60

**RHB KLCI TRACKER FUND
NOTES TO THE UNAUDITED FINANCIAL STATEMENTS
FOR THE FINANCIAL PERIOD ENDED 30 SEPTEMBER 2023**

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

The RHB KLCI Tracker Fund (hereinafter referred to as “the Fund”) was constituted pursuant to the execution of a Master Deed dated 24 March 2000 as modified via its Supplemental Master Deed dated 1 June 2009, Second Supplemental Master Deed dated 4 September 2013, Third Supplemental Master Deed dated 2 March 2015, Fourth Supplemental Master Deed dated 25 May 2015, Fifth Supplemental Master Deed dated 11 December 2018 and Sixth Supplemental Master Deed dated 2 February 2023 (collectively referred to as “the Deeds”) between RHB Asset Management Sdn Bhd (“the Manager”) and HSBC (Malaysia) Trustee Berhad (“the Trustee”).

The Fund was launched on 3 April 2000 and will continue in operations until terminated according to the conditions provided in the Deed.

The principal activity of the Fund is to invest in Permitted Investments as set out in the Deeds.

All investments will be subject to the Securities Commission Malaysia (“SC”)’s Guidelines on Unit Trust Funds, SC’s requirements, the Deeds, except where exemptions or variations have been approved by the SC, internal policies and procedures and objective of the Fund.

The main objective of the Fund is to provide investment results that closely correspond to the performance of the Kuala Lumpur Composite Index (“KLCI”) or such other index as may be replaced by Bursa Malaysia Securities Berhad. Effective 6 July 2009, Bursa Malaysia replaced the KLCI with the FTSE Bursa Malaysia KLCI (“FBM KLCI”). As such, the Fund invests all or substantially all of the Fund’s assets in the FBM KLCI component stocks in approximately the same weightings as they appear in the FBM KLCI with the balance invested in FBM KLCI futures contracts and short term money market instruments.

The Manager, a company incorporated in Malaysia is a wholly-owned subsidiary of RHB Investment Bank Berhad, effective 6 January 2003. Its principal activities include rendering of investment management services, management of unit trust funds and private retirement schemes and provision of investment advisory services.

These financial statements were authorised for issue by the Manager on 22 November 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of the financial statements

The financial statements have been prepared under the historical cost convention, as modified by revaluation of financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss, except those as disclosed in the summary of significant accounting policies, and in accordance with Malaysian Financial Reporting Standards (“MFRS”) and International Financial Reporting Standards (“IFRS”).

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the financial period. It also requires the Manager to exercise its judgement in the process of applying the Fund’s accounting policies. Although these estimates and judgement are based on the Manager’s best knowledge of current events and actions, actual results may differ. There were no areas involving higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements.

(a) Standards and amendments to existing standards effective 1 April 2022

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 April 2022 that have a material effect on the financial statements of the Fund.

(b) New standards, amendments and interpretations effective after 1 April 2022 and have not been early adopted

A number of new standards and amendments to standards and interpretations are effective for the financial year beginning after 1 April 2022. None of these is expected to have a significant effect on the financial statements of the Fund, except the following set out below:

- Amendments to MFRS 101 ‘Classification of liabilities as current or non-current’ clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity’s expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant).

The amendment is effective for the annual financial reporting period beginning on or after 1 April 2024.

The amendment shall be applied retrospectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Financial assets

Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss (“FVTPL”), and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Fund’s debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund’s business model’s objective. Consequently, all investments are measured at fair value through profit or loss.

The Fund classifies cash and cash equivalents, margin deposit for futures contracts, amount due from brokers and dividend receivables as financial assets measured at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the statement of income and expenses.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Financial assets (continued)

Recognition and measurement (continued)

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains or losses arising from changes in the fair value of the ‘financial assets at fair value through profit or loss’ category are presented in statement of income and expenses within net gain or losses on investments in the period in which they arise.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of income and expenses within dividend income when the Fund’s right to receive payments is established.

Quoted investments are initially recognised at fair value and subsequently re-measured at fair value based on the market price quoted on the relevant stock exchanges at the close of the business on the valuation day, where the close price falls within the bid-ask spread. In circumstances where the close price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

If a valuation based on the market price does not represent the fair value of the securities, for example during abnormal market conditions or when no market price is available, including in the event of a suspension in the quotation of the securities for a period exceeding 14 days, or such shorter period as agreed by the Trustee, then the securities are valued as determined in good faith by the Manager, based on the methods or bases approved by the Trustee after appropriate technical consultation.

Deposits with licensed financial institutions are stated at cost plus accrued interest calculated on the effective interest method over the period from the date of placement to the date of the statement of financial position, which is a reasonable estimate of fair value due to the short-term nature of the deposits.

Derivative investments are futures contracts. Derivative financial instruments will be “marked to market” at the close of each valuation day. Foreign exchange gains and losses on the derivative financial instruments are recognised in the statement of income and expenses when settled or at the date of the statement of financial position at which they are included in the measurement of the derivative financial instrument.

Financial assets at amortised cost are subsequently carried at amortised cost using the effective interest method.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Financial assets (continued)

Impairment of financial assets

The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on the 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due or a counterparty credit rating which has fallen below BBB/Baa.

Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on the unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount. The Fund may write off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

The Fund's financial liabilities which include amount due to brokers, amount due to Manager, accrued management fee, amount due to Trustee and other payables and accruals are recognised initially at fair value plus directly attributable transaction cost and subsequently measured at amortised cost using the effective interest method.

A financial liability is derecognised when the obligation under the liability is extinguished. Gains and losses are recognised in statement of income and expenses when the liabilities are derecognised, and through the amortisation process.

2.4 Unit holders' capital

The unit holders' contributions to the Fund meet the criteria of the definition of puttable instruments to be classified as equity instruments under MFRS 132 "Financial Instruments: Presentation". These criteria include:

- the units entitle the holder to a proportionate share of the Fund's net asset value;
- the units are the most subordinated class and class features are identical;
- there is no contractual obligation to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units over its life are based substantially on the statement of income and expenses of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial period if the unit holders exercise the right to put the units back to the Fund.

Units are created and cancelled at prices based on the Fund's net asset value per unit at the time of creation or cancellation. The Fund's net asset value per unit is calculated by dividing the net assets attributable to unit holders with the total number of outstanding units.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Income recognition

Dividend income from quoted investments are recognised when the Fund's right to receive payment is established. Dividend income is received from financial assets measured at FVTPL.

Interest income from deposits with licensed financial institutions is recognised on an accrual basis using the effective interest method.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial assets (after deduction of the loss allowance).

Realised gain or loss on sale of quoted investments are arrived at after accounting for cost of investments, determined on the weighted average cost method.

Realised gain or loss on futures contracts are measured by the net settlement amount as per the future contract.

Net income or loss is the total of income less expenses.

2.6 Taxation

Current tax expense is determined according to Malaysian tax laws and includes all taxes based upon the taxable income earned during the financial period.

2.7 Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents comprise bank balances and deposits with licensed financial institutions with original maturities of three months or less that are readily convertible to known amounts of cash which are subject to an insignificant risk of changes in value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.8 Amount due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the date of the statement of financial position respectively. The amount due from brokers balance is held for collection.

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Fund shall measure the loss allowance on amounts due from brokers at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the brokers, probability that the brokers will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required.

2.9 Presentation and functional currency

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”), which is the Fund’s presentation and functional currency.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks, which include market risk, price risk, interest rate risk, credit risk, liquidity risk and capital risk.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated in the SC Guidelines on Unit Trust Funds.

Market risk

Securities may decline in value due to factors affecting securities markets generally or particular industries represented in the securities markets. The value of a security may decline due to general market conditions which are not specifically related to a particular company, such as real or perceived adverse economic conditions, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investors' sentiment generally. They may also decline due to factors that affect a particular industry or industries, such as labour shortages or increased production costs and competitive conditions within an industry. Equity securities generally have greater price volatility than debt securities. The market price of securities owned by a unit trust fund might go down or up, sometimes rapidly or unpredictably.

Price risk

Price risk is the risk that the fair value of the investments of the Fund will fluctuate because of changes in market prices.

The Fund is exposed to equity securities (other than those arising from interest rate risk) price risk for its investments of RM5,494,247 (31.03.2023: RM6,113,024) in equity securities.

The sensitivity analysis is based on the assumption that the price of the quoted equity securities fluctuate by +/- 5% with all other variables held constant, the impact on the statement of income and expenses and net asset value is +/- RM274,712 (31.03.2023: RM305,651).

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Interest rate risk

Interest rate risk is the risk that the cost or the value of the financial instruments will fluctuate due to changes in market interest rates. The Fund's exposure to the interest rate risk is mainly from short term placements with licensed financial institutions. The Manager overcomes the exposure by way of maintaining deposits on short term basis. Therefore, exposure to interest rate fluctuation is minimal.

Credit risk

Credit risk refers to the possibility that the issuer of a particular investment will not be able to make timely or full payments of principal or income due on that investment. The credit risk arising from cash and cash equivalents is managed by ensuring that the Fund will only maintain cash balances and place deposits with reputable licensed financial institutions. For amount due from brokers, the settlement terms are governed by the relevant rules and regulations as prescribed by the Bursa Malaysia Securities Berhad ("Bursa Malaysia"). The settlement terms of the proceeds from the creation of units receivable from the Manager are governed by the SC Guidelines on Unit Trust Funds.

The following table sets out the credit risk concentrations of the Fund:

	Cash and cash equivalents	Other financial assets*	Total
	RM	RM	RM
<u>30.09.2023</u>			
AAA	110,430	-	110,430
Other	-	34,449	34,449
	<u>110,430</u>	<u>34,449</u>	<u>144,879</u>
<u>31.03.2023</u>			
AAA	88,694	-	88,694
Other	-	100,612	100,612
	<u>88,694</u>	<u>100,612</u>	<u>189,306</u>

* Comprise of margin deposit for futures contracts, amount due from brokers and dividend receivables.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations.

Liquidity risk exists when particular investments are difficult to sell. As such, the Fund may not be able to sell such illiquid investments at an advantageous time or price to meet its liquidity requirements. Unit trust funds with principal investment strategies that involve securities or securities with substantial market and/or credit risk tend to have the greater exposure to liquidity risk. As part of its risk management, the Manager will attempt to manage the liquidity of the Fund through asset allocation and diversification strategies within the portfolio. The Manager will also conduct constant fundamental research and analysis to forecast future liquidity of its investments.

The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining period from the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Less than 1 <u>month</u> RM	Between 1 month <u>to 1 year</u> RM
<u>30.09.2023</u>		
Amount due to Manager	9,424	-
Accrued management fee	7,004	-
Amount due to Trustee	280	-
Other payables and accruals	-	7,421
	16,708	7,421
 <u>31.03.2023</u>		
Amount due to brokers	110,954	-
Accrued management fee	7,828	-
Amount due to Trustee	313	-
Other payables and accruals	-	8,700
	119,095	8,700

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Capital risk

The capital of the Fund is represented by equity consisting of unit holders' capital of RM3,637,331 (31.03.2023: RM4,238,027) and retained earnings of RM1,977,666 (31.03.2023: RM1,936,508). The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unit holders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unit holders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

4. FAIR VALUE ESTIMATION

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair value of financial assets and liabilities traded in an active market (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the financial period end date.

An active market is a market in which transactions for the assets or liabilities take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets and liabilities that are not traded in an active market is determined by using valuation techniques. The Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each financial period end date. Valuation techniques used for non-standardised financial instruments such as options, currency swaps and other over-the-counter derivatives, include the use of comparable recent transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

4. FAIR VALUE ESTIMATION (CONTINUED)

The fair values are based on the following methodologies and assumptions:

- (i) For bank balances and deposits with licensed financial institutions with maturities less than 1 year, the carrying value is a reasonable estimate of fair value.
- (ii) The carrying value of receivables and payables are assumed to approximate their fair values due to their short term nature.

Fair value hierarchy

The Fund adopted MFRS 13 “Fair Value Measurement” in respect of disclosures about the degree of reliability of fair value measurement. This requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices)
- Level 3: Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs)

The following table analyses within the fair value hierarchy the Fund’s financial assets at fair value through profit or loss (by class) measured at fair value:

	<u>Level 1</u> RM	<u>Level 2</u> RM	<u>Level 3</u> RM	<u>Total</u> RM
<u>30.09.2023</u>				
Financial assets at FVTPL:				
- Quoted investments	5,494,247	-	-	5,494,247
<u>31.03.2023</u>				
Financial assets at FVTPL:				
- Quoted investments	6,113,024	-	-	6,113,024

4. FAIR VALUE ESTIMATION (CONTINUED)

Fair value hierarchy (continued)

Investments in active listed equities, i.e. quoted investments and futures contracts whose values are based on quoted market prices in active markets are classified within Level 1. The Fund does not adjust the quoted prices for these instruments. The Fund's policies on valuation of these financial assets are stated in Note 2.2.

5. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise:

	<u>30.09.2023</u> RM	<u>31.03.2023</u> RM
Bank balances	<u>110,430</u>	<u>88,694</u>

6. MARGIN DEPOSIT FOR FUTURES CONTRACTS

	<u>30.09.2023</u> RM	<u>31.03.2023</u> RM
Margin deposit for futures contracts	<u>14</u>	<u>14</u>

This margin deposit is placed with the holding company of the Manager, RHB Investment Bank Berhad, arising from the ordinary course of investment in futures contracts as at the financial period ended.

7. INVESTMENTS

8. UNITS IN CIRCULATION

	<u>30.09.2023</u> Units	<u>31.03.2023</u> Units
At the beginning of the financial period/year	6,696,000	7,276,000
Creation of units arising from applications during the financial period/year	70,000	95,000
Cancellation of units during the financial period/year	(730,000)	(675,000)
At the end of the financial period/year	<u>6,036,000</u>	<u>6,696,000</u>

9. MANAGEMENT FEE

In accordance with Prospectus, the management fee provided in the financial statements is 1.50% (01.04.2022-30.09.2022: 1.50%) per annum based on the net asset value of the Fund, calculated on a daily basis for the financial period.

10. TRUSTEE'S FEE

In accordance with Prospectus, the Trustee's fee provided in the financial statements is 0.06% (01.04.2022-30.09.2022: 0.06%) per annum based on the net asset value of the Fund, calculated on a daily basis for the financial period.

11. TAXATION

(a) Tax charge for the financial period

	<u>01.04.2023-</u> <u>30.09.2023</u> RM	<u>01.04.2022-</u> <u>30.09.2022</u> RM
Current taxation	<u>-</u>	<u>-</u>

11. TAXATION (CONTINUED)

(b) Numerical reconciliation of income tax expense

The numerical reconciliation between the net income/(loss) before taxation multiplied by the Malaysian statutory income tax rate and the tax expense of the Fund is as follows:

	<u>01.04.2023-</u> <u>30.09.2023</u>	<u>01.04.2022-</u> <u>30.09.2022</u>
	RM	RM
Net income/(loss) before taxation	41,158	(787,494)
Tax calculated at a statutory income tax rate of 24%	9,878	(188,999)
Tax effects of:		
- (Income not subject to tax)/Loss not deductible for tax purposes	(27,043)	2,455
- Expenses not deductible for tax purposes	4,145	173,431
- Restriction on tax deductible expenses	13,020	13,113
Tax expense	-	-

12. TOTAL EXPENSE RATIO (“TER”)

	<u>01.04.2023-</u> <u>30.09.2023</u>	<u>01.04.2022-</u> <u>30.09.2022</u>
	%	%
TER	1.00	0.87

The TER ratio is calculated based on total expenses excluding investment transaction related costs of the Fund to the average net asset value of the Fund calculated on a daily basis.

13. PORTFOLIO TURNOVER RATIO (“PTR”)

	<u>01.04.2023-</u> <u>30.09.2023</u>	<u>01.04.2022-</u> <u>30.09.2022</u>
PTR (times)	0.09	0.03

The PTR ratio is calculated based on average of acquisition and disposals of the Fund for the financial period to the average net asset value of the Fund calculated on a daily basis.

14. UNITS HELD BY THE MANAGER AND PARTIES RELATED TO THE MANAGER

The number of units held by the Manager and related party are as follows:

	<u>30.09.2023</u>		<u>31.03.2023</u>	
	<u>Units</u>	<u>RM</u>	<u>Units</u>	<u>RM</u>
The Manager	3,947	3,672	2,358	2,174
RHB Capital Nominees (Tempatan) Sdn Bhd	34,977	32,539	34,977	32,252

The units are held beneficially by the Manager for booking purposes. The Manager is of the opinion that all transactions with the related parties have been entered into in the normal course of business at agreed terms between the related parties.

The units held by RHB Capital Nominees (Tempatan) Sdn Bhd, a wholly owned subsidiary of ultimate holding company of the Manager, are under nominees structure.

Other than the above, there were no units held by the Directors or parties related to the Manager.

The holding company and the ultimate holding company of the Manager is RHB Investment Bank Berhad and RHB Bank Berhad respectively. The Manager treats RHB Bank Berhad group of companies including RHB Investment Bank Berhad and its subsidiaries as related parties.

15. TRANSACTIONS BY THE FUND

Details of transactions by the Fund for the financial period ended 30 September 2023 are as follows:

<u>Brokers/Financial institutions</u>	<u>Value of trades</u> RM	<u>Percentage of total trades</u> %	<u>Brokerage fees</u> RM	<u>Percentage of total brokerage fees</u> %
RHB Investment Bank Berhad*	1,059,329	100.00	10,893	100.00

15. TRANSACTIONS BY THE FUND (CONTINUED)

Details of transactions by the Fund for the financial year ended 31 March 2023 are as follows:

Brokers/Financial <u>institutions</u>	Value of <u>trades</u> RM	Percentage of total <u>trades</u> %	Brokerage <u>fees</u> RM	Percentage of total brokerage <u>fees</u> %
RHB Investment Bank Berhad*	1,007,790	75.49	8,780	80.66
CGS-CIMB Securities Sdn Bhd	243,679	18.25	1,411	12.96
Maybank Investment Bank Berhad	83,450	6.26	694	6.38
	<u>1,334,919</u>	<u>100.00</u>	<u>10,885</u>	<u>100.00</u>

* Included in transactions by the Fund are trades with RHB Investment Bank Berhad, the holding company of the Manager. The Manager is of the opinion that all transactions with the related company have been entered into in the normal course of business at agreed terms between the related parties.

**STATEMENT BY MANAGER
RHB KLCI TRACKER FUND**

We, Dato' Darawati Hussain and Syed Ahmad Taufik Albar, two of the Directors of RHB Asset Management Sdn Bhd, do hereby state that in the opinion of the Directors of the Manager, the accompanying unaudited statement of financial position, unaudited statement of income and expenses, unaudited statement of changes in net asset value, unaudited statement of cash flows and the accompanying notes, are drawn up in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards so as to give a true and fair view of the financial position of the Fund as at 30 September 2023 and of its financial performance and cash flows for the financial period then ended and comply with the provisions of the Deeds.

On behalf of the Manager,

Dato' Darawati Hussain
Director

Syed Ahmad Taufik Albar
Director

22 November 2023

TRUSTEE'S REPORT

To the unit holders of RHB KLCI Tracker Fund (“Fund”)

We have acted as Trustee of the Fund for the financial period ended 30 September 2023 and we hereby confirm to the best of our knowledge, after having made all reasonable enquiries, RHB Asset Management Sdn Bhd has operated and managed the Fund during the period covered by these financial statements in accordance with the following:

1. Limitations imposed on the investment powers of the Management Company under the Deeds, securities laws and the Guidelines on Unit Trust Funds;
2. Valuation and pricing is carried out in accordance with the Deeds; and
3. Any creation and cancellation of units are carried out in accordance with the Deeds and any regulatory requirement.
