

RHB MALAYSIA DIVA FUND

SEMI-ANNUAL REPORT 2023

For the financial period ended 30 September 2023

GENERAL INFORMATION ABOUT THE FUND

Name, Category and Type

Fund Name	-	RHB Malaysia DIVA Fund
Fund Category	-	Equity fund
Fund Type	-	Growth and income

Investment Objective, Policy and Strategy

Objective of the Fund

To provide total returns primarily through investment in equity and equity related securities of companies which offer potentially high dividend yields and sustainable dividend payments.

Strategy

This Fund seeks to achieve its investment objective by structuring a portfolio as follows:

Up to 100% of the Fund's Net Asset Value - Investments in equities and/or fixed income securities or liquid assets, of which at least 50% of the Fund's Net Asset Value will be invested in equities.

Although the Fund is actively managed, how active or the frequency of its trading strategy will very much depend on market opportunities.

The Fund seeks to provide total returns by reference to the Fund's benchmark. The Fund will invest primarily in equity and equity related securities of companies that offer higher than expected dividend yields compared to other companies in the market and whose cash-flow generated by business and management activities are expected to support such dividend payments. The Fund therefore seeks to identify and invest in companies that focus on shareholder value in the form of sustainable dividend returns combined with the prospect for capital growth.

The Manager may take temporary defensive positions that may be inconsistent with the Fund's principal strategy in attempting to respond to adverse economic, political or any other market conditions. In such circumstances, the Manager may reallocate up to 100% of the Fund's equity investments into other asset classes such as fixed income securities, money market instruments and Deposits, which are defensive in nature.

Performance Benchmark

Effective from 30 September 2023, the performance of the Fund is benchmarked against FTSE Bursa Malaysia Kuala Lumpur Composite Index (“FBM KLCI”) (50%) and RHB Bank Berhad’s 12-month Fixed Deposit Rate (50%).

Prior to 30 September 2023, the performance of the Fund is benchmarked against FTSE Bursa Malaysia Kuala Lumpur Composite Index (“FBM KLCI”) (50%) and Maybank’s 12-Months Fixed Deposit Rate (50%).

Permitted Investments

The Fund may invest in securities of companies listed on Bursa Malaysia; unlisted securities including securities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing or quotation and are offered directly to the Fund by the issuer; financial derivatives; collective investment schemes; structured products and warrants that carry the right in respect of a security traded in or under the rules of an eligible market; Malaysian Government Securities, Cagamas Bonds, Bank Negara Malaysia Certificates, Malaysian Treasury Bills, Bankers’ Acceptance and Government Investment Issue (GII); Malaysian currency balances in hand, Malaysian currency deposits with commercial banks, finance companies and Bank Islam Malaysia Berhad including Negotiable Certificates of Deposit, banker’s acceptances and placements of money at call with discount houses; unlisted fixed income/debt securities; liquid assets (including money market instruments and deposits with any financial institution); Danamodal, Danaharta and Khazanah bonds; and any other investments permitted by the Securities Commission Malaysia (“SC”) from time to time.

Distribution Policy

Income (if any) will be distributed during the financial year.

Chapter 1 – Fund Information, Section 1.4 – RHB Malaysia DIVA Fund, Section 1.4.7 – Permitted Investments and Restrictions

The Fund may invest in securities of companies listed on Bursa Malaysia; unlisted securities including securities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing or quotation and are offered directly to the Fund by the issuer; financial derivatives; collective investment schemes; structured products and warrants that carry the right in respect of a security traded in or under the rules of an Eligible Market; Malaysian government securities, cagamas bonds, Bank Negara Malaysia certificates, Malaysian treasury bills, bankers’ acceptance and Government Investment Issue (GII); Malaysian currency balances in hand, Malaysian currency deposits with commercial banks, finance companies and Bank Islam Malaysia Berhad including negotiable certificates of deposit, banker’s acceptances and placements of money at call with discount houses; unlisted fixed income securities; liquid assets (money market instruments and Deposits); Danamodal, Danaharta and Khazanah bonds; and any other investments permitted by the Securities Commission from time to time.

The acquisition of such permitted investments is subject to the following restrictions:

- a) The aggregate value of the Fund’s investments in transferable securities that are not traded or dealt in or under the rules of an Eligible Market (i.e., unlisted securities) must not exceed fifteen (15) per cent of the Fund’s Net Asset Value, subject to a maximum limit of ten (10) per cent of the Fund’s Net Asset Value in a single issuer, or any other limit as may be prescribed by the Securities Commission from time to time.
- b) The value of the Fund’s investments in ordinary shares issued by any single issuer must not exceed ten (10) per cent of the Fund’s Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- c) The value of the Fund’s investments in transferable securities (i.e. equities, fixed income securities and warrants) and money market instruments issued by any single issuer must not exceed fifteen (15) per cent of the Fund’s Net Asset Value (“single issuer limit”), or any other limit as may be prescribed by the Securities Commission from time to time. In determining the single issuer limit, the value of the Fund’s investments in instruments in paragraph (a) issued by the same issuer must be included in the calculation.
- d) The value of the Fund’s placement in Deposits with any single financial institution must not exceed twenty (20) per cent of the Fund’s Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- e) The aggregate value of the Fund’s investments in, or exposure to, a single issuer through transferable securities, money market instruments, Deposits, underlying assets of financial derivatives and counterparty exposure arising from the use of OTC financial derivatives must not exceed twenty-five (25) per cent of the Fund’s Net Asset Value (“single issuer aggregate limit”), or any other limit as may be prescribed by the Securities Commission from time to time. In determining the single issuer aggregate limit, the value of the Fund’s investments in instruments in paragraph (a) issued by the same issuer must be included in the calculation.
- f) The value of the Fund’s investments in units or shares of a collective investment scheme must not exceed twenty (20) per cent of the Fund’s Net Asset Value, provided that the collective investment scheme complies with paragraphs (q)(i), (ii) and (iii), excluding collective investment scheme that invests in real estate, or any other limit as may be prescribed by the Securities Commission from time to time.

- g) The value of the Fund's investments in units or shares of a collective investment scheme that invests in real estate pursuant to paragraph (q)(iii) must not exceed fifteen (15) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time.
- h) The value of the Fund's investments in transferable securities and money market instruments issued by any group of companies must not exceed twenty (20) per cent of the Fund's Net Asset Value ("group limit"), or any other limit as may be prescribed by the Securities Commission from time to time. In determining the group limit, the value of the Fund's investments in instruments in paragraph (a) issued by the issuers within the same group of companies must be included in the calculation.
- i) The single financial institution limit in paragraph (d) does not apply to placements of Deposits arising from:
- (i) subscription monies received prior to the commencement of investment by the Fund;
 - (ii) liquidation of investments prior to the termination of the Fund, where the placement of Deposits with various financial institutions would not be in the best interests of Unit Holders; or
 - (iii) monies held for the settlement of redemption or other payment obligations, where the placement of Deposits with various financial institutions would not be in the best interest of Unit Holders.
- j) The Fund's investments in shares or securities equivalent to shares must not exceed ten (10) per cent of the shares or securities equivalent to shares, as the case may be, issued by any single issuer, or any other limit as may be prescribed by the Securities Commission from time to time.
- k) The Fund's investments in fixed income securities must not exceed twenty (20) per cent of the fixed income securities issued by a single issuer, or any other limit as may be prescribed by the Securities Commission from time to time. This limit may be disregarded at the time of acquisition if at that time of acquisition, the gross amount of fixed income securities in issue cannot be determined.
- l) The Fund's investments in money market instruments must not exceed ten (10) per cent of the instruments issued by any single issuer, or any other limit as may be prescribed by the Securities Commission from time to time. This limit does not apply to money market instruments that do not have a pre-determined issue size.
- m) The Fund's investments in collective investment scheme must not exceed twenty-five (25) per cent of the units or shares in the collective investment scheme, or any other limit as may be prescribed by the Securities Commission from time to time.
- n) The counterparty of an OTC financial derivative must be a financial institution with a minimum longterm credit rating of investment grade (including gradation and subcategories). Subject to the aggregate limit as stipulated in the Guidelines, the maximum exposure of the Fund to the counterparty must not exceed ten (10) per cent of the Fund's Net Asset Value, or any other limit as may be prescribed by the Securities Commission from time to time based on the maximum potential loss that may be incurred by the Fund if the counterparty defaults and not on the basis of the notional value of the OTC financial derivative. The total exposure to a single counterparty is calculated by summing the exposure arising from all OTC financial derivative transactions entered into with the same counterparty.
- o) The Fund's exposure to the underlying assets (vide the financial derivatives) must not exceed the investment limits and restrictions applicable to such underlying assets as stipulated in the Guidelines, or any other limit as may be prescribed by the Securities Commission from time to time.
- p) The Fund's global exposure from its financial derivatives positions must not exceed the Fund's Net Asset Value at all times, or any other limit as may be prescribed by the Securities Commission from time to time.
- q) The Fund may invest in other collective investment scheme that fall within the following categories:
- (i) a collective investment scheme authorised or recognised by the Securities Commission; or
 - (ii) a collective investment scheme that meets the following criteria:
 - the collective investment scheme is constituted and regulated in a jurisdiction where the laws and practices provide the level of investor protection that is at least equivalent to that offered in Malaysia;
 - the rules on investments, borrowing and lending are substantially similar to the requirements in the Guidelines. This would exclude hedge funds;
 - the assets of the collective investment scheme are managed by an entity which is approved, authorised or licensed by a securities regulator to conduct fund management activities; and
 - the business of the collective investment scheme is reported in semi-annual and annual reports to enable an assessment to be made of the assets and liabilities, income and operations over the reporting period; or
 - (iii) a collective investment scheme that meets the following criteria:
 - the collective investment scheme invests in permissible investments under the Guidelines, physically-backed metal exchange traded funds that comply with the Guidelines, or real estate;
 - the collective investment scheme meets the criteria imposed on transferable securities as prescribed under the Guidelines;
 - the units or shares in the collective investment scheme are listed for quotation and traded on a stock exchange that is an Eligible Market; and
 - the collective investment scheme is not an inverse or leveraged product.

The limits and restrictions mentioned herein must be complied with at all times based on the most up-to-date value of the Fund's investments. The Manager must notify the Securities Commission, within seven (7) Business Days, of any breach of

investment limits and restrictions with the steps taken to rectify and prevent such breach from recurring. However, any breach as a result of (a) appreciation or depreciation in value of the Fund's investments; (b) repurchase of Units or payment made from the Fund; (c) change in capital of a corporation in which the Fund has invested in; or (d) downgrade in or cessation of a credit rating, need not be reported to the Securities Commission but must be rectified as soon as practicable within three (3) months from the date of the breach unless otherwise specified in the Guidelines. The three (3) -month period may be extended if it is in the best interest of the Unit Holders and the Trustee's consent is obtained. Such extension must be subject to at least a monthly review by the Trustee. The limits and restrictions in this Section 1.4.7, however, do not apply to securities or instruments that are issued or guaranteed by the Malaysian government or Bank Negara Malaysia.

Note: If the Fund is eligible to be invested via the EPF-MIS and you transfer your moneys from your EPF account to invest in the Fund, the investments made by the Fund as well as your investment in the Fund from your EPF account will be subject to the EPF's requirements. Please refer to the website at <http://www.kwsp.gov.my> for updated information.

Chapter 2 – Risk Factors, Section 2.1 – General Risks of Investing in Unit Trusts, General Risks

a) Loan/Financing Risk

Investors should assess the inherent risk of investing with borrowed money or through financing facility which would include the following:

- i) the ability to service the loan repayments or financing instalments and the effect of increase in interest rates or profit rates on the loan repayments or financing instalments; and
- ii) (in a case where Units are used as collateral to the loan or financing facility) the ability to provide additional collateral should the Unit prices of the Funds fall beyond a certain level,

failing which, the investors' Units may be sold off to realise the proceeds towards settlement of the outstanding loan or financing facility taken.

[Please see Unit Trust Loan Financing Risk Disclosure Statement in the application form. Should Muslim investors wish to finance the acquisitions of Islamic unit trust funds, they are advised to obtain one that is Shariah-compliant in nature.]

Chapter 3 – Valuation of Assets

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF*	ATRF*	USEF*	

*Funds with mandates investing in foreign markets.

The Funds must be valued at least once every Business Day. However, certain foreign markets in which the Funds may invest in have different time zones from that of Malaysia.

Accordingly, for Funds investing solely in the local market, the valuation of the respective Funds for a Business Day will be conducted at the close of Bursa Malaysia for that Business Day. Thus, the price of the Funds for a particular Business Day will be published online on the Manager's website on the next day.

For Funds which have investments in foreign markets, the valuation of the respective Funds for a Business Day will be conducted by 5.00 p.m. (or such other time as may be determined by the Manager from time to time) on the following day on which the Manager is open for business, when the closing prices of the foreign markets for that Business Day would be available.

As such, the price for a particular Business Day, of the Funds with investments in foreign markets will not be published online on the Manager's website on the next day but will instead be published the next following day (i.e. price will be two (2) days old). This will be specifically indicated on the Manager's website.

Illustration (for Funds investing in foreign markets)

When markets are closed for trading on 13 June 2023 (Tuesday), the valuation date will be the next day on which the Manager is open for business i.e. 14 June 2023 (Wednesday). Thus, the publication date for the price as at 13 June 2023 (Tuesday) will be on 15 June 2023 (Thursday) on the Manager's website.

Investors may obtain the most current computed prices by contacting the Manager directly or visiting the Manager's website, www.rhbgroup.com [please refer to Section 5.6 (g) (Availability of Information on Investment)].

In undertaking any of the Fund's investments, the Manager will ensure that all the assets of the respective Funds will be valued at fair value and at all times in compliance with the relevant laws (including approved accounting standards).

Accordingly, where applicable:

(i) Listed / Shariah-compliant securities

Listed / Shariah-compliant securities will be valued daily based on the last done market price or such other basis as may be prescribed by the relevant laws from time to time including approved accounting standards.

However, if: -

- (a) a valuation based on the market price does not represent the fair value of the listed securities / Shariah-compliant securities, for example during abnormal market conditions; or
- (b) no market price is available, including in the event of a suspension in the quotation of listed securities / Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,

then the listed securities / Shariah-compliant securities would be valued at fair value, as determined in good faith by the Manager based on the methods or bases approved by the Trustee after appropriate technical consultation.

(ii) Unlisted fixed income securities / sukuk

Unlisted fixed income securities / sukuk denominated in Ringgit Malaysia will be valued on a daily basis by reference to the fair value prices quoted by a bond pricing agency (“BPA”) registered with the Securities Commission. However, where quotations are not available, such unlisted fixed income securities / sukuk will be valued at fair value by reference to the average indicative yield quoted by three independent and reputable financial institutions in OTC market at the close of trading. These institutions include investment banks and commercial banks dealing in fixed income securities / sukuk.

Unlisted fixed income securities / sukuk denominated in foreign currencies are valued daily using the Bloomberg Generic Price (“BGN price”) provided by Bloomberg. Where BGN prices are not available on any Business Day, these unlisted fixed income securities / sukuk will be valued by reference to the average indicative yield quoted by three independent and reputable financial institutions.

In a case where the Manager is of the view that the price quoted by BPA or the BGN price for a specific unlisted fixed income security / sukuk differs from the market price (i.e., the Manager’s view of the market yield) by more than 20 basis points, the Manager may use the market price, provided that the Manager records its basis for using a non BPA price or non BGN price, obtains necessary internal approvals to use the non BPA price or non BGN price and keeps an audit trail of all decisions and basis for adopting the market price.

However, when the Manager, after taking all reasonable efforts, is unable to obtain quotations from BPA or any BGN price or quotations from three independent and reputable financial institutions due to circumstances such as extreme market conditions, such unlisted fixed income securities / sukuk (denominated in Ringgit Malaysia and denominated in foreign currencies) will be valued at fair value as determined in good faith by the Manager based on the methods or bases which have been verified by the auditor of the Funds and approved by the Trustee.

(iii) Unlisted equity securities / Shariah-compliant equity securities

Unlisted equity securities / Shariah-compliant equity securities will be valued at fair value as determined in good faith by the Manager based on the methods or bases which have been verified by the auditor of the Funds and approved by the Trustee.

(iv) Collective investment schemes / Islamic collective investment schemes

Collective investment schemes / Islamic collective investment schemes which are quoted on an approved exchange shall be valued daily based on the last done market price. Unlisted collective investment schemes / Islamic collective investment schemes shall be valued by reference to the last published repurchase price per unit of that unlisted collective investment scheme / Islamic collective investment schemes.

(v) Financial derivatives / Islamic financial derivatives

Financial derivatives / Islamic financial derivatives positions will be ‘marked-to-market’ at the close of each trading day.

(vi) Deposits / Islamic Deposits

Deposits / Islamic Deposits will be valued each day by reference to the principal value of such investments and the interest / profits accrued thereon for the relevant period.

(vii) Money market instruments / Islamic money market instruments

Money market instruments / Islamic money market instruments that are held for collecting contractual cash flow purpose i.e. money market placements / Islamic money placements which have a remaining term to maturity of not more than 90 days at the time of acquisition will be measured on an ongoing basis at amortised cost. The risk of using amortised cost accounting is the mismatch between the fair value and book value of a money market instrument / an Islamic money market

instrument. The Manager will monitor closely and consider prompt action to discontinue the use of amortised cost method and adopt the fair value, i.e., the discounted net present value, as the valuation for money market instrument / Islamic money market instruments in the event the variance is above 3%.

Money market instruments / Islamic money market instruments other than the aforesaid will be valued on a daily basis by reference to the fair value prices quoted by a BPA registered with the Securities Commission.

(viii) Foreign exchange translation

Foreign exchange translation of foreign investments into Ringgit Malaysia for a particular Business Day is determined based on the bid rate quoted by Bloomberg or Reuters at 4.00 p.m. (United Kingdom time) or such other time as may be prescribed from time to time by the relevant laws.

(ix) Any other investments / Shariah-compliant investments

Any other investments / Shariah-compliant investments as may be held by the Funds will be valued based on fair value as determined in good faith by the Manager, on methods or bases which have been verified by the auditor of the Funds and approved by the Trustee.

Chapter 4 – Fees, Charges and Expenses, Section 4.1(a) – Sales Charge

The following phrase “Note: Investor who invests via the EPF Members’ Investment Scheme will be levied a Sales Charge of up to 3.00% of Net Asset Value per Unit (or such other rate that may be determined by the EPF from time to time).” under above section is hereby deleted.

Chapter 4 – Fees, Charges and Expenses, Section 4.1(a) – Sales Charge¹, illustration

Say, an investor makes an investment of RM10,000.00 at the selling price of RM0.2523 and the distributor levies a sales charge¹ of 5.00%, the investor will pay a total of RM10,500.00 as follows:

Investment amount	=	RM	10,000.00
Add: sales charge levied by the distributor @ 5.00%	=	RM	500.00
Total amount paid by the investor	=	RM	<u>10,500.00</u>

The investor will be allotted with Units calculated as follows:

$$\frac{\text{RM}10,000.00}{\text{RM}0.2523^*} = 39,635.35 \text{ Units}^{**}$$

* Unit price is rounded to the nearest 4 decimal places.

** Units computed are rounded to the nearest 2 decimal places.

Note: If the Fund is an EPF-MIS approved fund and you invest via EPF-MIS, you will be levied a sales charge of up to 3.00% of the investment amount or any other rate as may be determined by the EPF from time to time.

Chapter 4 – Fees, Charges and Expenses, Section 4.1(b) – Repurchase Charge, BF & IBF, illustration

Say, an investor redeems 9,842.52 Units at the repurchase price of RM1.0160 (which is the Net Asset Value per Unit as at the next valuation point), he would receive proceeds of redemption of RM9,900.00 as follows:

Redemption amount (9,842.52 Units x RM1.0160)	=	RM	10,000.00
Less: repurchase charge of 1.00%	=	RM	(100.00)
Net amount payable to the investor	=	RM	<u>9,900.00</u>

Chapter 4 – Fees, Charges and Expenses, Section 4.1(c) – Other Charges

(i) Switching of Units

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF	ATRF	USEF	

Units can only be switched to other unit trust funds under the management of the Manager that are of the same currency units and that allow switching.

A switching fee¹ of RM25.00 will be imposed and deducted from the redemption amount of the Units to be switched for a switch between funds that impose a similar sales charge or a switch to a fund that impose a lower sales charge. Unit Holders switching to a fund that imposes a higher sales charge will pay the difference in sales charge which is deductible from the redemption amount of the Units to be switched.

The Manager, however, reserves the right to vary this switching fee or to vary the terms of the switching facility.

For switching into non-money market fund, units of the fund to be switched into shall be purchased at the net asset value per unit as at the next valuation point of the fund's relevant business day after the form of request to switch is received by the Manager ("forward pricing"). For switching into money market fund, units shall be purchased at the net asset value per unit as at the next valuation point of the fund's relevant business day after money is received by the switch in fund.

Illustration

If a Unit Holder switches 10,000 Units in **DF** at the repurchase price of RM1.3064 and wishes to invest in **another unit trust fund under the management of the Manager (that allows switching)** at the selling price of RM0.5272 (where both funds have the Sales Charge of 6.00%).

Proceeds from switch (DF) (10,000 Units x RM1.3064)	=	RM	13,064.00
Less: switching fee RM25.00	=	RM	(25.00)
Net proceeds from switch	=	RM	<u>13,039.00</u>
Proceeds from DF invested in another unit trust fund managed by the Manager:			<u>RM13,039.00</u> RM0.5272
	=		24,732.55 units**

** Units computed are rounded to the nearest 2 decimal places.

(ii) **Transfer of Units**

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF	ATRF	USEF	

No transfer fee is applicable

(iii) Any bank charges imposed by the relevant financial institutions will be borne by the Unit Holders.

Note: ¹All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the Malaysian government from time to time.

Chapter 4 – Fees, Charges and Expenses, Section 4.2(a) – Management Fee¹, Illustration: Computation of management fee

Assuming that the Net Asset Value of a Fund (before deducting the management fee and Trustee's fee) for a particular day is RM105,000,000.00 and the annual management fee is at the rate of one point five per cent (1.50%) per annum, the calculation of the management fee of the Fund for that particular day is as follows:

$$\frac{\text{RM105,000,000.00} \times 1.50\%}{365 \text{ days}^*} = \text{RM4,315.07 per day}$$

* In the event of a leap year, the management fee will be divided by 366 days.

Note: ¹All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the Malaysian government from time to time.

Chapter 4 – Fees, Charges and Expenses, Section 4.2(b) – Trustee's Fee¹, Illustration: Computation of Trustee's fee

Assuming that the Net Asset Value of a Fund (before deducting the management fee and Trustee's fee) for a particular day is RM105,000,000.00 and the Trustee's fee is at the rate of zero point zero eight per cent (0.08%) per annum, the calculation of the Trustee's fee of the Fund for that particular day is as follows:

$$\frac{\text{RM105,000,000.00} \times 0.08\%}{365 \text{ days}^*} = \text{RM230.14 per day}$$

* In the event of a leap year, the Trustee’s fee will be divided by 366 days.

Note: ¹All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the Malaysian government from time to time.

Chapter 4 – Fees, Charges and Expenses, Section 4.3 – Policy on Rebates and Soft Commissions

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF	ATRF	USEF	

It is the Manager’s policy to credit all rebates to the account of the respective Funds.

However, goods and services (“soft commissions”) provided by any broker or dealer may be retained by the Manager or the fund manager if:

- (a) the soft commissions bring direct benefit or advantage to the management of the Funds and may include research and advisory related services;
- (b) any dealing with broker or dealer is executed on terms which are the most favourable for the Funds; and
- (c) the availability of soft commissions is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and the Manager or fund manager must not enter into unnecessary trades to achieve a sufficient volume of transactions to qualify for soft commissions.

Chapter 4 – Fees, Charges and Expenses, Section 4.4 – Tax

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF	ATRF	USEF	

All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the Malaysian government from time to time.

Based on the Finance Act 2021, income derived by the Funds from foreign sources and received in Malaysia from 1 January 2022 onwards will be subject to Malaysian income tax. A transitional tax rate of 3% is accorded on the gross amount of the foreign income received in Malaysia from 1 January 2022 to 30 June 2022. From 1 July 2022 onwards, the prevailing tax rate of 24% will apply to the chargeable income computed in respect of the foreign source income remitted into Malaysia by the Funds.

Where the same foreign income has been taxed in both Malaysia and the foreign country, a tax credit in the form of bilateral relief under a Double Tax Agreement (“DTA”) or unilateral relief under the domestic law (if there is no available DTA or a limited DTA which does not provide such relief) may be given in respect of such income, subject to conditions.

There are fees and charges involved and investors are advised to consider them before investing in the Funds.

Chapter 5 – Transaction Information, Section 5.2 – Computation of Selling Price

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF	ATRF	USEF	

The selling price shall be the Net Asset Value per Unit as at the next valuation point of the Fund’s relevant Business Day after the application for Units is received by the Manager (“forward pricing”). A sales charge¹ will be computed separately based on the investment amount/ purchase amount, net of bank charges (if any).

Illustration

The Net Asset Value per Unit as at the next valuation point of the Fund is computed as follows:-

Daily Net Asset Value	RM44,097,264.66
Units in circulation	33,756,000
Net Asset Value per Unit	<u>RM44,097,264.66</u> 33,756,000

$$= \text{RM1.3064}^*$$

Say, an investor makes an investment of RM10,000.00 at the selling price of RM1.3064 (which is the Net Asset Value per Unit as at the next valuation point) and the distributor levies a sales charge¹ of 5.00%, the investor will pay a total of RM10,500.00 as follows:-

Investment amount	=	RM	10,000.00
Add: sales charge levied by the distributor @5.00%	=	RM	500.00
Total amount paid by the investor	=	RM	<u>10,500.00</u>

The investor will be allotted with Units calculated as follows:

$$\frac{\text{RM10,000.00}}{\text{RM1.3064}^*} = 7,654.62 \text{ Units}^{**}$$

* Unit price is rounded to the nearest 4 decimal places.

** Units computed are rounded to the nearest 2 decimal places.

Note: ¹All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the Malaysian government from time to time.

Chapter 5 – Transaction Information, Section 5.3 – Computation of Repurchase Price

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF	ATRF	USEF	

The repurchase price shall be the Net Asset Value per Unit as at the next valuation point of the Fund’s relevant Business Day after the request for repurchase of Units is received by the Manager (“forward pricing”). The Manager will not impose any Repurchase Charge on the redemption amount except for **BF** and **IBF**. For **BF** and **IBF**, a Repurchase Charge¹ of up to 1.00% of the Net Asset Value per Unit will be levied if a Unit Holder redeems his investments on or before the first year of investment. Thereafter, no Repurchase Charge will be imposed.

Illustration

The Net Asset Value per Unit as at the next valuation point of the Fund is computed as follows:-

Daily Net Asset Value	RM47,992,019.47
Units in circulation	47,238,000
Net Asset Value per Unit	<u>RM47,992,019.47</u> 47,238,000
	= RM1.0160*

Say, an investor redeems 9,842.52 Units at the repurchase price of RM1.0160 (which is the Net Asset Value per Unit as at the next valuation point), he would receive proceeds of redemption of RM9,900.00 as follows:

Redemption amount (9,842.52 units x RM1.0160*)	=	RM	10,000.00
Less: repurchase charge of 1.00%	=	RM	(100.00)
Net Amount payable to the investor	=	RM	<u>9,900.00</u>

* Unit price is rounded to the nearest 4 decimal places.

Note: ¹All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the Malaysian government from time to time.

Chapter 5 – Transaction Information, Section 5.6(b) – Cooling-off Period

DF	CF	BF	MDF
CMF	MF	IBF	ICMF
DVEF	ATRF	USEF	

The cooling-off right refers to the right of an individual investor to obtain a refund of his investment if he so requests within the cooling-off period. The cooling-off right is only given to an individual investor, other than those listed below, who is investing in any unit trust funds managed by the Manager for the first time:

- (i) a staff of the Manager; and/or
- (ii) a person registered with a body approved by the Securities Commission to deal in unit trust funds.

The refund to the investor pursuant to the exercise of his cooling-off right must be as follows:

- a) the Net Asset Value per Unit at the point of exercise of the cooling-off right (“market price”), if the Net Asset Value per Unit on the day the Units were purchased (“original price”) is higher than the market price; or
- b) the original price, if the market price is higher than the original price.

If the market price is higher than the original price paid by the investor, the Manager may agree to pay the investor the excess amount, provided that such amount is not paid out of the Funds or the assets of the Funds.

The Manager must also refund the sales charge originally imposed on the day the Units were purchased.

The cooling-off period shall be within six (6) Business Days which shall be effective from the date of receipt of the application by the Manager. Where applicable, if you have invested via the EPF-MIS, the cooling-off period shall be subject to EPF’s terms and conditions.

The cooling-off right allows investors the opportunity to reverse an investment decision which could have been unduly influenced by certain external elements or factors.

Withdrawal proceeds will only be paid to the investors once the Manager has received cleared funds for the original investment. For investors who paid by cheque, the refund will be made upon clearance of the cheque. The Manager shall refund the investor in cash within seven (7) Business Days of receiving the cooling-off notice. Where applicable, if you have invested via the EPF-MIS, the refund will be credited back into your EPF accounts.

Chapter 5 – Transaction Information, Section 5.6(c) – Where Units can be Purchased or Redeemed

Units can be purchased or redeemed at the Manager’s registered/principal office or any of its branches or any of its participating IUTAs and any other authorised distributors or channels as the Manager may decide from time to time. For further information, please call us at 03-9205 8000 at any time during our office hours: Mondays through Fridays from 9.00 a.m. – 5.00 p.m. Alternatively, investors may e-mail their enquiries to rham@rhbgroup.com.

Please refer to our Directory of Outlets for Purchase and Sale of Units at the end of this master prospectus. Application forms, redemption forms and this master prospectus are also available from these distributors.

Chapter 5 – Transaction Information, Section 5.6 (d) – How to Switch between Funds

DF	CF	BF	MDF
MF	IBF	DVEF	ATRF
USEF			

Unit Holders may switch to units of any unit trust fund under the management of the Manager that are of the same currency units and that allow for switching by forwarding the completed form of request to switch to the Manager’s registered/principal office or any of its branches, or to any of its participating IUTAs and any other authorised distributors before their respective cut-off times on any Business Day. There is no restriction as to the number of switches a Unit Holder may perform or the frequency of switching. The minimum investment balance must be at least one hundred (100) Units or such other lower quantity as the Manager may from time to time decide after the switch. Following a switching transaction, if the quantity of Units held by a Unit Holder in a Fund falls below its minimum investment balance, the Manager can switch the entire investment and forward the proceeds to the fund that the Unit Holder intends to switch into. The Manager however, reserves the right to vary these terms.

Chapter 5 – Transaction Information, Section 5.6(e) – How to Transfer Ownership of Units

Unit Holders may transfer their holdings of Units to another investor by forwarding the completed form of transfer to the Manager’s registered/principal office or any of its branches, or to any of its participating IUTAs and any other authorised distributors before their respective cut-off times on any Business Day.

If the transferee is a new investor, he must also forward the following:

- 1) completed application form; and
- 2) relevant supporting documents such as a photocopy of his identity card (for an individual applicant) or certified true copies of the certificate of incorporation or registration, memorandum and articles of association or constitution or by-laws, and relevant resolutions (for a corporate applicant).

However, the Manager may refuse to register any partial transfer of Units if the registration would result in the transferor or the transferee holding less than the minimum investment balance of the respective Funds or such other lower quantity as the Manager may from time to time decide. The Manager may also refuse an entry of transfer during the fourteen (14) days preceding an income distribution date.

Chapter 5 – Transaction Information, Section 5.6(f) – Unclaimed Moneys

All money payable to a Unit Holder may be paid by electronic payments or cheques. However, after the lapse of one (1) year from the date of the cheque or any moneys payable to Unit Holders which remain unclaimed for such period of time, the Manager shall file and pay the unrepresented payments to the Registrar of Unclaimed Moneys in accordance with the requirements of the Unclaimed Moneys Act 1965. Thereafter, the Unit Holders are to claim such moneys from the Registrar of Unclaimed Moneys.

In the event of payment of income distribution to Unit Holders is in the form of a cheque, and the cheque is not presented for payment by the date which falls six (6) months from the date of issuance of the said cheque, the Unit Holder shall be deemed to have authorised the Manager to reinvest the moneys in additional Units as at Net Asset Value per Unit at such date as may be determined by the Manager provided always that the Unit Holder still has an active account with the Manager. If the Unit Holder no longer has an account with the Manager, after the lapse of one (1) year from the date of the cheque, the Manager shall file and pay the unrepresented payments to the Registrar of Unclaimed Moneys. Thereafter, the Unit Holders are to claim such moneys from the Registrar of Unclaimed Moneys.

Chapter 5 – Transaction Information, Section 5.6(g) – Availability of Information on Investment

After purchasing Units in any of the Funds, the value of the investment can be monitored easily as the Unit price of the respective Funds are published online daily on the Manager's website, www.rhbgroup.com.

Unit Holders will receive, in respect of the Funds in which they hold Units, an unaudited semi-annual report and an audited annual report of the Funds from the Manager within two (2) months after the end of the financial period/financial year end that the report covers. The Manager may also issue updates on the performance of the Funds either quarterly or semi-annually, or as and when appropriate.

Customers or investors may call us at 03-9205 8000 at any time during our office hours: Mondays through Fridays from 9.00 a.m. – 5.00 p.m. Alternatively, investors may e-mail their enquiries to rhbam@rhbgroup.com.

Investors may also refer to FIMM for any queries and/or concerns regarding their investments in unit trust funds.

*Investors must not make payment in cash to any individual agent when purchasing Units of a Fund.
The Funds' annual report is available upon request.*

Chapter 5 – Transaction Information, Section 5.6(h) – Dealing Hours

9:00 a.m. to 4:00 p.m. (Malaysia time) on any Business Day or such later time as the Manager may determine provided always that complete applications for the Funds are received before the next valuation point. The Manager may also vary the dealing hours as it may deem appropriate. Investors will be notified on the change of dealing hours via email or notification published on the Manager's website.

Chapter 6 – Salient Terms of the Deed, Section 6.1.2 – Rights of Unit Holders

Unit Holders shall have the right in respect of the Funds in which they hold Units, amongst others, to the following:

- (a) to inspect the register of Unit Holders, free of charge, at any time at the registered office of the Manager, and to obtain such information pertaining to its Units as permitted under the relevant Deed and the Guidelines;
- (b) to receive distributions of the Funds (if any), to participate in any increase in the value of the Units and to enjoy such other rights and privileges as set out in the Deeds;
- (c) to call for Unit Holders' meetings, and to vote for the removal of the Trustee or the Manager through a special resolution as provided for in the Deeds;
- (d) to exercise the cooling-off right, if applicable; and
- (e) to receive annual reports, semi-annual reports or any other reports of the Funds.

Unit Holders' rights may be varied by changes to the Deed, the Guidelines or judicial decisions or interpretation.

No Unit Holder shall be entitled to require the transfer to him of any assets of the Funds or be entitled to interfere with or question the exercise by the Trustee, or the Manager on the Trustee's behalf, of the rights of the Trustee as the registered owner of such assets.

Note: If your investments are made through an IUTA which adopts the nominee system of ownership, you would not be deemed to be a Unit Holder under the Deeds and as a result, you may not exercise all the rights ordinarily conferred to a Unit Holder (e.g. the right to call for Unit Holders' meetings and the right to vote at a Unit Holders' meeting). Accordingly, the Manager will only recognise the IUTA as a Unit Holder and the IUTA shall be entitled to all the rights conferred to it under the Deeds.

Chapter 6 – Salient Terms of the Deed, Section 6.2.3 – Expenses Permitted by the Deed

Fifth bullet point

remuneration and out of pocket expenses of the person(s) or members of a committee undertaking the oversight function of that Fund and/or the Shariah Advisers, unless the Manager decides to bear the same;

Sixth bullet point

fees for the valuation of any investment of the Fund;

Eleventh bullet point

the engagement of advisers of all kinds for the benefit of the Fund;

Chapter 7 – The Management and Administration of the Funds, Section 7.2 – Board of Directors

The board of directors of the Manager takes an active part in the affairs of the Manager and the unit trust funds under its management. The board of directors of the Manager meets at least once every three (3) months to receive recommendations and reports on investment activities from the committee undertaking the oversight function of the Funds, set policies and guidelines of the Manager and to review performance, financial and audit reports of the Manager. Additional meetings shall also be convened, should the need arise.

The list of board of directors are available on the Manager's website, www.rhbgroup.com.

Chapter 7 – The Management and Administration of the Funds, Section 7.4 – The Investment Committee

The "Functions of the Investment Committee" under above section is hereby deleted.

Chapter 7 – The Management and Administration of the Funds, Section 7.5 – The Investment Team

The investment team is jointly responsible for the overall investment decisions made on behalf of the Funds.

DF	CF	MDF
DVEF	MF	

The designated fund manager is Mohd Fauzi bin Mohd Tahir.

Mohd Fauzi bin Mohd Tahir ("Mohd Fauzi") joined RHBAM in February 2017 as the chief investment officer ("CIO") for equity in Malaysia. As the CIO of equity, his primary role is to set the strategic direction for the equity investment team in Malaysia, covering fund managers and analyst for both conventional and Islamic funds at RHBAM. His other roles, amongst others, include integrating the Malaysian team with the rest of RHB Group Asset Management investment team as well as ensuring the investment team operates in a prudent and compliant manner.

Mohd Fauzi has a total of 26 years of working experience in managing life, private, government linked funds as well as portfolios for retail and high net worth individuals. In his last employment, he was the executive director and head of equities for AmFunds Management Berhad. He was responsible for the investment of all conventional and Islamic equity funds. His duties included managing insurance funds as well as research of companies listed on Bursa Malaysia and also unlisted companies.

Mohd Fauzi holds a Bachelor of Accounting & Finance from Leeds Metropolitan University, Leeds, England. He is a graduate of Chartered Association of Certified Accountants (ACCA, United Kingdom). He also holds a Capital Markets Services Representative's License for the regulated activity for fund management.

Chapter 7 – The Management and Administration of the Funds, Section 7.7 – The Shariah Adviser, Roles and Responsibilities of the Shariah Adviser and Members of RHB Islamic Bank's Shariah Committee

Roles and Responsibilities of the Shariah Adviser

The Shariah Adviser is backed by the respective Shariah Committee of RHB Islamic Bank, which comprises eminent Shariah scholars from various jurisdictions. The Shariah Adviser also conducts monthly review of the Funds to ensure compliance with Shariah principle.

In line with the Securities Commission's guidelines, the roles and responsibilities of the Shariah Adviser are:

- 1) To ensure that the Funds are managed and administered in accordance with Shariah principles.
- 2) To provide expertise and advice in all matters relating to Shariah principles, including the Funds' deed and prospectus, its structure and ensure that all aspects of the Funds are in accordance with Shariah requirement.
- 3) To consult with Securities Commission where there is any ambiguity or uncertainty as to any Shariah matters.
- 4) To ensure that all applicable Shariah rulings, principles and concepts endorsed by the SACSC are complied with.
- 5) To act with due care, skill and diligence in carrying out its duties and responsibilities.
- 6) To review the report of compliance officer or any and investment transaction reports provided by, or duly approved by, the Trustee to ensure that the Funds' management business and investments activities are Shariah-compliant.
- 7) To prepare a report to be included in the Funds' semi-annual and annual reports certifying whether the Funds have been managed and administered in accordance with Shariah principles for the respective periods concerned.
- 8) To apply *ijtihad* (intellectual reasoning) to ensure all aspects relating to the Funds are in compliance with Shariah, in the absence of any rulings, principles and concepts endorsed by the Securities Commission.

Members of RHB Islamic Bank's Shariah Committee

The members of RHB Islamic Bank's Shariah Committee are the designated persons responsible for the Shariah matters of the Funds. The list of members of RHB Islamic Bank's Shariah Committee are available on the Manager's website, www.rhbgroup.com.

Chapter 7 – The Management and Administration of the Funds, Section 7.9 – Other Information

Further information on the Manager, the External Investment Manager and the Shariah Adviser is provided on the Manager's website, www.rhbgroup.com.

Chapter 8 – The Trustee of the Funds, Section 8.2.5 – Trustee's Delegate

The Trustee has appointed The Hongkong and Shanghai Banking Corporation Limited as the custodian of both the local and foreign assets of the Funds. For quoted and unquoted local investments of the Funds, the assets are held through their nominee company, HSBC Nominees (Tempatan) Sdn Bhd and/or HSBC Bank Malaysia Berhad. The Hongkong and Shanghai Banking Corporation Limited is a wholly owned subsidiary of HSBC Holdings Plc, the holding company of the HSBC Group. The custodian's comprehensive custody and clearing services cover traditional settlement processing and safekeeping as well as corporate related services including cash and security reporting, income collection and corporate events processing. All investments are registered in the name of the Trustee or to the order of the Trustee. The custodian acts only in accordance with instructions from the Trustee.

The Trustee shall be responsible for the acts and omissions of its delegate as though they were its own acts and omissions.

However, the Trustee is not liable for the acts, omissions or failure of third party depository including central securities depositories, or clearing and/or settlement systems and/or authorised depository institutions, where the law or regulations of the relevant jurisdiction requires the Trustee to deal or hold any asset of the Funds through such third parties.

Chapter 8 – The Trustee of the Funds, Section 8.4 – TMF Trustees Malaysia Berhad

8.4.6 Anti-Money Laundering and Anti-Terrorism Financing Provisions

The Trustee has in place policies and procedures across the TMF Group, which may exceed local regulations. Subject to any local regulations, the Trustee shall not be liable for any loss resulting from compliance of such policies, except in the case of negligence, wilful default or fraud of the Trustee.

8.4.7 Statement of Disclaimer

The Trustee is not liable for doing or failing to do any act for the purpose of complying with law, regulation or court orders.

8.4.8 Consent to Disclosure

The Trustee shall be entitled to process, transfer, release and disclose from time to time any information relating to the Fund, Manager and Unit Holders for purposes of performing its duties and obligations in accordance to the Deeds, the Capital Markets and Services Act 2007, the Guidelines and any other legal and/or regulatory obligations such as conducting financial crime risk management, to the Trustee's parent company, subsidiaries, associate companies, affiliates, delegates, service providers, agents and any governing or regulatory authority, whether within or outside Malaysia (who may also subsequently process, transfer, release and disclose such information for any of the above mentioned purposes) on the basis that the recipients shall continue to maintain the confidentiality of information disclosed, as required by law, regulation or directive, or in relation to any legal action, or to any court, regulatory agency, government body or authority.

Chapter 9 – Related-Party Transaction and Conflict of Interest, first paragraph

The directors and officers of the Manager, and the person(s) or members of a committee undertaking the oversight function of the Funds should avoid any conflict of interest arising, and if any conflict arises, should ensure that the Funds are not disadvantaged by the transaction concerned. Any transaction carried out by or on behalf of the Funds should be executed on terms which are the best available for the Funds and which are no less favourable to the Funds than an arm's length transaction between independent parties. In the event the interest of any directors and employees of the Manager, and the person(s) or members of a committee undertaking the oversight function of the Funds is directly or indirectly involved, he or she would abstain from being involved with any decision making process of the said transaction.

Chapter 9 – Related-Party Transaction and Conflict of Interest, HSBC (Malaysia) Trustee Berhad, first paragraph

As the trustee for the Funds, there may be related party transaction involving or in connection with the Funds in the following events:-

- 1) where the Funds invest in instruments offered by the related party of the Trustee (e.g placement of monies, transferable securities, etc);
- 2) where the Funds are being distributed by the related party of the Trustee as IUTA;
- 3) where the assets of the Funds are being custodised by the related party of the Trustee both as sub-custodian and/or global custodian of the Funds (Trustee's delegate); and
- 4) where the Funds obtain financing as permitted under the Guidelines, from the related party of the Trustee.

Chapter 10 – Tax Adviser's Letter on the Taxation of the Funds and Unit Holders

The Tax adviser's letter has been updated.

Chapter 14 – Consent

The Trustees, the External Investment Manager, the Shariah Adviser and the solicitors have given their consent for the inclusion of their names and statements in the form and context in which they appear in the Master Prospectus and this Supplementary Master Prospectus and have not withdrawn such consent.

The tax adviser has given its consent for the inclusion of its name and tax adviser's letter in the form and context in which they appear in this Supplementary Master Prospectus and has not withdrawn such consent.

MANAGER’S REPORT

MARKET REVIEW

The FTSE Bursa Malaysia Kuala Lumpur Composite Index (“FBMKLCI”) fell 0.47% month-on-month (“MoM”) to 1,415.95 points (“pts”) in April 2023 due possibly to concerns over global growth and United States (“US”) financial sector turmoil. The FBMKLCI fell 2.04% MoM to 1387.12 pts in May 2023 due possibly to lacklustre first quarter corporate reporting season and concerns over the US debt ceiling issues. The FBMKLCI fell 0.75% MoM to 1376.68 pts in June 2023 possibly due to concerns over the global economy’s slowdown and weakness in the Ringgit currency exchange.

The FBMKLCI increased by 6.01% MoM to 1459.43 pts in July 2023 possibly due to positive sentiments from the unveiling of Madani Economy Framework and National Energy Transition Roadmap. In the same month Bank Negara Malaysia (“BNM”) has decided to maintain its overnight policy rate (“OPR”) at 3.00% and Gross Domestic Product (“GDP”) growth forecast at between 4.00% to 5.00%, while the upcoming six state elections will be held on 12 August 2023. The FBMKLCI decreased by 0.51% MoM to 1451.94 pts in August 2023 possibly due to profit taking, uninspiring recent second quarterly result and slower second quarter GDP growth. The FBMKLCI decreased by 1.91% MoM to 1424.17 pts in September 2023 possibly due to profit taking activities and concerns over external factors like indications from global central bankers that interest rates would remain elevated and sluggish property market in China. BNM decided to maintain the OPR at 3.00% on 7 September 2023. The Budget year 2024 this month will be closely monitored by investors.

ECONOMIC REVIEW & OUTLOOK

BNM, in its penultimate meeting for the year held on 7 September 2023 maintained the benchmark OPR at 3.00%, citing continued expansion in the global economy supported by strong labour market conditions. However, the global growth was weighed down by elevated core inflation and higher interest rates in advanced economies in addition to the slower-than expected growth in China.

The OPR will remain accommodative as the Malaysian economy was affected by slower external demand and a decline in commodity production coupled with softened inflationary pressure at home. That said, BNM stated that risks to the inflation outlook remain highly subject to changes to domestic policy on subsidies and price controls, global commodity prices and financial market developments, as well as the degree of persistence in core inflation.

Malaysia’s Consumer Price Index (“CPI”) inflation rate remained stable at 2.00 % in August 2023 (July 2023 2.00%) on base effects. The country’s headline inflation rate

was driven by a lower increase in Restaurants & Hotels and Food & Non-alcoholic beverages. Core inflation, which excludes volatile items and those with government-administered prices, fell to 2.50% in August 2023 from 2.80% in July 2023.

MARKET OUTLOOK & STRATEGY

The equity market will still be clouded by external headwinds in the near term, considering geopolitical tensions, the US Federal Reserve's ("Fed") monetary policy and global growth slowdown. Domestically, the equity market will continue to be volatile amidst the external headwinds despite the attractive valuations, low foreign shareholdings and resilient corporate earnings growth.

In terms of strategy, we are cognizant of concerns on global economic growth and market volatility, therefore, we will focus on stocks with strong balance sheet, cashflows and good earnings growth potential, plus accumulating good quality stocks during weakness to benefit the fund in the longer term.

REVIEW OF FUND PERFORMANCE DURING THE FINANCIAL PERIOD

For the financial period under review, the Fund registered a return of 0.96%* against its benchmark return of 0.94%*. The outperformance was due to strength of the stocks holdings in the Industrials, Telecommunications and Consumer Discretionary. The Net Asset Value per unit of the Fund was RM0.4013 (31.03.2023: RM0.3975) as at 30 September 2023.

The abovementioned performance figures are indicative returns based on daily Net Asset Value of a unit (as per Lipper Database) since inception.

The calculation of the above returns is based on computation methods of Lipper.

** Effective 15 July 2017, the Fund’s composite benchmark (Malaysia DIVA Index) was changed from Maybank’s 12-Months FD Rate to FBM KLCI (50%) and Maybank’s 12-Months FD Rate (50%). The Fund’s composite benchmark performance has been adjusted to reflect the new benchmark.

A combination of benchmark/composite benchmark has been used for the performance computation as follows:

From 3 May 1999- 14 July 2017	Maybank’s 12-Months FD Rate
15 July 2017 onwards	FBM KLCI (50%) and Maybank’s 12-Months FD Rate (50%)

Note : Past performance is not necessarily indicative of future performance and unit prices and investment returns may go down, as well as up.

The above mentioned performance computations have been adjusted to reflect distribution payments and unit splits wherever applicable.

The asset allocation reflects the Fund's strategy to have maximum exposure to the investments.

SECURITIES FINANCING TRANSACTIONS

The Fund has not undertaken any securities lending or repurchase transactions for the financial period under review.

CROSS TRADE

The Fund has not carried out any cross trade transactions for the financial period under review.

SOFT COMMISSION

Soft commissions were received by the management company for the financial period under review from brokers/dealers who have also executed trades for other funds or investment managed by the management company or Fund Manager. The soft commissions were utilised for research data and materials that assist in the decision making process relating to the Fund's investment. The soft commissions received were for the benefit of the funds and there were no churning of trades.

RHB MALAYSIA DIVA FUND
UNAUDITED NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL PERIOD ENDED 30 SEPTEMBER 2023

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

The RHB Malaysia DIVA Fund (hereinafter referred to as “the Fund”) was constituted pursuant to the execution of a master deed (conventional funds) dated 12 June 2008 as amended via its supplemental master deed (conventional funds) dated 25 August 2008, second supplemental master deed (conventional funds) dated 12 December 2008, third supplemental master deed (conventional funds) dated 19 June 2009, fifth supplemental master deed (conventional funds) dated 26 April 2010, sixth supplemental master deed (conventional funds) dated 28 June 2010, ninth supplemental master deed (conventional funds) dated 7 March 2012, tenth supplemental master deed (conventional funds) dated 13 April 2012, fifteenth supplemental master deed (conventional funds) dated 30 April 2013, sixteenth supplemental master deed (conventional funds) dated 24 September 2013, seventeenth supplemental master deed (conventional funds) dated 2 March 2015, eighteenth supplemental master deed (conventional funds) dated 20 May 2015, nineteenth supplemental master deed (conventional funds) dated 3 August 2015 and twentieth supplemental master deed (conventional funds) dated 14 July 2022 (collectively referred to as “the Deeds”) between RHB Asset Management Sdn Bhd (“the Manager”) and CIMB Islamic Trustee Berhad (“the Trustee”).

The Fund was launched on 3 May 1999 and will continue its operations until terminated according to the conditions provided in the Deeds.

All investments will be subject to the Securities Commission Malaysia (“SC”)’s Guidelines on Unit Trust Funds, SC requirements, the Deeds, except where exemptions or variations have been approved by the SC, internal policies and procedures and objective of the Fund.

The main objective of the Fund is to provide total returns primarily through investment in equity and equity related securities of companies which offer potentially high dividend yields and sustainable dividend payments.

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES (CONTINUED)

The Manager, a company incorporated in Malaysia, is a wholly-owned subsidiary of RHB Investment Bank Berhad, effective 6 January 2003. Its principal activities include rendering of investment management services, management of unit trust funds and private retirement scheme and provision of investment advisory services.

These financial statements were authorised for issue by the Manager on 22 November 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of the financial statements

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss, except those as disclosed in the summary of significant accounting policies, and in accordance with Malaysian Financial Reporting Standards (“MFRS”) and International Financial Reporting Standards (“IFRS”).

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the financial period. It also requires the Manager to exercise its judgement in the process of applying the Fund’s accounting policies. Although these estimates and judgement are based on the Manager’s best knowledge of current events and actions, actual results may differ. There were no areas involving higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements.

(a) Standards and amendments to existing standards effective 1 April 2023

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 April 2023 that have a material effect on the financial statements of the Fund.

(b) New standards, amendments and interpretations effective after 1 April 2023 and have not been early adopted

A number of new standards and amendments to standards and interpretations are effective for the financial year beginning after 1 April 2023. None of these is expected to have a significant effect on the financial statements of the Fund, except the following set out below:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation of the financial statements (continued)

(b) New standards, amendments and interpretations effective after 1 April 2023 and have not been early adopted (continued)

- Amendments to MFRS 101 ‘Classification of liabilities as current or non-current’ clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity’s expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant).

The amendment is effective for the annual financial reporting period beginning on or after 1 April 2024.

The amendment shall be applied retrospectively

2.2 Financial assets

Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss (“FVTPL”), and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Fund’s debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund’s business model’s objective. Consequently, all investments are measured at fair value through profit or loss.

The Fund classifies cash and cash equivalents, amount due from brokers, amount due from Manager and dividend receivables as financial assets measured at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Financial assets (continued)

Recognition and measurement (continued)

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset. Financial assets at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the statement of income and expenses.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in statement of income and expenses within net gain or losses on investments in the period in which they arise.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of income and expenses within dividend income when the Fund's right to receive payments is established.

Quoted investments and collective investment schemes are initially recognised at fair value and subsequently re-measured at fair value based on the market price quoted on the relevant stock exchanges at the close of the business on the valuation day, where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

If a valuation based on the market price does not represent the fair value of the securities, for example during abnormal market conditions or when no market price is available, including in the event of a suspension in the quotation of the securities for a period exceeding 14 days, or such shorter period as agreed by the Trustee, then the securities are valued as determined in good faith by the Manager, based on the methods or bases approved by the Trustee after appropriate technical consultation.

Deposits with licensed financial institutions are stated at cost plus accrued interest calculated on the effective interest method over the period from the date of placement to the date of the statement of financial position, which is a reasonable estimate of fair value due to the short-term nature of the deposits.

Financial assets at amortised cost are subsequently carried at amortised cost using the effective interest method.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Financial assets (continued)

Impairment of financial assets

The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on the 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due or a counterparty credit rating which has fallen below BBB/Baa.

Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on the unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount. The Fund may write off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

The Fund's financial liabilities which include amount due to brokers, amount due to Manager, accrued management fee, amount due to Trustee and other payables and accruals are recognised initially at fair value plus directly attributable transaction cost and subsequently measured at amortised cost using the effective interest method.

A financial liability is derecognised when the obligation under the liability is extinguished. Gains and losses are recognised in statement of income and expenses when the liabilities are derecognised, and through the amortisation process.

2.4 Unit holders' capital

The unit holders' contributions to the Fund meet the criteria of the definition of puttable instruments to be classified as equity instruments under MFRS 132 "Financial Instruments: Presentation". Those criteria include:

- the units entitle the holder to a proportionate share of the Fund's net asset value;
- the units are the most subordinated class and class features are identical;
- there is no contractual obligation to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units over its life are based substantially on the statement of income and expenses of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial period if the unit holders exercise the right to put the units back to the Fund.

Units are created and cancelled at prices based on the Fund's net asset value per unit at the time of creation or cancellation. The Fund's net asset value per unit is calculated by dividing the net assets attributable to unit holders with the total number of outstanding units.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Income recognition

Dividend income from quoted investments and collective investment scheme are recognised when the Fund's right to receive payment is established. Dividend income is received from financial assets measured at FVTPL.

Interest income from deposits with licensed financial institutions is recognised on an accrual basis using the effective interest method.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial assets (after deduction of the loss allowance).

Realised gain or loss on sale of quoted investments and collective investment schemes are arrived at after accounting for cost of investments, determined on the weighted average cost method.

Net income or loss is the total of income less expenses.

2.6 Taxation

Current tax expense is determined according to Malaysian tax laws and includes all taxes based upon the taxable income earned during the financial period.

2.7 Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents comprise bank balances and deposits with licensed financial institutions with original maturities of three months or less that are readily convertible to known amounts of cash which are subject to an insignificant risk of changes in value.

2.8 Amount due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the date of the statement of financial position respectively. The amount due from brokers balance is held for collection.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.8 Amount due from/to brokers (continued)

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Fund shall measure the loss allowance on amounts due from brokers at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the brokers, probability that the brokers will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required.

2.9 Presentation and functional currency

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”), which is the Fund’s presentation and functional currency.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks, which include market risk, price risk, interest rate risk, liquidity risk, credit risk and capital risk.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated in the SC Guidelines on Unit Trust Funds.

Market risk

Securities may decline in value due to factors affecting securities markets generally or particular industries represented in the securities markets. The value of a security may decline due to general market conditions which are not specifically related to a particular company, such as real or perceived adverse economic conditions, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investors’ sentiment generally. They may also decline due to factors that affect a particular industry or industries, such as labour shortages or increased production costs and competitive conditions within an industry. Equity securities generally have greater price volatility than fixed income securities. The market price of securities owned by a unit trust fund might go down or up, sometimes rapidly or unpredictably.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Price risk

Price risk is the risk that the fair value of the investments of the Fund will fluctuate because of changes in market prices.

The Fund is exposed to equity securities and collective investment schemes (other than those arising from interest rate risk) price risk for its investments of RM6,573,885 (31.03.2023: RM6,290,362).

The sensitivity analysis is based on the assumption that the price of the quoted securities investments fluctuate by +/- 5% with all other variables held constant, the impact on the statement of income and expenses and net asset value is +/- RM328,694 (31.03.2023: RM314,518).

Interest rate risk

Interest rate risk is the risk that the cost or the value of the financial instruments will fluctuate due to changes in market interest rates. The Fund's exposure to the interest rate risk is mainly from short term placements with licensed financial institutions. The Manager overcomes the exposure by way of maintaining deposits on short term basis. Therefore, exposure to interest rate fluctuation is minimal.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations.

Liquidity risk exists when particular investments are difficult to sell. As such, the Fund may not be able to sell such illiquid investments at an advantageous time or price to meet its liquidity requirements. Unit trust funds with principal investment strategies that involve securities or securities with substantial market and/or credit risk tend to have the greater exposure to liquidity risk. As part of its risk management, the Manager will attempt to manage the liquidity of the Fund through asset allocation and diversification strategies within the portfolio. The Manager will also conduct constant fundamental research and analysis to forecast future liquidity of its investments.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Liquidity risk (continued)

The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining period from the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk

Credit risk refers to the possibility that the issuer of a particular investment will not be able to make timely or full payments of principal or income due on that investment. For investments in fixed income securities, risk is minimised by spreading its maturity profile. The credit risk arising from cash and cash equivalents is managed by ensuring that the Fund will only maintain cash balances and place deposits with reputable licensed financial institutions. For amount due from brokers, the settlement terms are governed by the relevant rules and regulations as prescribed by the Bursa Malaysia Securities Berhad (“Bursa Malaysia”). The settlement terms of the proceeds from the creation of units receivable from the Manager are governed by the SC Guidelines on Unit Trust Funds.

The following table sets out the credit risk concentrations of the Fund:

	Cash and cash equivalents RM	Other financial assets* RM	Total RM

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Capital risk

The capital of the Fund is represented by equity consisting of unit holders' capital of RM6,244,709 (31.03.2023: RM6,459,651) and retained earnings of RM635,936 (31.03.2023: RM568,013). The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unit holders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unit holders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

4. FAIR VALUE ESTIMATION

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair value of financial assets traded in an active market (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the financial period end date.

An active market is a market in which transactions for the assets or liabilities take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques. The Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each financial period end date. Valuation techniques used for non-standardised financial instruments such as options, currency swaps and other over-the-counter derivatives, include the use of comparable recent transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

4. FAIR VALUE ESTIMATION (CONTINUED)

The fair values are based on the following methodologies and assumptions:

- (i) For bank balances and deposits with licensed financial institutions with maturities less than 1 year, the carrying value is a reasonable estimate of fair value.
- (ii) The carrying value of receivables and payables are assumed to approximate their fair values due to their short term nature.

Fair value hierarchy

The Fund adopted MFRS 13 “Fair Value Measurement” in respect of disclosures about the degree of reliability of fair value measurement. This requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices)
- Level 3: Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs)

The following table analyses within the fair value hierarchy the Fund’s financial assets at fair value through profit or loss (by class) measured at fair value:

	<u>Level 1</u> RM	<u>Level 2</u> RM	<u>Level 3</u> RM	<u>Total</u> RM
<u>30.09.2023</u>
